

## Sterling Value Fortifies Its Beauty

"Looks" alone never sold a good motor car. While the Dort could hardly be improved for beauty, nor for a personality, a Fifth Avenue elegance, that make it welcome on exclusive thoroughfares anywhere—the man who wants service is the man for whom it was originally built. Its cylinders are cooled independently; it is the only car in its price-class carrying the Westinghouse electric system; clutch and brake are combined in a single foot-pedal. The Dort crankshaft and rear axle are extra-heavy; fenders and bonnet are squeak-proof; and in equipment it is complete to the last detail.

Value like this makes the Dort price of \$665 one of the most reasonable reasons in the world for owning it.

The Dort name-mark on the radiator of your car is its stamp of worth—the symbol of motor car goodness. It signifies the responsibility of its manufacturers, the continued service it will render to you, and the abiding value of the mechanical parts which compose it. It is the visible pledge of the maker for the satisfaction which his product will give its users!

## SHORB BACK FROM CIVIC CONFERENCE

Surrey Young Man Represented State University in Successful Meeting in Eastern Cities.

From a recent issue of the Student, the North Dakota University publication, we clip the following article which concerns a Surrey young man, Paul E. Shorb, son of Mr. and Mrs. D. M. Shorb, who was honored by being selected to represent the University in the annual meeting of the Intercollegiate Civic League.

"Axel T. Aronson and Paul E. Shorb, the delegates of the University Civics Club to the Intercollegiate Civic League meeting have but recently returned from the two-day meeting of that League which was held on April 29th in Washington, D. C. The North Dakota delegates report a most interesting and valuable trip to the national meeting. The trip also included sight-seeing in the larger cities of the east. Chicago, Niagara Falls, New York, Washington, D. C., Mt. Vernon and Baltimore were visited by the delegates.

"The delegates left here immediately after vacation, visiting in Chicago a few days before they went on east. In Chicago several old U. N. D. students were visited, among them being Andy Carr and Cyril Glaspel, Fred Brockhoff, Alfred Johnson, Joseph Koucky and James Thompson. From Chicago, the fellows went to Niagara Falls by way of Detroit. Thence to Buffalo and on to New York, arriving there on Wednesday morning. The time from then until the meeting on Friday was spent in sightseeing and visiting. The Chamber of Commerce, Ft. Ellis Island, and the National Art Museum were among the points of interest visited by the N. D. boys.

"Friday the intercollegiate meeting started. The session was opened by a reception and luncheon at the Faculty Club of Columbia University. Prof. Beard of Columbia presided at this luncheon. Immediately after luncheon the reports of the various members were given. About twenty universities were represented at the meeting. The attendance this year was smaller than usual because of late changes in the administration of the Intercollegiate association. Mr. Shorb made the report of the North Dakota University Club."

## Western Electric WASHER and WRINGER

In 90 minutes this machine will do the average family washing at only a cost of 3 cents for electricity.

It washes the clothes spotlessly clean without the wear and tear of the wash-board.

Think of having a machine that will relieve you of that rub, rub, rub of the wash-board and the grind of the wringer.

The Western Electric Washer and Wringer uses no friction, it simply forces the hot suds through the clothes until they are sweet and clean. Attach to any electric lamp socket.

Come in to-day and let us show you the new machine.

We will send it to your home for 15 days' free trial.
