**Burlington**

Mrs. George Pedlar, Art Volkman, E. A. Madson, J. F. Casteel, John Perlicheck and Paul Peterson were Minot visitors Saturday.

Mr. and Mrs. E. E. Devoil and Mrs. J. S. Wallace were in Minot Saturday for a day's shopping.

Barney Schmidt and Barney Theurer went to Minot Saturday to make a test of the city water and look up certain other municipal improvements made there during the past year.

Mrs. Peter Larson was taken to a Minot hospital for an operation on Wednesday of last week. At last reports she was doing nicely.

Mrs. Gunder Kively was taken to a Minot hospital Saturday where she is seriously ill.

Mr. and Mrs. Barney Theurer were Minot visitors Monday. Barney returned on the evening train, but Mrs. Theurer remained for a visit at the home of Mr. Theurer's parents.

The Miners' hall at the opera house Saturday evening was one of the greatest events of the kind held in Burlington in years. There were 110

couples present and fully \$75 was realized after paying all expenses. This sum was contributed to the Burlington Red Cross society. Quigley's orchestra furnished the music, which in itself was a guarantee of the success of the venture. The miners are sure a loyal bunch of men and whenever they undertake anything you can bet it's a winner.

The entertainment at the opera house Friday evening was pronounced by many who were present as the best local talent performance they had ever witnessed. It would be impossible to mention any of those taking part without referring to all, as each one was perfect, showing that the directress, Mrs. Charles Wistrom, had trained her charges most admirably. The condition of the roads undoubtedly prevented many from a distance being present but the townspeople turned out and the opera house was filled and standing room was at a premium. There is a possibility that the entertainment will be repeated here, and in all probability arrangement will be made to give this entertainment at Tasker and Foxholm. The Junior Red Cross realized over sixty dollars from their entertainment.

Supt. Botsford of the McMillan Investment Co., which is operating the Davis mine, was a Minot visitor Monday.

Mrs. J. P. Wallace went to Minot Tuesday on a shopping expedition.

Mrs. Jack Lehman of the Larson mine made Minot friends a short visit Tuesday, returning on 105 Wednesday.

Henry Olson was in Minot Tuesday taking in the sights.

Herman Genz, who lives on the John Werner farm, is in Minot serving as juror in District court.

Elmer Kind, Emil Wistrom and Jack Campbell were Minot visitors Wednesday.

Miss Ellen Knickerberg who is spending the winter here with friends attended the telephone operators' ball at Minot Monday evening, returning home on 105 Tuesday.

Alvin Miller and Walter Potter left for Minneapolis Monday where they will take the examination for enlistment in the naval service.

J. Y. Millar is clerking at the C. A. Bugge store.

J. C. Scott returned from a Minot hospital Friday. He has been under treatment there for the past three weeks and will be obliged to return Sunday for an operation.

Miss Irene Thomas, the primary teacher, has been confined to her room by illness the greater part of the week.

Mrs. Vicor Nelson left Sunday for Spokane upon receipt of a telegram saying that Mr. Nelson's condition is very serious. It is to be hoped that Victor recovers and that he may return with Mrs. Nelson soon.

Mrs. Walter Powell of Grand Forks is visiting at the home of her mother, Mrs. McAfee.

On February 23 the Miners' Union will give another grand ball at the opera house and it is to be hoped that their success last Saturday may be repeated. Watch for hand bills and full information. Quigley's orchestra will furnish the music, you may be sure.

Miss Norma Devoil is on the sick list this week.

Miss Margaret McAfee came up from Minot to attend the Miners' ball Saturday evening and remained over Sunday at the home of her mother, Mrs. McAfee. Miss Mararet is a telephone operator at Minot and consequently was interested in the telephone girls' ball at Minot which was held Monday evening. She brought along a supply of tickets and sold all she had—30—and might have sold a dozen more had her supply not run out. The Burlington people are in sympathy with the operators and feel that they are entitled to a raise in salary and any time they can give their cause a boost they are ready and willing to do so.

Mrs. O. L. Spires and Miss Mary McAfee have taken charge of the boarding house at the Dakota Coal Co.'s mine at Tasker and went up there Sunday to open the house. The "boys" can be sure of a good line of "chuck" so long as these two experts are in charge.

W. E. Gross, Harry Miller and Paul Peterson attended the telephone operators' ball at Minot Monday evening and report a fine time.

Adrian Hills was in Minot on business Wednesday.

Mrs. H. A. Kliver and H. J. Johnson with her children were the guests of Mr. and Mrs. Jim Johnson of Minot Wednesday.

**NORWICH ITEMS.**

Elmer Buffham, who a short time ago went to Minot for an operation, returned Saturday morning looking fine.

Mrs. E. W. Stubbins was a passenger to Granville Saturday and spent the day with Mrs. Clayt Stubbins who is ill with rheumatism.

J. S. Reilly returned Monday from Voltaire, where he has visited the past week with his daughter, Mrs. Martin Skov.

Chris Anderson arrived home a few days ago from an extended trip in the east. We understand he visited at one of his sons is located.

James O'Brien and wife visited Mr. and Mrs. Frank Dickey Sunday.

The Ladies knitting bee met with Mrs. Ed Duckett Tuesday and will gather at the home of Mrs. Alfred Lee the coming Tuesday.

James O'Brien had the misfortune to lose a valuable two year old colt, it being hooked by one of the cows while he was gone. It was still alive when he reached home but was injured so badly it was necessary to kill it.

A large crowd attended the Red Cross meeting Friday and much work was accomplished. A nice lunch was served by the teachers of Norwich school. Though not in the general order of the work, it came in the form of a treat. Mrs. Heringen, Mrs. Lee and Mrs. Hovey have also given us a surprise in the form of cake and hot coffee which we all enjoyed immensely. The following is a list of articles sent from this place of which we are justly proud: Hospital bed shirts, 114; 49 pairs knitted socks; 45 suits pajamas; 16 bandage foot socks; 25 jaw bandages; 8 knitted scarfs; 18 operating caps; 60 comfort pillows; 24 napkins made of old linen; 24 comfort kits; 7 Christmas packages.

**For Those Over There --- and You Over Here**

Each day of the war brings more forcefully to us the necessity for food conservation. Every ounce of Meat, Wheat, Sugar, Fats, etc., saved by each family, when multiplied by the thousands of families in the land, means millions of pounds more of food for those "over there"—and a wiser diet for those over here.

**RED CROSS MAKES BIG SHIPMENT TO COUNTY CHAPTER**

Des Laes Observer—That the Des Laes branch of the Red Cross is holding its own, and that its workers are among the most energetic and patriotic in the county is fully demonstrated by the last consignment of articles which consisted of the following:

28 hospital bed shirts.  
50 pairs of socks.  
16 pairs wristlets.  
57 sweaters.  
8 scarfs.  
4 1-3 dozen comfort socks.

We gratefully acknowledge receipt of 6 tray clothes and 30 soft unhemmed clothes donated by the Rolling Green W. C. T. U.

To all who have assisted in this work the chairman wishes to state that the work was highly praised at the county chapter. It was pronounced among the best if not the best work sent in by any branch. This should encourage us to begin again with renewed energy.

In our notes last week we omitted mentioning our pressing and packing committee appointed by the chairman, namely, Mrs. Jas. Tunstall, Mrs. A. Emerson and Mrs. T. M. Filbert.
