COOLNESS OF THE CAPTAIN SAVED MANY LIVES IN FIRE ON BOARD STEAMER IN RIVER

STEAMER JOHN LOWRY BURNS IN
OHIO RIVER WITH FIFTY
ON BOARD.

BLAZING SHIP FORCED TO SHORE
WHERE PASSENGERS ESCAPE
WITHOUT HARM.

Special to The World:

Paducah, Ky., June 15.—Quick work on the part of Captain John L. Lowry, of the steamer John Lowry, saved the lives of sixty-five persons early today when the boat burned opposite Smith land, Ky., in the Ohio river.

The boat was crowded with fifty excursionists and a crew of fifteen. The craft was slowly making its way upstream in the middle of the river when fire broke out near the engines. The passengers aroused from their sleep crowded onto the decks in a near panic and only the coolness of the boatman prevented a heavy loss of life. Several barrels of oil exploded but not one was hurt.

Seeing the fire about to consume the craft Captain Lowry made for the Illinois side of the river with full speed. By the time the nose of the steamer touched the shore the fire had gained great headway but the passengers got off without injury. A roll call of the passengers showed everyone present and none injured. It had not been determined this morning whether any of the negro deck hands had been burned but it is believed that they too had escaped.

The John Lowry runs between this city and Evansville. At this season the excursion rates are put on for the round trip, hence the large number of people on board.

The first reports stated that a large number of people had been drowned and that the boats had been sent out.

MAIL ROUTE IS TO START THIS YEAR

ROUTE 2 OUT OF THIS CITY
WHICH WAS DISCONTINUED
MAY BE RESUMED.

FARMERS AT WORK GRADING ON
THE SECTION LINE AND
WANT MAIL.

As soon as the farmers living along former Rural Route 2 complete the grading upon which they are working application will be made to the postal authorities for permission to resume the mail route.

Route 2 was discontinued nearly a year ago on account of the road which had been used being fenced up after a slight disagreement. A new road is now being prepared along the section line, the low places being filled up and the bad places made passable. It is expected to have the work done by the 1st of July and there is little doubt but what the authorities will then see their way clear to having the carrier resume his work.

BENNETT'S SHOW WAS PLEASING

WELL KNOWN TENT SHOW EX-
HIBITED TO LARGE CROWD
LAST EVENING.

Full of life, replete with good comedy and the sort of a play that made the audience glad that they had gained admission to the big tent, Billy Bennett's performance last evening won hearty commendation. Billy is an old-timer in this section of the state and for fifteen years his melodious voice has been heard on the street announcing that he was delighted "to again be in your midst." From the attendance at the show last evening Devils Lake people appear to be glad to have Billy back again.

Tonight another excellent play is to be presented with a change of vaudeville and pictures and lots of music.

LOTS OF OUTDOORS.

Boston, June 15.—"Lots of outdoors" for adults and children was the prescription for healthy minds and bodies recommended to the national conference of charities and correction. That laughter also had its place, was brought out by Seumes McManus, who advocated a revival of story telling for children.

DOES IT PAY?
Billy Bennett's big show was advertised exclusively in The World and according to a member of the company they had the largest crowd they have ever played to in Devils Lake. It would seem that advertisements in The World bring better results than in any other medium. Those who have tried it all say it pays. There is a reason.

GUNNISON IS STIRRED.

Gunnison, Colo., June 15.—The Elk Mountain section has been stirred by a sensational discovery of gold ore in the Treasury mountain tunnel. At approximately 150 feet from the portal, a large vein was crossed that assays very high in gold. Only the single assay has so far been made but Foreman George Andreatta, while in Gunnison, declared that this was an average sample.

INTEREST IN GRADUATION

UNIVERSITY OF NORTH DAKOTA
GRADUATION HOLDS INTER-
EST LOCALLY.

The 1911 class which graduated at the University of North Dakota yesterday holds an especial interest for Devils Lake people containing as it does two young people from this city, Miss Lewis and Mr. Brennan.

The ceremonies attending the exercises were impressive and the final words of advice given by Mrs. McVey were deep and touching.

CARRIED DEED TWENTY-
NINE YEARS IN POCKET.
Fargo, N. D., June 15.—After possessing a warranty deed for thirty-eight acres of land north of this city for twenty-nine years, during the greater part of which time he carried it about in his pocket, John Hofman yesterday filed the instrument with Register of Deeds Fraser of Cass county. The deed conveyed thirty-eight acres of land in section 13, township 142, range 49, from James P. Power to James Hoffman. The consideration for this property, which lies on the Red River, was \$342 or just \$9 an acre. The land is now worth over \$50 an acre. The deed was worn and soiled, the edges being worn through, so that it was necessary to have them pasted together with oiled paper. The warranty deed was made out on March 11, 1882.

