MINOT NORMAL SCHOOL BEGINS ITS TENTH YEAR MONDAY

The State Normal School at Minot opens its tenth session Monday, Oct. 2nd, under new leadership and with good prospects of a large attendance. The faculty has been reorganized and enlarged and the Board of Administration is advertising for bids for the construction of the new wing for which the legislative assembly has appropriated \$100,000.

The State Board of Administration has placed at the head of the institution, George A. McFarland, M. A., L. D., well known in the state as president of the State Normal School at Valley City, Assistant State Superintendent and Superintendent of Schools at Williston.

Superintendent J. W. R. H. DeLa, B. S., of the Drake schools has been secured to conduct the classes in mathematics. Mr. DeLa is a graduate of the Agricultural College of South Dakota and has several years experience as a teacher and administrator of schools.

Miss Sabina Kretschman of Hankinson, will teach the so-called commercial branches. She is a graduate of the Hankinson High School, the State Normal School at Aberdeen and of the Commercial Course of the latter institution. She has had much experience as a teacher the past two years in the High School at Williston.

Mr. Gwynne Burrows, B. A. M. A., will have charge of music. He is a graduate of the State Teachers' College, Kirksville, Mo., and took his Master's degree at the State Teacher's College, Greeley, Col. His experience in public school music has been had at such cities as Boise, Ida., and Grand Rapids Michigan. He sings and plays the violin and will conduct all musical activities at the Normal School.

William A. Gordon B. A. M. A., Ft. Wayne, Indiana, takes charge of the work in Manual Training. His first degree is from Goochen College and the second from Harvard. He has had extended experience as a teacher and supervisor of vocational subjects. For two years he was supervisor of this work in the state of Arizona.

Adah Lee Strasser B. S., will be critic of the work of the Fifth and Sixth grades. She is a graduate of Southeastern Missouri Teacher's College and Chicago University, and a teacher of these grades for some years at Webster Groves, Mo.

George N. Sleight, B. Pd., A. B., Ph. D., will have charge of the training school and teach classes in Theory of Education. He is a graduate of Teacher's Training College Albany, N. Y., of Williams College, Mass., and of Chicago University; experience of ten years as Principal of Northwestern Academy, Elgin, Ill., and Superintendent of the school of Petersburg, Fla., qualifies him splendidly for the important phase of normal school work.

Carl E. Bublitz, B. S., Valley City, N. D., will give instruction in Agriculture and take charge of men's athletics and Physical Education. Mr. Bublitz is a graduate of the State Normal School, Valley City, and the Agricultural College at Fargo. He

conducted the same work at the Drake High School.

The following well known instructors will return to their accustomed places in the school:

Mrs. Florence C. Perrett, B. A., Psychology.

Hazel McCulloch, B. A., History and Social Science.

Huldah L. Winsted, B. A., M. A., Geography, Librarian and Registrar.

Eleanor C. Bryson, B. S., Home Economics.

Julia G. McDonough, B. A., M. A., English.

Grace Nebold, B. S., Science.

Lulu Potts, B. A., Physical Education.

Mary G. Rud, Ph. B., First Grade critic.

Edith Clarke Wood, Second grade critic.

Mrs. Margaretha Davis, Third and Fourth grade critic.

Shirley D. Almy, Fifth and Sixth grade critic.

Elsie J. Cook, Seventh and Eighth grade critics.

Mrs. G. C. Trevarthan, in charge of the dormitories.

Chrissie E. Budge, Business Secretary.

The Minot State Normal School is to open its tenth annual session next Monday morning. President McFarland reports that inquiries from intending students are numerous and that reservations at the dormitory exceed those of any preceding year.

Many students will enter late on account of the retarded threshing operations. Others will be kept out the entire year because the price realized on the crop has been insufficient to permit families to realize their ambitions to send their young people to school.

There will be many calls in consequence from normal school students for places to work to pay for room and board or to do odd jobs to partially pay living expenses so the president says citizens of Minot can cooperate helpfully with the school by offering work to students through the office of the school.

