Last evening the commodious Hansen home was the scene of one of the most delightful social functions of the season. The guests, numbering about twenty-eight, gathered at the residence on East Fourth street about eight o'clock.

The evening opened with an interesting contest, an hour was joyfully spent in working at it, after which the judges announced and voted Miss Myrtle Holmes the winner of the first prize and Miss Hope Wallace carried off the consolation prize.

Other interesting contests were held, one in particular which caused much merriment was participated in by the boys only. The rest of the evening was spent in dancing and playing games. Elegant refreshments were served at ten-thirty, after which Miss Vallie Thomson, on behalf of the guests, presented Miss Rankin with a camera, which was as a remembrance to her Devils Lake friends.

Miss Rankin leaves for Minneapolis tomorrow. At St. Michael's Catholic church at 8 o'clock this morning Miss Lulu Frances Traynor of 509 North Sixth street was united in marriage to Mr. Timothy Henry McGarrell of New Liskard, Ont., and a wedding, though only attended by the family and a small company of invited friends, was extremely pretty and impressive.

The church alters and chancel rail, before which the bride party knelt during the marriage ceremony, were adorned with bouquets of pink and white asters and the waxen candles were lighted for the celebration of the nuptial mass which immediately followed the marriage ceremony.

Mrs. Harry Burton presided at the great pipe organ and for the entrance of the bride party she played the bridal chorus from Wagner's "Lohengrin." The bridesmaid, Miss Minnie Traynor, of the groom's party, came first, walking with the groom and she wore in a dainty bridesmaid's gown of white embroidery with large black hat and arm bouquet of pink roses. The bride walked with the groom's best man, John Harvey, and wore a bridal gown of gray with a marmesine trimmed with cream Bobe Irish lace. Her flowers were bride's roses arranged in an arm bouquet and she wore a large plumed picture hat. The bride party were met at the altar rail by the pastor, Rev. Father Lemieux, and two altar boys and at the conclusion of the marriage service the nuptial mass was celebrated. The bride's mother served the handsomely appointed wedding breakfast at her sixth street home and covers were laid for twelve, the guests from out of town being Mr. and Mrs. Fred Traynor of Devils Lake, Mr. and Mrs. John Traynor of Larimore and Miss Jean Traynor of Fargo. The house was beautifully adorned in autumn blossoms and the scheme was pink and green.

The dining room and astors for the parlor and these were used effectively in conjunction with green cosmos. This evening Mr. McGarrell takes his bride to her eastern Ontario home, where they are to receive after October 1st and she will travel in a smart tailored suit of blue broadcloth with black hat. They will make their wedding trip enjoyable by stopping for visits in Winnipeg, Hamilton, Cardinal, where Mr. McGarrell's parents live, and Ottawa, where they will be met by the bride's brother.

Good wishes in abundance will follow them for the bride is a charming young lady who has made a legion of friends during her short residence here.—Grand Forks Times.

MINOR CHANGES HAVE BEEN MADE WHICH WILL MAKE FOOTBALL BETTER.

With the high school team already on the field going through the training preparatory to a schedule, interest is being taken in the center on the great college game of football.

The coming football season promises to be the most successful in the history of the game. The new rules reduced the number of accidents to a minimum and the rules are now modified promise to practically eliminate all danger of players being hurt.

There have been no radical changes made in the rules from those of last year. A simplified wording of the bid rule is about all that has been done.

It was the forward pass that came in for the most attention from the rule makers and there is much speculation as to whether in its new dressing it will be a success.

According to the new rule a forward pass is illegal when the player receiving it fails to hold onto the ball.

When a forward pass is declared illegal it will be returned to the place where it was originally put in play. The same goes on an uncompleted forward pass, which is one that hits the ground.

This year when a player catches a forward pass the players on the defensive can tackle him as soon as he catches the ball. Under the rules last year he had to wait until the man took at least two steps. There was much confusion and argument as to whether or not the rusher had taken two steps when the tackle was made.

Another important change in the code is that which lessens the time between quarters. Last year the players were obliged to wait so long before resuming play that they became thoroughly chilled, the muscles stiffening and preventing them from putting up their best game.

Now the teams will only pause long enough between quarters to permit of their changing goals.

In the future the umpire will keep time instead of the head linesman. In the past, when the captain wanted to call a halt he had to go to the side lines in order to post the linesman, so time could be taken out. The head linesman will also judge all offside plays instead of only those made by the ends, as heretofore.

The rules also provide a penalty for the player resorting to the trick of concealing the ball and such artifices, which do not demonstrate any real football ability. It was on a play where he had the ball hidden under his jersey that Hudson, the Carlisle player, won from Harvard at Cambridge a few years ago.

Followers of the game are of the opinion that this will prove the most interesting season in years, and that the new rules will demonstrate that they are good and sane. There will be more big games played than ever before.

