

THE SEVEN PLAGUES OF EGYPT NOT EQUAL TO THE TORTURES OF CANCER. THE MOST TERRIBLE DISEASE KNOWN.

Cancer! Of all the disease that ever afflicted mankind, cancer is the worst. Talk of these seven plagues of Egypt why, if Moses had only sprung cancer on Pharaoh and the Egyptians he would not have needed the other afflictions to bring them to time and they would have let the Israelites go at once.

As a general thing physicians will pass a case of cancer up as incurable or if they do not do so and attempt to treat it, they do not do it any good.

In the Sunday issue of Hearst's Chicago American of June 1st appeared an article on cancer and its cure by a prominent physician of Minneapolis, Minn. This article went so far as to give the names of a number of prominent people throughout the Northwestern states who had been cured. These were bona fide cures.

Most of the cases were cured in from one to five treatments and were complete, remarkable and not overestimated.

The doctor in question was none other than Dr. W. D. Rea, a physician well known throughout the Northwestern states, not

only for the cure of cancer and its kindred diseases, but also for the cure of all other chronic deep-seated and lingering diseases. Dr. Rea is associated with a number of other prominent physicians, and for years has been one of the foremost in the practice of his profession. He is entitled to the credit of hundreds and even thousands of cures. Dr. Rea's cancer cases are usually cured in from one to five treatments by his famous subcutaneous injection method, and are cured complete.

Dr. Rea standing high up in his profession as he does, is always on the alert for new theories, new ideas and new treatments and was not slow in taking up this plan of treatment. He, being a specialist of much ability along the line of general medicine and in the treatment of special chronic diseases, was especially prepared to treat such cases, and to cure them even when they had failed to obtain relief from any other source. It is a well known fact that medical science has made great advancement in the last few years and this advancement has been made only by such men as Dr. Rea. He is always ready and willing to investigate a scourge and has devoted many years to special work and experiment upon his specialties. It is characteristic of him to be thorough in whatever he undertakes. Not until he had demonstrated by the most convincing experiments that the method of treatment for cancer that he had succeeded in formulating would cure did he make it known that he had found what had been sought after for years. Dr. Rea is a remarkable man, even among the renowned members of his profession, which is but to express what his marked individuality instantly suggests. While he is a man of self-possession, he is brought to the aggressive knowledge of such successful accomplishment. Withal, he is a man of modest demeanor and inspires one with confidence and reliance. To hear the stories of his patients he is perfectly miraculous. To hear his own version he has only traveled the paths of special knowledge to a point where he is able to give the afflicted the benefit of re

search. By request we herewith publish the names of a few of the many people whom he has cured.

A. W. Martin, Mora, Minn. Cured of a large cancer of the face. He consulted Dr. Rea about six months ago. His system was all run down with a bad cancer eating away his left cheek. Dr. Rea injected it only three times with his cure, and it is now completely healed up with no chance of its ever returning.

Miss Josie Short, Lillo, Minn. Cured of a chronic cancerous ulcer of long standing. She had been doctored by numerous other doctors and had used many different treatments. None did her a particle of good until she took Dr. Rea's treatment.

O. W. Fishback, Foster, Minn. Cured of chronic ulcer of the stomach. This had gone so far that it had taken on the form of a cancerous trouble. He was cured in a few month's treatment.

J. O. Jones, Granger, Minn. Cured by Dr. Rea's treatment of cancer of the nose in one treatment. This treatment was furnished to another physician who administered it. The cure was complete and there is no chance of its ever returning.

W. H. Nulph, Wyndmere, N. D. Cured of cancer of the face in two treatments.

Henry Schwaka, Nestrand, Minn. Cured of chronic rheumatism.

Mrs. C. N. Trowel, Fort Ripley, Minn. This woman had been doctored by all other forms of treatment and given up as incurable. Cured completely by Dr. Rea's treatment. She is now sound and well, and speaks very highly of Dr. Rea.

Miss Julia Paterson, Chester, Iowa. Cured with Dr. Rea's famous Casacarine treatment. She had stomach and nervous troubles and had been afflicted for years.

Mrs. A. Richel, Red Lake Falls, Minn. Cured of cancer of the wrist. Injected by Dr. Rea's method and cured in one treatment. This was administered by another physician under Dr. Rea's instructions.

F. B. Parse, Green Springs, Fla. Cured of a chronic case of piles. A few applications of Dr.

Rea's wonderful treatment for this disease did the work thoroughly.

Mrs. H. M. Lake, Wheeler, Wis. Cured of paralysis.

Albert Berg, Adrian, Minn. Cured of stomach troubles and falling sickness.