Many more are expected than can be accommodated at the dormitory. Homes not too remote from the school who can rent rooms to students or offer them board and room may help materially in the work of the institution by calling the office of the normal school and telling what they have to offer.

Graduates of a high school who reside in Minot should know that they can accomplish two years of college work at the Normal School work that would be accepted later by any college in the country towards a Bachelor's degree. If for any reason parents find themselves unable to send their children to college or are unwilling to permit them to leave home, they should realize that two years of strong college work can be secured at the Minot State Normal School at a minimum of expense.

W. E. Byerly of Velva, chief game warden for this district, was checking up on the hunters north of Granville Sunday.

NEW TRINITY HOSPITAL

OCT. 9 DATE FOR LAUNCHING NEW TRINITY HOSPITAL DRIVE

The Trinity Hospital association, sponsoring Minot's new \$250,000 hospital, is working out the details for launching a drive in Minot Oct. 9 for the purpose of raising approximately \$100,000. Of the total cost of the big institution, Minot is expected to contribute \$150,000 and of that amount more than \$55,000 has already been raised through voluntary contributions.

In the proposed campaign, which will last several days and during which the entire city of Minot will be appealed to, contributions of from \$25 to \$1,000 will be sought. A representative committee of Minot men will have charge of the drive and officers of the association are now selecting captains of the various teams which will do the actual soliciting. Those who have agreed to serve in this capacity to date are Theodore Myers, Aksel Bratsberg, Matt Ringen, John J. Lee, C. D. Aaker, Max Johnson, K. T. Hagen, Anthony Walton and Julius Lund. Others will be appointed during the next few days and a committee of ladies will also be selected to assist in the soliciting.

Unlike many promotions of this nature, the Trinity Hospital association has not employed professional promoters. Men from Minot and Minot's trading territory were responsible for the launching of the hospital proposition and they are lending their time to put the campaign for raising the necessary quarter of a million dollars across. The association is directing the drive with the Minot Association of Commerce conducting the publicity campaign in connection with it.

By using the former C. A. Johnson residence, which property was purchased as a site for the new hospital, the Trinity hospital has been opened to the public. The first unit of the new building, however, will not be completed until early in January. It will cost approximately \$60,000. Other units will follow immediately.

The campaign to raise \$100,000 outside of Minot is going forward satisfactorily and every indication points to the entire campaign being a complete success.

Madson & Bugge Store Robbed - Goods Recovered and Suspects Arrested

The Madson & Bugge department store at Foxholm was robbed of \$600 worth of silks, overcoats and leather vests Sunday night, the thieves breaking in the back door.

Most of the merchandise was recovered from along the bank of the Mouse river, near Spokkie Hall, occupied by the Boy Scouts, just west of Minot. E. E. Miller, dairy man found the goods when he was watering his cattle. Three men suspected of the robbery have been arrested. They were located at the Windsor hotel.

E. O. Lukkason, Tagus merchant and banker was in the city Wednesday.

Minot Entertains Soo Railway Surgeons

The 15th annual meeting of the Minneapolis, St. Paul and Ste. Marie Railway Surgical Association was held in Minot Monday and Tuesday, seventy-five Soo surgeons from the seven states in the district attending.

The sessions were held in the banquet hall of the Leland hotel, the president, Dr. Arthur N. Collins of Duluth, being in charge of the two day session. The vice president for the year, Dr. Adolph O. Aaker, of Velva was present and the secretary-treasurer, Dr. John H. Rishmiller of Minneapolis was on hand. Dr. Rishmiller is the chief surgeon, as well.

This is the first time the Soo Surgeons had ever convened in Minot, and as a rule they hold their annual meetings in Chicago, Milwaukee, the Twin Cities or Duluth. However, a year ago, Dr. A. J. McCannel in Chicago induced them to select Minot for 1922, promising them duck and grouse canners, trips to the coal mines, a view of our parks and splendid farms and some choice hunting if they so desired, together with golf and other forms of amusement. "Minot is but 60 miles from Canada as the Old Crow flies," the doctor told them. They were not disappointed in a single particular, in fact the Independent hears many of them remark that never before had they enjoyed a convention so well.

