Miss Mary R. Brennan, of Devils Lake, who is the delightful guest at the home of Professor and Mrs. Vernon P. Squires on Belmont avenue is being handsomely reminded of the recent announcement of her engagement and approaching marriage to Prof. Charles Clapp of the Massachusetts School of Technology at Boston. Tuesday evening Dean and Mrs. Joseph Kennedy gave a pretty evening dinner in her honor at their home on University avenue and yesterday afternoon Mrs. George S. Thomas and Mrs. Squires were hostesses at luncheon at the Thomas home on South Fifth street.

The luncheon guests were just twelve of Miss Brennan's former intimate girl friends when she was a student at the University and they were served at 1:30 o'clock. Valentine hearts and cupid's converted the parlor of the Thomas residence into a veritable bridal paradise which was a most appropriate idea for such an occasion and in the dining room southern smilax and bowls of red carnations added summer charm and fragrance to its natural beauty. After the service of the delectable courses the guests returned to the parlor and were in the midst of merrymaking when the presence of Little Miss Margaret Hope Thomas was announced. She drove a tiny red wheelbarrow just filled to overflowing with gifts for the bride and as each one was unwrapped Miss Brennan read a clever original verse from each one of the guests which created much amusement.

Miss Brennan will be a guest in the city for the remainder of the week.—Grand Forks Times.
