 ALL BILLS COLLECTED MONTHLY.
 SEPTEMBER 25, 1908.

Why is it that every time Bryan runs for President we have such good times? Why, the republicans are elected.

Ed Jahr of Egeland has gone to Blair, Wisconsin, where he will attend school. He probably will return full of pickles.

Gumtow is the name of a new landlord of the hotel at Noonan. Before he is there long it is possible that his name will be "Sorehead."

Jacob Mayer, of Penn, was in this city Saturday. Mr. Mayer is one of the prosperous farmers of this locality. We acknowledge a pleasant call.

The Brockett News says that C. G. Mugg will be in that city next week. It is doubtful if they need any more mugs there, except for their blind pigs.

The Mayville Farmer says: Miss Evans is an apprentice at the Bon Marche. This must be the place where "My Mary Ouch" originated from.

Over at Lidgerwood the hospital doctors are advertising for persons who will be willing to take part in a little grafting. This is not a political graft but a "skin game."

If Bryan should be elected president and would loose his voice who would be president asks one of our exchanges. We would ask our brethren not to loose sight of the phonograph.

The Minnewaukan Sittings says that Harry Snore left for Faribault to attend college. It is no wonder that he is still attending school for no young lady is liable to take advantage of

leap year as long as he carries a name like "Snore."

Down at Hettinger a man published a statement that he had served a reformatory sentence in Minnesota last winter. He ought to serve the remainder of his life for spending a winter in Minnesota. Stay up in Dakota where the oranges bloom all the year around.

One of the Rocky Mountain Tea poems reads as follows:
 Men always love to see a girl
 With a dandy clear complexion.
 Rocky Mountain Tea's the stuff
 That gives it to perfection.
 One similar to that would just about suit the men of North Dakota:
 Women always love to see a man
 With a dandy red complexion
 North Dakota Booze's the stuff
 That gives it to perfection.

In speaking of whiskies it is generally conceded that the stuff sold in most parts of North Dakota is composed of ingredients many and varied enough to cure all ills or cause any manner of death, but we recently read an ad of an Ismay, Montana saloon which made us sit up and take notice. In the line of home brand stuff they advertise as follows: Sheep Dip Whiskies—color red, makes the sheep herder and owner sleep together. Sage brush whiskey—especially recommended to land agents and locators two quarts guaranteed (if liberally applied, to make the Pumpkin Rollers buy anything from a rocky knoll to a hole in the ground. North Dakota will have to mix up a new dope or lose its laurels to Montana.—Ex.

R. V. Bice, republican candidate for county auditor of Ramsey county was a pleasant caller at the Enterprise office on Monday while on his way to Munich. Mr. Bice will be the next county auditor of that county to succeed Emil S. Eich who has held that office for the past ten years, and Mr. Bice has been his deputy for several years and is probably the best qualified man in Ramsey county for that office, besides he is one of the best men, morally in Ramsey county, and if the people of that county are looking for the best man for the office they certainly will give Mr. Bice a handsome majority at the election this fall—Egeland Enterprise.

The News office is a foot or so nearer the sky than it was, as the result of a stone foundation which was put under the building last week.—Brockett News.

This perhaps accounts for the News not having a supply of political mud in their issue. We are of the opinion that this is the only way a Democratic sheet will rise in North Dakota for some time.

- REPUBLICAN TICKET.

TWENTY-TWO YEARS AGO

A. S. Pattle lost \$150 worth of hay by prairie fire Thursday afternoon.

President Hill's private car was here yesterday. Mr. Hill stopped off at Lakota and went duck hunting.

F. A. Stoltz and J. H. Palmer arrived from Madison, Wis., Monday to participate in a hunting expedition.

A man came in from the lake the other day with 130 pounds of fine pickrel the results of one days catch.

Stephen A. Nye, is preparing to start a newspaper at Church's Ferry, which will be called the Sun. The first issue is to appear Oct. 2.

The Baptist church of this place will continue to meet in the north wing of the public school house until further notice. Last Sunday afternoon the pastor baptized two converts in the lake at Dana's grove.

NOTICE TO FARMERS.
 Farmers, who would like to insure their properties in the "Farmers Mutual Insurance Co." of Towner and Ramsey county can drop me a post-card and I will call on you. Membership fee \$3.50 plus 30 cents for each hundred dollars insured. Thus, two thousand dollar policy \$9.50 for five years. Don't let the old time insurance agents, who tell you that this company is no good fool you. This insurance costs you less than half of that of old line insurance. There are now 550 substantial and intelligent farmers back of your policy, who will make good any loss you may have.
 —Andrew Sherven,
 R. Route No. 3, Devils Lake, N. D.

Farmers don't forget the exchange feature of trading with the Farmers' Mill.

The Gade Air Cooled Gasoline Engine
 Entirely Different from other Air Coolers
 Drop us a line and let us tell you why our air cooler leads. We use no fan, and guarantee to keep cylinder cool in hottest weather. Winter is coming again; buy an engine that is good for both HOT and COLD weather. We will be glad to explain fully our air cooling system and tell you why we use one-third less gasoline than other makes. Address: Gade Bros. Mfg. Co., South, Iowa Falls, Ia.

DIARRHOEA

There is no need of anyone suffering long with this disease, for to effect a quick cure it is only necessary to take a few doses of

Chamberlain's Colic, Cholera and Diarrhoea Remedy

In fact, in most cases one dose is sufficient. It never fails and can be relied upon in the most severe and dangerous cases. It is equally valuable for children and is the means of saving the lives of many children each year.
 In the world's history no medicine has ever met with greater success.