Three scientific sessions were held and the papers were all of great interest. There was lively discussion on each paper.

Among those giving papers were Dr. Matthew Bean, Biwabik, Minn.; Dr. Carl von Neuport, Stevens Point, Wis.; Dr. Peter A. Nestos, Minot; Dr. Wm. P. Thelen, Wilton, N. D.; Dr. Fritz A. Haberlin, Remer, Minn.; Dr. Geo. M. Constans, Donnybrook; Dr. Edw. C. Gaebel, Harvey; Dr. John M. Dodd, Ashland, Wis.; Dr. Lyman A. Capps, Marshfield, Wis.; Dr. Alfred M. Ridgeway, Annandale, Minn.; Dr. Burton C. Ford, Minneapolis; Dr. Geo. F. Thompson, Chicago; Dr. Theo. Bratrud, Warren, Minn.; Dr. Victor A. Mason, Marshfield, Wis.; Dr. Angus E. MacMillan, Stevens Point, Wis.; Dr. Richard T. Glycer, Brooten, Minn.; Dr. Fremont E. Chandler, Waupaca, Wis.; Dr. Lyman R. Critchfield, Kenmare, N. D.; Dr. Gilbert Hendrickson, Enderlin, N. D.; Dr. De Wayne Townsend, Belgrade, Minn.; Dr. Richard A. Dreyer, Wheeler, Wis., and Dr. Herbert B. Crommett, Amery, Wis.

Officers elected for the ensuing year are: President, Dr. John V. R. Lyman, Eau Claire, Wis.; Vice President, Dr. Alfred M. Ridgeway, Annandale, Minn.; Secretary-Treasurer, Dr. John Rishmiller, Minneapolis.

The board of censors are Drs. G. F. Thompson, Chicago; A. J. McCannel, Minot; Daniel D. Murray, G. M. Steele and John H. Rishmiller.

SILAS W. BOND, PROMINENT CITIZEN, DIED THIS MORNING

Minneapolis was selected for the 1923 convention. A banquet was held at the Leland hotel Monday evening. Some ninety splendid ducks bagged by the Minot hunters were served and large North Dakota baked potatoes served as one of the enjoyable features of the banquet which is said to have been one of the very best dinners ever served by the Leland.

Pres. Collins was toastmaster. The program included a group of vocal solos by Mrs. Critchfield of Kenmare and Miss Martineau of Minot. Mrs. John Howard accompanied the singers on the piano. Piano solos by Dr. Aaker of Velva and short addresses by Mayor Smart, Rev. P. W. Erickson, L. J. Faldt, Jr., and Dr. A. J. McCannel. President Collins read a well prepared paper on "Social Insurance." The visiting surgeons gave Minot a rising vote of thanks for the entertainment they had received.

The following Soo surgeons were guests of the Minot hunters: Doctors A. M. Ridgeway, Annandale, Minn.; J. J. McGovern, Milwaukee; J. Steele Barnes, Milwaukee; G. B. Johnston, Abbotsford, Wis.; A. N. Collins, Duluth; Victor Mason, Marshfield, Wis.; P. J. Christopherson, Wapaca, Wis.; F. J. Martin, Medford, Wis.; G. F. Thompson, Chicago; F. Leidbold, Parkers Prairie, Minn., and Frank M. Archibald, Mahanomen, Minn.

The Minot men who acted as hosts were Dr. A. D. McCannel, Dr. H. M. Erenfeld, Frank P. Taylor, R. M. Graham, E. C. Brittin, John Guinther and G. D. Colcord.

The Minot men killed a nice bag of chickens and ducks, which served as the foundation for their luncheon as they were journeying to their homes over the Soo Wednesday.

National Dairy Show Booster Visits Minot

Forest Henry, for 30 years prominent in agricultural work in Minnesota, is in Minot today boosting for the National Dairy show, which opens in the Twin Cities, Oct. 7. This is the second year the big show has been scheduled for those cities and it will be many years before it will be held as close to our home state. Mr. Henry says the attendance from the Northwest promises to be large.

