August 7th, 1918

The Board met at 9 o'clock A. M. as per adjournment with Commissioners Rohe, Hennessy and Powell present. Commissioner Vandenever absent. Commissioner Rohe in the chair.
The Board proceeded to check up applications for abatement of taxes and at 10 o'clock adjourned, to meet again at 2 o'clock P. M., to inspect the bridge on the Minot-Burlington road in section 7, Harrison Township, said bridge having been reported in very bad order.

Afternoon Session

The Board met at 2 o'clock P. M. as per adjournment with Commissioners Vandenever, Hennessy, Rohe and Lokensgard present. Commissioner Powell absent. Commissioner Rohe in the chair.
This being the day set in our advertisement to open bids for coal, it was moved by Commissioner Vandenever, seconded by Commissioner Lokensgard that the Board proceed to open bids.

Motion carried.
The following bids were opened:
Bid of J. A. Wilson for lignite coal at \$4.50 per ton.

Bid of the Pioneer Fuel Company for lignite coal at \$4.80 per ton at court house and \$3.90 on track.
Moved by Commissioner Hennessy, seconded by Commissioner Lokensgard that the bids of J. A. Wilson and the Pioneer Fuel Company for coal for Ward County, be rejected, for the reason the Board believes the price too high, and the Auditor instructed to return certified checks accompanying bids.

Motion carried.

At 1:45 P. M. Commissioner Powell reported present.
Moved by Commissioner Vandenever, seconded by Commissioner Hennessy, that the compromise offer of the J. I. Case Threshing Machine Company for abatement of property and interest on taxes on leased site in the city of Minot, for the years 1908 to 1915, inclusive, in the sum of \$15,572.22, be accepted, said sum being the original tax on said site for the years 1908 to 1915, inclusive, for the reason the said taxes were in dispute as to their legality, and for the further reason that this Board believes it is better for the County to accept said compromise offer, than to take the matter into the Courts, and that this application be referred to the State Tax Commission, and that upon the payment of \$15,572.22, the Auditor be instructed to make the proper corrections and the Treasurer instructed to issue receipt.
Motion carried.
Moved by Commissioner Vandenever, seconded by Commissioner Hennessy,

Old Time Bought and Sold

We have gone into the automobile shoe repairing business, and have installed a plant and machinery separate from the shoe repairing for the purpose. Our method of shoe repair consists of sewing with hand and machine, and using a road shoe tire and the outer rim cut of a worn-out tire, with a good tread. No glue or rivets are used. **Look up and ship us some of your old shoes. We can save you some money. The machine is used for sewing tires on.**