BOOZE CASH BAD MONEY FOR BANKS

UNITED STATES COURT DECIDES
IMPORTANT CASE REGARD-
ING LIQUOR LAW.

HOLDS ACTION OF BANKS ILLE-
GAL IN COLLECTING FOR
BOOZE SOLD.

Special to The World:

Fargo, N. D., June 15.—A big blow was struck the liquor interests by an action in the United States court by which the First National bank of Anamosa was indicted on the charge of a violation of the interstate commerce laws in making liquor collections. A representative of the bank entered a plea of guilty on one of the sixteen charges in the indictment and the rest were dismissed. The U. S. district attorney several months prior to assuming his official duties, had given the state bankers an adverse opinion on this line of business, holding it illegal.

Some months ago the express companies were stopped from making C. O. D. collections and liquor dealers then induced some bankers to handle the business by attaching bills of lading to the drafts.

The present action will completely stop that form of sales and make it so that the dealers will have to sell either on straight credit or on a strictly cash in advance basis.

North Dakota prohibitionists are greatly elated as they regard this as another pioneer movement inaugurated by North Dakota to exclude whiskey sales in the prohibition territory.

DATE IS SET.

Washington, June 16.—Official announcement of the opening of the Fort Berthold Indian reservation in North Dakota was made at the general land office yesterday. As generally expected Aug. 14 will see the opening.

Bismarck, Minot, Plaza and Ryder will be the registration points at which places all those who desire to try their luck in Uncle Sam's big land lottery are expected to register.

Minot has been determined upon as headquarters for the government officers who will have the opening in charge. Many thousands of homeseekers should be attracted to North Dakota by the opening.

The Mandan application is now ready for the official approval of the grand exalted ruler and the members of the official board of the grand lodge. ANDREW BLEWETT OF JAMES-
TOWN HONORED WITH THE
PRESIDENCY.

R. V. BICE OF THIS CITY MADE
VICE PRESIDENT AND MR.
FELSON, SEC'Y.

THE OFFICERS.
Pres. Andrew Blewett, James-
town.
Vice Pres. R. V. Bice, Devils
Lake.
Sec. and Treas. W. W. Felson,
Pembina.
Place of next meeting—Fargo.

An auto ride to Chautauqua and a brief social session, with the ball game this evening, will bring to a close the Seventh Annual Convention of the County Auditors of the State of North Dakota. The convention has been a highly successful one, full of interest and with plenty of entertainment.

Yesterday afternoon the place of meeting was decided upon, Addison Leech making a strong bid for Fargo, which was accepted. Mr. Leech promised the Auditors all sorts of good times and he is known to be a man who will make good.

This morning the convention was called to order for the first time by Pres. Healey, who had just arrived last evening and the body proceeded to the election of officers.

Andrew Blewett of Jamestown, one of the oldest auditors in attendance, was unanimously elected as president.

R. V. Bice of this city, who is recognized as one of the best of the auditors, was honored with the vice presidency and W. W. Felson of Pembina was re-elected secretary and treasurer.

Mr. Parsons of the State Hall Association addressed the meeting this morning, delivering an interesting talk on the benefits of his insurance to the farmers and the matter was thoroughly discussed.

This afternoon Secretary Felson took up the matter of a uniform system of accounting in the auditor's office. He showed how much easier it would be to have the same system in all offices and how much more intelligently the work of the different offices could be discussed.

Following Mr. Felson's talk the auditors started on the auto ride to Chautauqua.

The Banquet.
A flow of wit and reason coupled with a splendid menu served by Mr. Maher of the Sevilla hotel made the annual banquet of the State Association of County Auditors one of the most pleasant incidents of their stay here.

At ten o'clock the guests entered the dining room which was arranged for the occasion and took their places at the long table. The menu in six courses was served and many pretty compliments were paid the hotel management on account of the service and banquet.

Following the coffee and cigars, Mr. Bice, who has had charge of the local arrangements, introduced Pres. Healey of Bismarck, who arrived in the city on No. 1 and a few of the guests were called on for impromptu remarks. Among those who responded were: Judge Cowan, Mayor P. J. McClary, Attorney J. J. Somson, H. Z. Mitchell of the World, Wm. Felson, secretary of the association, Louis Larson of Ward county, the first auditor of Ramsey county, C. J. B. Turner, Addison Leech
