

Second Group of Boys Entertained By Rotary

The boys from the Junior class of the Minot high school were entertained by the Rotary at luncheon Monday. The guests included thirty-five. Supt. L. A. White was chairman and the visitors contributed some unusually interesting numbers including a Saxophone solo by Donald Schreppel and some fine selections by the Junior Four, Walter Fichteneau, Raymond Zlevor, Donald Schreppel and Merrill Bacon. The young men have a classy little orchestra. Interesting talks were given by Harold Goldberg, president of the Junior class; Fred Morgan, who spoke on athletics and Mr. Laskowski, on the value of an education. The young men gave their class and school yells and led in singing from a specially prepared song sheet.

Rev. F. W. Erickson spoke in behalf of the Rotary and gave the boys some good advice in making their preparations for life. When Mr. Erickson was a woodsman, he learned that the man who remained in for an hour in the morning sharpening his axe, was away and ahead of the fellow who rushed out to the woods unprepared, before the day was over. He referred to Roosevelt, the champion of fair play and to the other of greatest Americans, Lincoln and Washington.

Governor R. A. Nestos spoke to the boys and told them that the most important work that Rotarians consider there is to do, is to work with our boys. He impressed them with the responsibility that has been placed on them by their elders. "The more I see of Rotary Clubs elsewhere, and the more I meet with Rotarians, the more pleased I am that I am a member of Rotary."

Governor Nestos, who is a member of the Minot Rotary, has turned down all invitations to speak outside of our state, but Monday signified his willingness to accompany the Minot Rotarians to Duluth to the annual conference, March 18 and 17, there to deliver an address.

The attendance prize, a pair of gold cuff links, purchased by Lee Beeler from Harry Winters, the jeweler, was won by Mr. Winters. As the drawing was made by two guests, Carl Carlson and Fred Truax, it can hardly be charged that there was anything crooked about the drawing.

Cardinal Ratti Elected Pope

Cardinal Achille Ratti, archbishop of Milan, has been elected pope in succession to Benedict XV. He has taken the name of Pius XI. The 52 Cardinals came to a decision on Feb. 6, Cardinal Ratti receiving 38 votes, or more than two-thirds majority. Cardinal Ratti was asked in Latin if he would accept and he replied: "Since it is the will of God, I must obey". Then the purple canopies over the thrones of the cardinals, one by one, were let down until only that over the new pontiff remained. The new pope was then vested with the papal garb, including white cassock, white sash, a red and gold mozetta and finally the stole of red worked with gold, together with white stockings and red slippers. The cardinals made their first adoration to his holiness, kissing first his feet then his hands, after which the pope received them in embrace.

The new pope was born in Italy in 1858. He was librarian at the Vatican and during the past year has been archbishop of Milan. He is a splendid appearing man of fine physique and is said to have liberal tendencies.

Mrs. Anna Nelson Died Sunday—Remains Shipped to Iowa

Mrs. Anna Nelson, aged 64 years, passed away at the home of her son, Carl Nelson, 418 N. Main St. early Sunday morning from apoplexy. The remains, accompanied by her son, were taken to the old home, Goldfield, Iowa, Tuesday afternoon for interment. Funeral services were held at Van Fleet's undertaking parlors Tuesday at 2 o'clock, Rev. P. W. Erickson, pastor of the Presbyterian church, preaching a comforting and eloquent sermon. Quite a number of the friends of the family attended the last sad rites. The floral tributes included a beautiful floral design from the De Molay Commandery and the Tyrian Chapter, Royal Arch Masons, of which bodies the son is a member. The pall bearers were members of the Commandery.

Mrs. Nelson is survived by her son, Carl, who is the water tester for the Great Northern Railway Co., and a daughter, Mrs. Guy Britch, both residents of this city. She was a most remarkable mother and she is mourned by a host of friends.

Bert Wells was arrested by the police charged with robbing the Taylor Drug Co. He has been bound over to district court under \$5,000.00 bonds. Wells is an old offender. In 1917 State's Atty. Herigstad states he was sentenced to the penitentiary for one year and three months for grand larceny. Wells is said to have confessed his crime to the police.

Verdict of \$10,300.00 Against Dr. Stone of Balfour

The case of Robert Schmidt of Ruso against Dr. E. C. Stone of Balfour was tried in District Court in Townner last Thursday and Friday, the jury rendering a verdict for \$10,300.00 in favor of the plaintiff. Dr. Stone was sued for malpractice, it being alleged that in removing the tonsils of Schmidt's daughter seven years ago, he removed also the uvula, a small projection protruding from the throat. The girl was eight years of age at the time her tonsils were removed and it was alleged that the removal of the uvula permitted particles of food to find their way into the nose and into the breathing passage through the larynx. It was also alleged that the operation resulted in making it difficult for the girl to speak distinctly.

Dr. Stone denied that he performed the operation. Expert witnesses were presented to prove that even had the uvula been removed it could not have possibly have done any harm. Dr. Johns of Velva was placed on the stand by the plaintiff and Dr. A. D. McCannell and Dr. H. M. Erenfeld of Minot by the defense.

McGee and Goss represented the defendant and E. R. Sinkler appeared for the plaintiff.

The amount of damages claimed was \$20,000.00. The case will be appealed.

He will rebuild his home early in the spring. Mrs. Jones, who has been ill, is in Minot for the present and Chauncey is staying with the neighbors and looking after his stock. After the fire, it was found that about the only thing that had been saved was a hundred or more cans of fruit in the cellar. Neighbors had thrown snow on the burning structure, thus saving the fruit.