Posse Searching Pembina Valley for Henry Wilson Who took School Teacher Away For White Slaving

Small Bands of Armed Men are Stationed at Pembina, Grand Forks, Neche and Wales Looking for Fellow-Girl Supposed to be Killed Returned Home at 9 O'clock Last Night—She Was Teaching at Riverdale, Manitoba

World Special State Service: GRAND FORKS, N. D., Sept. 13.—Armed posses are today searching North Dakota and the Pembina valley for Henry Bell Wilson, alias Will Miner, who is the man who carried the pretty little school teacher, Miss Elmer Gladys Price from her school room at Riverdale, Man., twelve miles from Manitoba.

SPOUSE OF INSANE MAN IS SAID TO BE LOCATED AT WARWICK VISITING MOTHER.

FELLOW WILL BE COMMITTED TO JAMESTOWN ASYLUM AT A MEETING OF THE BOARD.

If His Wife is Not Located and His Residence Not Established North Dakota Will Be Left to Fight It Interesting Law Suit Will Probably Out With the Minnesota Officials—Result.

John O. Beck was returned to Devils Lake last evening from Fergus Falls, Minn., where Chief of Police Barnes failed to unload the insane man on the Minnesota asylum officials.

Beck is still without a home, although he was much more satisfied to be in the insane hospital at Fergus Falls than in the county jail in this city, judging from the uncomplimentary terms which he uses with reference to the new Ramsey county jail in which he is lodged.

Beck's residence is a question and whether Minnesota or North Dakota will bear the burden of caring for the insane man is a matter which will be threshed out by the two states. The Minnesota officials dropped him off in Devils Lake, claiming that his residence was here, while the county commissioners here thought that the man should go back to Minnesota, finding no trace of his residence in this section.

Beck is a married man and his wife it is said is now visiting with her mother at Warwick. The officials here are endeavoring to get into communication with her and will have her come to Devils Lake tomorrow to attend the hearing. If she is at Warwick it is thought perhaps that his wife can throw some light on Beck's residence and it is thought perhaps his home is in Benson county.

Chief Barnes has an interesting experience yesterday. He returned Beck to the hospital where the insane man was accepted and left by automobile to catch his train. While waiting for his train the states' attorney, who had placed the Chief under arrest unless he returned Beck to Devils Lake, communicated with the state official here resulting in Mr. Barnes commencing to return with Beck who now awaits hearing.

Unless the residence of Beck is established at the hearing tomorrow, the board will unconditionally commit him to the asylum at Jamestown, which will result in a legal battle between North Dakota and Minnesota to ascertain who should care for the insane patient.

CHIEF O POLICE BARNES THREATENED WITH ARREST IF HE LEFT BECK IN STATE.

John O. Beck is still without a home. If there is any kind person who wants to adopt an insane man, he can secure immediate answer by applying to the local officials.

Last night after action had been taken by the county commissioners, Chief of Police Barnes left for Fergus Falls, Minn., with John Beck, who recently arrived from the Minnesota institution where it was claimed that he was a resident of this county. No trace of his citizenship here could be discovered and he perhaps that his wife can throw some light on Beck's residence and it is thought perhaps his home is in Benson county.

Mr. Barnes telephoned Attorney General Miller but was unable to locate him and upon advice received from his assistant is returning with Beck, who will probably be sent to Jamestown.

The matter will then fall into the hands of the county commissioners, who will be up to the authorities to scrap it out with the Minnesota officials as to the ownership of Beck.

BUSINESS MEN OF SURROUNDING COUNTIES WILL ATTEND THE SMOKE FRIDAY NIGHT.

From the answers which are coming in it is expected that practically every town in the surrounding ten counties will be represented at the meeting which is to be held in this city on Friday to discuss the plans for securing an exhibit to be taken to the St. Paul Land Show in December from the Devils Lake land district.

The local officials are planning to give a smoker and reception for the visitors at the Commercial club at which the plans will be discussed and steps taken by the appointment of committees towards the securing of the necessary exhibits.

Under the present plans each county will secure its own exhibits which will be massed by some committee appointed to take charge of the whole and suitably arranged at St. Paul. Space will be secured at the Land Show and there will be people from the various counties in charge. Booklets will probably be printed for the district as a whole, and the names of those who appear to be interested in the lands of this section will be secured so that future literature can be sent them.

At the next meeting of the board of county commissioners a committee from the local Commercial club will appear and ask for aid in defraying the expenses of the exhibit.

IDEA ADVANCED BY THE WORLD LAST NIGHT IS MEETING WITH APPROVAL IN DEVILS LAKE.

LITTLE DOUBT OF SUCCESS OF THE PLAN IF SOMEONE WILL GET THE BALL ROLLING.

Elimination of Committees Will Do Away With Factional Differences and Centralization of Work Will Insure Results—Paid Secretary Could Handle All of the Work That is Necessary to Be Done.

The suggestion of The World last evening covering the establishment of a publicity bureau in this city and the employment of a trained secretary to handle the work has met with the endorsement of practically every business man in the city and it is probable that some definite action will be asked for at the next meeting of the club.

