

How to Judge a Phonograph Follow This Way of Brunswick Owners

Before you buy a phonograph, we suggest hearing several. It will be to your advantage to make tone tests yourself.

Please do not think that this is difficult or that it takes a musically trained ear.

In over 300,000 homes music lovers enjoy The Brunswick because they have followed the above advice. Critical people have chosen Brunswicks because they have come to appreciate the betterments afforded by the Brunswick Method of Reproduction.

You need only hear The Brunswick play several selections — you need only compare it with one or two other phonographs and you will appreciate the tone qualities brought about by the Brunswick Method of Reproduction.

Brunswick
AMERICAN TYPECASTING CO. INC.

Come in and find out for yourself. You cannot afford to make a mistake and it costs you nothing to be sure.

13 First Street S.W.

The Most Complete Stock of Paints, Varnishes and Enamels in the State

This is the statement that an experienced paint man made in our store a few days ago, as he examined our stock of paints, varnishes and enamels. It was an unprejudiced statement, for the salesman represented another line of goods.

When you go into a paint store, it is worth something to know that no matter what particular kind of paint you need, you can get the exact article that will render the best service for this particular purpose.

THE AD-EL-ITE LINE OF PAINTS IS ONE OF THE MOST COMPLETE LINE OF QUALITY PAINTS IN THE WORLD

Do you think that owners of twenty story hotels, office buildings, club houses, apartment buildings from Coast to Coast would use AD-EL-ITE GOODS if they were not convinced after a most thorough and pains-taking investigation, that they were the best obtainable. It is not a question of price with these people. The only question is quality.

PAINT IS A SPECIALIZED LINE OF GOODS and an exclusive paint store with a complete stock of paints is the best place to get real paint service. You would not go to a department store to get your teeth pulled, or to a tailor shop to get a luncheon. If you want to be sure to get the exact kind of paint you need for a definite purpose

THE WARD COUNTY INDEPENDENT

Published Every Thursday By
T. W. K. COLSON
Minot, North Dakota

Entered June 18, 1902, as Second Class Matter at the Postoffice at Minot, N. D., under the Act of Congress of March 3, 1879.

River Keeps Steadily Raising—Out of Banks in Places

B. E. Mouck, prominent dairyman from west of the city, was in town this morning and stated that within 72 hours, the Mouse river has raised at his place sixteen inches. It is creeping steadily upward and if it goes up two feet more his farm buildings will be entirely surrounded by water. It will have to go up 9 feet before it reaches the floor of his house. He is getting ready to move his stock and some effects but if the river continues to raise.

In the city of Minot, the river is up out of its banks in several places, but no damage has yet been done.