J. J. Brown, Gospel Mission, Minneapolis, Minn. Cured of chronic catarrh of the kidneys and stomach. Mr. Brown had been in the hospital for many months, but did not receive any benefit until Dr. Rea commenced treating him. He is now sound and well.

Charles Grondysee, Slayton, Minn. Cured of consumption by Dr. Rea with Dr. Rea's celebrated cure for consumption.

Mrs. Louis Thorsen, Alexandria, Minn. Cured of a chronic case of cancer of the stomach. Had been given up by other physicians to die.

Mrs. John Wohlers, Frontenac, Minn. Cured of chronic female troubles that had threatened her life. Mrs. Wohlers cannot say enough in Dr. Rea's behalf.

Mrs. Margaret McKee, Duluth, Minn. Cured four years ago of cancer of the hand and no signs of its ever returning.

G. W. G. Good, Pepin, Wis. Cured of a very severe case of nervousness and general debility. Mr. Good says Dr. Rea's treatment goes right to the spot, and he felt relieved after the first few doses. He is completely cured.

Mrs. C. S. Howard, Edgerton, Minn. Cured of tubercular glands of the neck and early consumption.

Dan Morrison, LaMoore, N. D. Cured of rheumatism. A very bad case.

Swain Walters, Nary, Minn. Cured of rheumatism. Cured in a few months.

Johnson Harris, Harris, Minn. An old man, 83 years of age, cured of piles of forty years' standing. Cured without an operation and without medicine.

Miss Nellie Dragsdale, Strout, Minn. Cured of rheumatism, with complication affecting her heart.

Dr. Rea, though only a young man in his profession, stands as a physician greater than any score of physicians. He is capable of examining hundreds and hundreds of cases of men and women with all kinds of disease, all strangers to him, and tell each one their disease without asking them any questions. In more malignant diseases, such as cancer, tumor, consumption, heart trouble, etc., he is at his best. He has attained the highest eminency in his profession even at this date, and his life is not half spent.

Minneapolis, Minn., Dec 27, 1905. Special to the Inter Ocean. Dr. Rea, the noted specialist will make his next professional visit to the northwest as follows:

E. Grand Forks, Minn. Great Northern Hotel, Wednesday Jan. 3rd. Moorehead, Minn., Hills European Hotel, Thursday Jan. 4th. Breckenridge, Minn., Wilkin Hotel, Friday Jan. 5th.

Returning every four weeks. Consultation and examination \$1.00.

ADVERTISED LETTERS.

Letters remaining uncalled for at the post office, Devils Lake for the week ending Dec 30th, 1905. If not called for within fourteen days they will be sent to the "Dead Letter Office." Parties calling for any of said mail say "advertised."

CITY AND COUNTY HOSPITAL TRAINING SCHOOL FOR NURSES.

The new residence for nurses at the City and County Hospital is practically completed. It is undoubtedly the most perfectly appointed and equipped building in the West. Its completion enables the authorities to extend the training facilities of the Hospital to a larger number of pupils than it has heretofore been able to accommodate. It is the largest General Hospital in the Northwest, and it is becoming of the diversified service, caring for both public and pay patients. It affords unusual attractions and efficiency for the education of trained nurses. Applications for further information should be addressed to Arthur B. Acker, M. D., Superintendent City and County Hospital, St. Paul, Minn.

CITY IN BRIEF

The Evangelistic meetings under the leadership of the Rev. J. R. Prat, D. D. of Albany, N. Y., will be held in the opera house from Jan. 11th to 17th. Dr. Pratt is a very successful leader in spiritual awakenings. He was the most popular speaker at the bible conference last summer and delighted all who heard him. It is to be hoped that the people will turn out en masse and show their hearty cooperation of this effort for moral and spiritual uplift of the community. As an introduction to these meetings services will be held in the Presbyterian and Methodist churches beginning in the Presbyterian church Jan. 2, and in the Methodist on Sunday, Jan. 7. Evangelist Clapp will have charge of the meetings. Everybody invited.

HAROLD NELSON COMING
While in Grand Forks Manager Small concluded arrangements with C. P. Walker's representative whereby he secured the eminent actor, Mr. Harold Nelson and his excellent company for a nights engagement in Devils Lake. This company is playing a very successful weeks engagement at the Metropolitan theatre and according to press reports, are giving splendid performances. The company numbers sixteen people, carry all scenery and a complete electrical equipment. They will play Ota Skinner's great play "Prince Otto" here on Friday, January 5th. Mr. Nelson has been playing "Prince Otto" in one night stands since August and should give Devils Lake theatre goers the best dramatic entertainment ever seen here.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., I had a bitter battle with chronic stomach and liver trouble, but at last I won, and cured my disease by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine to have cured such a bad case as mine." Sold under guarantee to do the same for you, C. W. Greene, druggist, at 50c. a bottle. Try them today.
