KEROSENE TRACTOR

THIS IS THE TRACTOR THAT WON

Grand Prize

(The highest possible award)

at the San Francisco and San Diego Expositions

It Boosts Net Profits

WE have already told you that a Mogul 8-16 kerosene tractor does certain necessary and important farm work cheaper and better than horses can do it. One of the reasons is that it burns kerosene, which is cheaper than either gasoline or horse fuel. Another is that it doesn't get tired, but does just as much work in the last hour of a hard day as it does in the first, after working steadily all day long.

Put out of your head any idea that this tractor is not for you. It is. It offers you the best and quickest way to cut down your expenses and so increase your net profits. Come in and see the Mogul 8-16, and let's talk it over.

The 11th annual meeting of the school officers of Ward county will take place in this city March 16-17. The meeting this year promises to be the most interesting gathering of school officers ever held in the county. Every school officer in the county will in all probability be in attendance and much good will undoubtedly result indirectly for the betterment of our public schools.

Mike Muir, of Spokane, Wash., was in the city between trains Wednesday. Mr. Muir left Spokane Feb. 5 for Melrose, Minn., called there by the death of his mother, a lady 86 years of age. Mike is a former resident of Burlington, being one of the pioneers of this state. On his way back from Minnesota he visited his son-in-law, D. C. Curran of Sanish, to see a new granddaughter who put in her appearance about two weeks ago. Mike was on his way to Burlington to see his old friends and neighbors. He was accompanied by "Bud" Conan, son of Mr. and Mrs. Dan Conan of Sanish, who is going to Burlington for a visit with his grandparents, Mr. and Mrs. Dan Conan, Sr. Mr. Muir says that while the west has many advantages over North Dakota he still has a warm spot in his heart for this state. Mr. and Mrs. Jim Johnson are guests at the Muir home in Spokane.
