

Training School Wins Sweep Stakes at Missouri Slope Fair
Former Governor, J. M. Devine, who has been superintendent of the Training School at Mandan for the past five years, visited with friends in Minot for a short time Tuesday morning. Mr. Devine is making a fine record with his boys and girls at the school.

The Training School had an exhibit of 42 varieties of vegetables at the Missouri Slope Fair at Mandan, all of prize winning quality. The exhibit included three kinds of pie pumpkins, one of which weighed 87 pounds; 3 kinds of squashes, watermelons, weighing up to 32 pounds, canteloupes, muskmelons, 4 kinds of beans, three varieties of corn, 3 kinds of cabbage, a head of the Flat Dutch weighing 12 pounds. There were exhibits from Canada and several of the counties of North Dakota yet the Training School won 28 first prizes, 7 seconds and one third. Supt. Devine and his boys demonstrated that they are real gardeners. The school won first on a Duroc Jersey boar, second on its Holstein bull and two first on White Leghorn poultry.

The school has farmed 155 acres the last three years and although there was but little rainfall, raised on an average of \$11,000 worth of crop each year. Corn is the most profitable crop raised by the institution. The N. W. Red Dent and Gehu Flint are the varieties grown. The 38 acres of corn grown last year produced according to the local markets, a crop worth \$2,985.00. This included 80 tons of ensilage, 20 bushels of seed corn, 150 bushels of snap corn for hogs and 14 tons of fodder. Fifty acres were grown this year and a like result obtained. Two acres of navy beans produced 16 bushels. There have been two cuttings of Sudan grass, which grew 1 1/2 feet tall. One acre of sorghum was sowed and 8 tons of fodder were taken off. Its good feed. Sugar beets were tested out this year. They appear to be of good quality but a trifle large.

Two Good Hunting Stories
Rev. F. W. Erickson is a real hunter and nobody dares dispute his claims out of respect for the cloth. While hunting last week, he brot down eleven ducks by firing seven shells.

This recalls a hunting story told by Dudley L. Nash, prominent Minot lawyer. Mr. Nash does not hunt any more and he explained the reason to a friend in this fashion:

"Years ago I was a practicing lawyer at White Earth, N. D., and went out after chickens. I took two boxes of shells along, 25 shells to the box. Hunting was good. There seemed to be chickens everywhere. When I got done shooting, I threw my birds in the buggy and drove back home. When I counted them, I found that with the 50 shells I had killed exactly sixty-three chickens. I just concluded that that wasn't hunting, it was slaughter, so I threw my old gun away and haven't done any hunting since."

Miss Eldridge Nelson, music instructor in the Minot schools, spent Saturday and Sunday with relatives and friends at Carpio.

LOST!

A cheque book and two warrants for Ernest Busch of Sawyer, N. D., on Sunday, Sept. 19, 1920. One warrant was for \$112 or over that amount, and the other was for \$30.50 and was signed by Mark Francis.

The Autumn Styles in Men's Fine Hats Are Now on Display Awaiting Your Inspection

All the newest foreign and domestic creations will be found in our large assortment of

Velours, Beavers and Felts

The very finest hats in the country are produced in the shops of Crofut & Knapp. This is evident while the leading stores of the largest cities such as Dobbs of New York, Capper & Capper of Chicago and Minneapolis, and The Mens Shop of Minot, feature them almost exclusively. They excel because only the better grades of FUR are used in their manufacture. They are largely HAND MADE. The shapes are woven into them by real artists, instead of being sandbagged into them over a wooden form. The result is MORE GRACEFUL LINES, LASTING SHAPES, BETTER SERVICE. The hats referred to are truly wonderful. It will be a pleasure to show them.