Five hundred high grade cattle are to be exhibited and at the close of the show will be offered for sale. The national poultry show will be held at the same time and there will be a wonderful lot of registered stock.

Health Land for children will be an enjoyable feature. Fourteen car loads of material have been received for Health Land. A miniature railroad will stop at stations where health pointers will be given.

Bergen Farmer a Good Advertiser

A farmer named Frank living near Bergen is doing much to advertise North Dakota. He has a fine field of mature corn along the North Star trail and on each fence post has stuck up a large ear of corn that proves a wonder to passers by. Fred Willman drove past the farm and congratulated the farmer on his idea.

AMERICAN LEAGUE TEAM PLAYS BALL IN MINOT OCTOBER 15

A brilliant picture is "The Gilded Lily" a brilliant new Paramount picture. "The Gilded Lily", starring Mae Murray, will be the feature at the Orpheum theatre next Wednesday and Thursday. The photoplay was produced by Robert Z. Leonard, and is the first Mr. Leonard has made with Miss Murray his wife, under a new contract with Paramount.

"The Gilded Lily" is reminiscent of the George Fitzmaurice production of "On With the Dance", in which Miss Murray achieved a notable success last year. The bewitching blond star is seen as Lillian Drake, a typical Salamander—one of those women who can take from men and give nothing in return—but though she is all laughter and rouge and silk on the exterior, her one longing is to quit her butterfly life and become a wife.

She has many admirers among whom are Creighton Howard, a typical Broadway man-about-town, and Frank Thompson, a country boy. Frank asks her to marry him and she consents, and, in order to be better fitted to bear his name, she quits dancing and leads a quiet life. Frank is not pleased because he loved her frivolities, and the final twist is more surprising.

Creighton Howard is played by Lowell Sherman, and Jason Robards plays Frank Montgomery. A big cabaret scene in which Miss Murray executes several of her fascinating dances is one of the most striking scenes.

Kenmare will hold a fair Oct. 6 and 7, when a fine display of farm products will be shown. Several speakers will give addresses on farm topics. Einar Madson of Burlington will discuss potato growing and marketing; John Huseby, county agent, Mr. Bell, federal potato inspector and Edwin Olson, leader of Boys and Girls' farm club are other speakers.

Silas W. Bond, one of Minot's best known and most highly respected citizens, passed away at four o'clock this morning, at the home of his son, Senator Walter R. Bond in Eastwood Park. He had been ill for more than a year, following two light strokes of paralysis and for months he had scarcely left his room. He passed away peacefully surrounded by members of his family.

Short funeral services will be held from the residence Friday afternoon at one o'clock, with Rev. Geo. Swift rector of All Saints Episcopal church in charge, and the remains will be taken over the Great Northern at 2 o'clock to Inkster, N. D., where the Bond family resided for twenty years, there to be buried beside the remains of his wife who passed away nine years ago. The funeral services at Inkster will be held Saturday afternoon at 2 o'clock, and the funeral sermon will be preached by Rev. Mr. Swift of Minot. The pall bearers at Inkster are to be old friends of Mr. Bond's for forty years.

Mr. Bond was born at Mayville, N. Y., Nov. 9, 1844, and was 78 years of age at the time of his death. He was born on the same day that Silas Wright was elected governor of New York state and he was given the name of Silas Wright Bond. This caused his friends of later years to refer to him as "The Governor."

He came west in 1879 and in 1880 settled on a homestead near Inkster, in Grand Forks county. Here he resided for twenty years. He succeeded in bringing three excursion trains to North Dakota from his old home in New York, one train bringing one hundred settlers and their effects.

Mr. Bond and family came to Minot eighteen years ago and have been residents of this city ever since. Mr. Bond was very successful in business, owning large tracts of land and he was president of the Bond Lumber Co., later known as the Cox-Emerson Lumber Co., for many years.

