## "NOW-A-DAYS"

says the Good Judge

A man can get a heap more satisfaction from a small chew of this class of tobacco, than he ever could get from a big chew of the old kind.

He finds it costs less, too. The . good tobacco taste lasts so much longer he doesn't need to have a fresh chew nearly as often.

Any man who uses the Real Tobacco Chew will tell you

Put up in two styles

W-B CUT is a long fine-cut tobacco RIGHT CUT is a short-cut tobacco

OLD TIRES BOYGHT AND SOLD We have gone into the automobile tire repairing business, and have installed a plant and machinery separate from the shoe repairing for this purpose. Our method of tire repairing consists of sewing with linen thread two old tires of the same size together—the inner being a read-worn tire and the outer a rim cut or blown-out tire, with a good tread. No wire or rivets are used. Look up and ship us some of your old tires. We can save you some money. The machine is used for sewing tires only.
