

American Snuff Company

115 Fifth Avenue
New York

March 16, 1911

TO THE PUBLIC:

We desire to call to public attention that with every package of Copenhagen Snuff there is the following guarantee:

"COPENHAGEN SNUFF IS MADE OF THE BEST OLD, RICH HIGH FLAVORED LEAF TOBACCO, TO WHICH ONLY SUCH INGREDIENTS ARE ADDED AS ARE COMPONENT PARTS OF NATURAL LEAF TOBACCO AND ABSOLUTELY PURE FLAVORING EXTRACTS."

The manufacture of snuff is one of the oldest industries in America. Among the predecessors of this Company (i.e., manufacturers whose brands are now owned by this Company) are P. Lorillard Co., established in 1760, W. E. Garrett & Sons established in 1782, and Weyman & Bro. (formerly manufacturers of Copenhagen) established in 1827. We continue today the manufacture of the brands of snuff put up by these predecessors, making them on the same formula and using the same ingredients as have been employed from earliest times. And these brands founded by P. Lorillard Co., W. E. Garrett & Sons and Weyman & Bro. represent nearly half of the snuff sold in the United States today.

As is well known, snuff is one of the earliest forms in which tobacco was used in this country, it being in general vogue in the time of the American Revolution. Snuff is today and has been from time immemorial used more generally for chewing than any other kind of tobacco in Sweden and some parts of Norway.

With intimate knowledge of the snuff business, both of today and since earliest times, we desire to add to our guarantee that Copenhagen Snuff contains absolutely no ingredients that are not in natural leaf tobacco (except pure flavoring extracts, this further statement: that absolutely, so far as we have knowledge or information, all manufactured snuff (whoever the manufacturer) is and has always been free from harmful ingredients of any and every kind; many of the most popular brands of snuff contain no ingredients of any kind or description other than natural tobacco, and all the ingredients and flavorings in other brands are absolutely harmless.

Yours very truly,
AMERICAN SNUFF COMPANY

CHOP SUEY IS LOSING IN FAVOR

Chinese Appear Before Board of Review to Protest Tax Raise.

Chicago, Aug. 4.—Chop suey is waning in popularity with the public, according to a number of Chinese restaurant keepers who appeared yesterday before the board of review to explain why their taxes should not be raised.

"They had to face a battery of questions fired at them by the reviewers, who wanted to know all about the secrets of 'chop suey' and other Chinese viands.

"What are you worth?" asked Reviewer Upham of King Lee.

"Only a little. Just new place," replied Lee.

"How much do you make a day?"

"About \$3."

"What do you do?"

"Make good chop suey."

"Is it a secret process?"

"Oh, no. Just celery, potatoes, salt, meat, sauce and other things."

"No, chop suey is good, good."

"I will make your assessment \$1,500," said Upham.

"All right. Shall I pay you that now?"

And Lee reached down into his baggy trousers pocket and pulled out a fat wallet.

"No, pay the bill when you get it."

"What! No take money now? This funny place. I want pay now."

Mr. Upham could not be prevailed upon to take the Chinaman's money, and he went away disappointed.

Yun Tong Lo was subjected to a searching examination by Mr. Webb, who wanted to know if the "chop suey" served by him was strictly sanitary.

"Oh, yes," said Lo. "We no use molasses or cement. Business all bad this year. All shot to —. People no like chop suey any more."