He was married March 17, 1868, to Miss Frances E. Bemis and to this union two children were born, a son, Walter, prominent lumberman and real estate man and Senator from our district, and a daughter, Elizabeth, wife of Carl Cox, both residents of Minot. A sister, Mrs. Phoebe Dutcherson, resides at St. Petersburg, Fla. She is the only one left of a large family.

Mr. Bond was the oldest member of Minot Lodge of Elks, No. 1089 and he had also been a member of the M. W. A. Messages have been received from prominent men from all parts of the northwest today, extending sympathy to the surviving members of the family.

Big Yield of Oats

William Phillips of Ensign township, Renville county, received 2100 bushels of oats by measure, from 30 acres. A conservative estimate would place the yield by weight at at least eighty bushels to the acre.

Ed Jacobson who operates the Millar ranch along up the Mouse valley was in the city Friday.

SIX CAR LOADS OF WHISKEY SEIZED BY PROHIBITION AGTS.

Six car loads of whiskey 43,200 gallons, were seized at Portal, N. D. early Tuesday by A. A. Stone, federal prohibition director of North Dakota and members of his staff and have been libelled on the charge that their transportation is in violation of the Volstead act, by M. A. Hildreth, U.S. district attorney. Mention papers were given to U. S. marshals Tuesday to be served on the shippers, Hill and Hill, of Owensboro, Kentucky.

The wholesale value of the whiskey is said to be \$700,000 to \$800,000.

A return will be made Nov. 25 before Judge Amidon in Fargo, when the shippers may show cause why the liquor should not be confiscated. The shipment is the largest ever brot to the state and if it is taken to Fargo, will make it necessary to build a special structure to store it.

If the shippers can show that they are within their rights, the whiskey will proceed to its destination in Canada, much of it to find its way back into the state thru devious methods. The federal authorities have the liquor strongly guarded, fearing an attack by highjackers.

Two agents from Kentucky who were accompanying the liquor, have gone to Washington to remonstrate against the delay.

The liquor has been ordered released, because there was insufficient evidence to show that it was not to be used for medicinal purposes. It was consigned to the National Bell Drug Co. of ancover, B. C.

Owensboro, Ky., Sept. 26.—The shipment of whiskey from the Hill & Hill distillery reported to have been held for seizure in North Dakota, was shipped from the warehouse of the company here early last week and was consigned to customers in Canada, according to Superintendent Baker Rodman.

The whiskey was withdrawn from the bonded warehouse, Supt. Rodman said, under regularly approved permits under authority of Sam Collins, state prohibition officer, and specially approved by Federal Commissioner Haynes. Collector Robert H. Lucas of Louisville authorized the withdrawal as appears from his signature on the withdrawal papers, he said.

The company has a number of customers in Vancouver, Mr. Rodman declared and many carlots of whiskey have been shipped to them previously, none of which were interrupted in transit.

Underdahl's Ford Located at Bergen

A Ford car stolen from John Underdahl, one of Minot's rural mail carriers Monday night, was located at Bergen, N. D., Wednesday. The car had been driven to that city by three strangers who offered it for sale for \$75. They did not find a buyer and being without funds, secured some bologna from the Bergen butcher, leaving the car with him for security. A letter written to Mr. Underdahl by a Minot bank was found in the car, which led to the identification of the owner.

Another Contempt Case Against O'Dell Reported

Within two weeks an order will be issued, setting a date for a hearing to show cause why Allen O'Dell should not be punished for contempt of court, for alleged violations of a restraining order issued by Judge Kneeshaw of Pembina, restraining O'Dell from disposing of any of his property or from paying out any of his money. Mrs. O'Dell, the girl-wife of the defendant, some months ago filed an action for divorce. O'Dell spent six months in the county jail last winter for contempt of court, having failed to pay temporary alimony and attorney's fees.

Mapping Camera on U. S. Seaplane

The U. S. navy is giving much attention to the matter of aerial photography, and most of the seaplanes are equipped with photographic paraphernalia. In this photograph is shown a mapping camera mounted on a seaplane.

"Why Not Minot?"
