SHOES of MERIT

IT'S in the workmanship and it's in the leather—that old-fashioned honesty. Whether you buy a kid, kangaroo, or calf-skin shoe, you know it is genuine leather. And when we say calfskin we mean the kind that grew on the back of a calf—no substitute. It's no trouble for us to guarantee a shoe that is made properly and out of a genuine leather. That's why Mechanics and Workmen buy our shoes. They are made strong, honest, and in a pains-taking manner. The stock is durable and they are made comfortable. Let us see if we can meet your requirements this season.