"The idea is an excellent one," said one of the prominent residents of Devils Lake this morning, "and I sincerely trust that it will be carried out at once. There is no time like the present to start such a campaign as The World suggests and that it will be of immense benefit to the community has been demonstrated in hundreds of towns. While I appreciate the fact that the Commercial club rooms are beautiful and offer advantages to outside people for recreation, still I do not believe that the social side of a Commercial club is of sufficient importance to warrant our overlooking the business features. As was stated last night the elimination of committees eliminates factional differences to a great degree and a paid secretary could be depended upon to do the work that all of the committees have heretofore attempted. I don't know how the new plan could be brought about unless the Commercial club officials will take it up themselves. I believe if they sent out notices that such a move is contemplated and ask for a meeting they will have a larger attendance than they have ever had before."

"It's a good idea," said a local professional man. "Ramsey county is what we want to boost and while it is all right to entertain conventions and get Devils Lake talked about in the state, it is the other states that we want to reach. I think every business man will be glad to put in his share towards starting such a bureau as The World suggested and hope that someone starts the movement going."

APPLICANTS FOR MARRIAGE LICENSE NOT REQUIRED TO APPEAR BEFORE JUDGE.

The second case on record in Ramsey county, where people have taken advantage of the new law which allows applicants for marriage licenses to secure the needed document without appearing in person before the county judge, was registered this morning when Attorney Morrissey of Edmore forwarded the plan of Anton Svoboda to take into his office with the person of Viktorie "Luchpova."

The new law allows the applicant to fill out the necessary blank before any notary public and by sending it to the county judge secure the license in case that judge deems the questions answered properly.

The first case in the county since the new law came into effect came from Starke, where the parties having appeared before Homer Resler.

WILL PRACTICE AT CRARY—HAS PURCHASED THE BUSINESS OF DR. DREW.

Dr. W. H. Cuthbert, who has been engaged in the practice of medicine in this city for the last couple of years, will soon leave Devils Lake for Crary where he has purchased the practice of Dr. Drew. During his stay here Dr. Cuthbert has won many friends who regret to see him leave, even though he is going no great distance. He has promised to return to Devils Lake often enough so that he will not be forgotten. Crary can be congratulated on securing the services of this competent physician and the many friends of Dr. Cuthbert here wish him success in his new field.

Dr. Cuthbert plans on moving his family to Crary next week.

OPERATIONS ON AT LAWTON, EDMORE AND DERRICK DISTRICTS.

Oscar Anderson, deputy county register of deeds, returned from his farm at Derrick, where he was engaged in threshing operations. Mr. Anderson says that there has not been near so much rain in that section as here and threshing is well along. At Edmore, Lawton and Derrick, he says that every body is threshing. He looks for a wheat yield of fifteen to twenty-five bushels to the acre and an exceptionally fine crop of flax.

CHISELED NAME PLATES FOR NEW FIRE HALL SET IN PLACE THIS MORNING.

Two large stones that will flank the entrance to the new city hall were set in place this morning by Contractor Gram and the work on the front will be started. The two stones bear the name of the contractor, architect, mayor and chief of the fire department. The side bumpers that have been placed at the entrance to the big doors were also set in place. The brick work is being pushed rapidly and the building will soon assume real proportions.

HALLIE LANGHOFF, WHO WAS INJURED IN ALTERCATION WITH COLORED MAN, IS BETTER.

Reports from the hospital today indicate that Hallie Langhoff, the man who was injured at Lakota Saturday in an altercation there with a colored man over a poker game, is improving and will recover. Though for a practice his temperature was high, it has been reduced and today he is expected to be standing his injuries nicely and the attending physician reports his entire recovery. The hearing of his assailant will be held as soon as the injured man is able to be present at the trial.

PROGRAM HAS BEEN PREPARED BY SUPERINTENDENT OF SCHOOLS HAIG.

Superintendent of Schools Haig of the program committee of the North Dakota Educational association has completed the work of making out the program for the coming meeting at Fargo and expects to be able to announce the program in a few days as soon as he receives the O. K. from the secretary.

The Fargo executive committee of the North Dakota Educational association is planning for a large number of visitors in that city at the time of the convention of the flunkertal educators, Nov. 1, 2 and 3. This will be a great gathering and Fargo is hard at it to do itself proud in entertaining the big educators of the state.

On the committee are Supt. W. E. Hoover of the city schools, who is chairman, Pres. J. H. Worst of the A. C., res. C. C. Cregan of Fargo college, Supt. J. W. Riley of the Cass county schools and President J. Hardy of the Fargo commercial club.

Over 1,000 visitors in Fargo at that time are looked for and the committee is urgent that the citizens of Fargo cooperate in helping to make it pleasant for the guests. Room will be found for all attendants at the convention and everybody has been asked to open their homes for the three days.

It is expected that this will be one of the very best conventions the association has ever held and that it will also be one of the biggest events of its kind ever held in the northwest.
