Burlington

Messrs. Hogg and Gross have made arrangements to plow three sections of land in Montana which will be placed in shape for cropping to flax next season. This immense tract of land will require an enormous amount of labor, a crew of men with a big Case tractor will be busy the balance of the summer breaking the ground, discing and harrowing. Work will commence at once.

Miss Kelley's room of our local schools held their closing exercises Tuesday afternoon. There was a large attendance of visitors and the pupils of the other rooms attended in a body.

H. T. Hogg is in the Twin Cities this week on business connected with his big undertaking in Montana.

Miss Hazel Hogg, who has been quite ill for the past fortnight, has fully recovered and was able to return to school Monday.

J. F. Casteel is laying cement walks about his residence this week.

Contractor Harry Miller has a force of carpenters engaged in building a porch around the Werner residence on Main street.

Miss Molstad, of Minot, is a visitor at the H. A. Kluver home. "Clean Up" Burlington was generally observed thruout the village Tuesday and we are in line for the leather medal for having the nearest approach to a "Spotless Town" in Ward county.

Six of our local youths volunteered to clean up Main street Tuesday and now if any passing tourist claims to have picked up even so much as a common carpet tack while traversing our streets he will have to "show" the boys that it came from Burlington.

The closing exercises in Miss Lonne's room were held Wednesday afternoon and were very fine indeed.

Wesley Drummond passed the tenth milestone of his young life last Friday and in the evening about twenty of his young friends gathered at the Drummond home and proceeded to a befitting celebration of the event.

The smile all the pupils of the schools are now wearing is a consequence of the near approach of the close of school. Mr. Cree, who bought W. E. Gross' "Tin Lizzie" recently, met with what might have proved a serious accident one day this week. The pestiferous critter for some unaccountable reason, or possibly no reason at all, turned turtle and spilled its five occupants along the highway, fortunately with no results more serious than a general shaking up, together with some bruises and scratches.

Mrs. Drummond is preparing to move back on the Drummond farm and thus Burlington loses another one of her best families.

Mrs. F. V. Bryant of Tasker was in town shopping one day this week.

Mr. and Mrs. Frank Havlicek of Minot have moved here and we understand they contemplate the erection of a residence in the near future.

J. F. Casteel, the cement contractor, has a force of men excavating a cellar beneath the Werner residence this week.

Ira Stoddard was a business visitor to Minot Tuesday.

C. L. Smith of Minneapolis, a former Burlingtonite, and Jourgen Olson of Minot were visitors to our bustling little city Wednesday. Lou was kept busy shaking hands with his old friends and taking in the many municipal improvements which have been made since he left here a year ago.

A Patriotic and Memorial service will be held at the Presbyterian church next Sunday evening. Attorney D. H. Carroll of Minot will deliver the address and a special program of songs has been prepared for the occasion. The exercises will begin promptly at eight o'clock and everyone in Burlington and surrounding country is cordially invited to attend. The occasion will be the first public appearance of the newly organized choral society and we are assured of an exceptional array of talent in the musical and vocal numbers. We give the program which you will please clip out of our items if desirous of having the full program as it will be rendered on Sunday evening:

Chorus—The Battle Hymn of the Republic.
Chorus—The Star Spangled Banner.
Reading—Psalm 46—Professor Talbot.

Solo—Norma Devol.
Prayer—A. B. Hills.

Solo—E. E. Devol.
Patriotic Address—Attorney Dorr Carroll, Minot.

Solo—Mrs. Chas. Wistrom.
Patriotic Offering.

Chorus—My Country 'Tis of Thee.
Dismissal.

Miss Norma Devol celebrated her eleventh birthday Saturday afternoon, entertaining her friends with a delicious luncheon in her home, after which the merry-makers adjourned to the lawn, where games were the principal diversion for the remainder of the

day. Miss Devol was the recipient of many beautiful presents from her young friends. About 50 of the young people attended.

L. D. Colton purchased an attachment for his Ford car from Louis Groshans which converts the machine into a tractor which is said to be much more efficient than an outfit of horses. We expect to be able to give more particulars regarding this splendid device in a later issue.

Front flap folds downward, making reference to contents easy. Half-closed ends keep smallest papers from slipping out. Pocket stands erect in cabinet and cannot slump like ordinary folders. Index always in sight.

Bushnell's Style "C" Paperoid Vertical File Pockets
