

**STRONG TEAM WILL BE PUT IN FIELD—FIFTEEN CANDIDATES TO BE TRIED OUT.**

**PROF. JORGENSEN WILL COACH UNTIL ARRIVAL OF COACH M'ARTOR NEXT WEEK.**

**Rugby Will Be Strong Contender—Minot Weakens—Grand Forks and Fargo the Same—Many of Last Year's Team Will Put on Moleskins—Good New Timber.**

The best football team that ever represented Devils Lake is the hope of the boys of the high school who will start active work next Monday afternoon to make a championship team for Devils Lake and retain it if possible the title that the city has acquired in baseball and along other athletic lines.

While the team this year will lose some of its stars of last year, principally Lloyd Stevens, yet there is an abundance of timber which should show up well in moleskins and with Jones, McLean and Powell in the game, the old war horses of by gone days, there is no question but what the representative high school teams of other places will find plenty to handle in Devils Lake.

The team this year will be considerably better than that of last year, possibly twenty pounds better at the least. Captain Rluberg, in talking with a World representative, was confident that this would be the banner year, Minot, the old contender, taking a third year rest, but this year by the loss of several star players, while Grand Forks and Fargo will be represented by much the same team.

**Handicapped Some.**  
The team will be handicapped some at the start due to the failure of Coach McArthur of Ohio to arrive on the scene. He will not be here until a week from next Monday. Coach McArthur has a record at West Vernon, Ohio, where he coached for two seasons. He is an old university star and should be responsible for something exceptional in Devils Lake, having exceptional material with which to work.

The first week's practice, due to McArthur's absence, will be under the direction of Prof. Jorgenson, principal of the high school, who has been responsible for some exceptional work at Cleveland. Prof. Jorgenson has kindly consented to let the boys through the first rudiments and when McArthur arrives much will have been accomplished.

**Shower Baths.**  
New shower baths which have been added at the high school will greatly add to the training quarters of the boys, who will do all the sermivage work at the baseball park, taking the long jaunt every evening as part of the training routine. The changing room at the school building will be fitted up and this will be a valuable asset to this year's team.

Besides Captain Rluberg, who is enthusiastic about the team, and is an old hand at the game, Fred Jones, a real live dodger and plunger of former years will be in the back field along with McLean, who is never found wanting in the knowledge of the game and for playing ability.

No one could doubt the power of Albert Powell at center, who was recognized last year as the star of the state in the pivot position. Powell is big and strong and very quick, making his services on the team very valuable.

James Elmshie, the Rugby team will probably be seen at end with Rluberg on the opposite corner, while Aggy Lorey may also try out for a backfield position. George Crawford may be in the back field, while Ike Goldberg and Ray Young are counted upon for a place behind the line before the elimination process starts.

**The Line Men.**  
Besides Powell, of last years team, John Smith, Howard and B. Bowman are slated for either guards or tackles, while Howard Huseby will also land a position on the line. Ralph Glerum, Arthur Serungard and Dale Davis represent some of the new timber that should be counted upon as an asset when put against state opposition.

With Moon and Jacobson off the line not eleven the locals count on putting up a good front when the Magic City is visited. The boys also hope to climb the frames of the Rugby aggregation and put it over Prof. Schroeder's whirlwinds, who are slated to tip the scales at 170 pounds. Prof. Schroeder has a large force of coaches already at work and the rivalry of these gridiron warriors is now at top notch. Devils Lake is determined to defeat Rugby, if no other team, during the season. Grand Forks and Fargo are about as strong but little line can be given on the big city aggregations as they will not get in action for another week.

**Schedule Arranged.**  
Even at this early date Manager Jorgenson has a schedule about ready. No dates are to be filled in, but a few games have not been definitely settled upon. Nine or ten games will be played in all and the season will open here a week from today when the Alumni of the institution will be taken on for the initial contest.

The following schedule has been arranged:  
Sept. 16—Alumni at Devils Lake  
Sept. 23—Cando at Devils Lake  
Sept. 30—Lakota at Lakota  
Oct. 7—Rugby at Devils Lake  
Oct. 14—Mayville or Park River at Devils Lake  
Oct. 21—Grand Forks at Devils Lake  
Oct. 28—Larimore at Larimore  
Nov. 4—Minot at Minot  
Nov. 11—Fargo at Fargo or Devils Lake.

**MASHER BEATEN UP.**  
Chicago, Sept. 11.—Taking the law into their own hands, Charles Peterson and Fred Sorenson, brother and half brother of Mrs. Anna Osby of Kenosha, lured George N. Tully, match-maker of the Kenosha athletic club, to the lake front in that city, and after giving him a sound beating surrendered to the police.

It was Kenosha's first exhibition of the unwritten law. The two men planned their attack on Tully deliberately, it is said, to avenge an attack alleged to have been made by him on their sister.

Judge Randall, when he heard the case, declined to impose a fine, but gave the two men a lecture on taking the law into their own hands.

**PHOTOGRAPHER HURT.**  
Preparation for Flash Light Explodes Prematurely.  
Leeds, N. D., Sept. 12.—An explosion of the flash light attachment of a photography outfit was the cause of excitement in this city Saturday. The traveling photographer was about to take an inside view of the Leeds meat market and intended to use the flash light. In some manner it exploded, wrecking the outfit and badly lacerating the operator's hand and burning him on the right leg. The explosion was loud enough to be heard three blocks away. The entire glass front of the building was blown out. No fire resulted.

**FARM HAND GIVEN HEARING AND IS RELEASED—EVIDENCE NOT SUFFICIENT TO HOLD.**

Grand Forks, N. D., Sept. 12.—At a hearing held last evening, Stephen K. Smythe, the man held as a suspect in the Los Angeles dynamiting case, was released, as the evidence was not strong enough to hold him. Smyth admitted that he had been in Los Angeles in Pennsylvania and that he had been bootlegging in northern Minnesota, but denied ever having been in California. As there were several discrepancies in the description of the two men he was released.

The facts as given in yesterday's Grand Forks Times are as follows: On suspicion that he is M. E. Schmidt, wanted in Los Angeles, Cal., in connection with the sensational dynamiting of the building of the Los Angeles Times, a man giving his name as Stephen K. Smyth was placed under arrest at the Elk Valley farm near Larimore today and will be lodged in either the Larimore or the Grand Forks jails tonight.

Smyth has been employed on the farm since early in May or the latter part of April of this year and has been under suspicion for about a month and a half. The arrest of Larimore being responsible for the arrest that was made today.

The arrested man tallies in many details with the description that has been sent out from Los Angeles of a man wanted in connection with the dynamiting. The circular description tells of a man about 5 feet 11 inches tall, weighing between 180 and 190 pounds, about 30 years of age, sandy complexioned and a man who is a jack of all trades, particularly handy in cooking, etc. In many instances his description fits in with that of the suspected man.

Smyth or Schmidt as the case may be, appeared to be considerably frightened when apprised of the fact that he was wanted on a charge of such a serious nature, but protests his innocence.

Schmidt, the wanted man, has also been known under the names of F. A. Perry, A. J. Leonard, and J. B. Bryson and there is a reward of \$25,000 out for his capture.

Mr. Edwards suspected Smyth first about six or seven weeks ago and immediately communicated with the Los Angeles authorities and secured an accurate description of the man they wanted as possible. Since then he has talked to the man who is now under arrest on several occasions and from these conversations has strengthened his first belief. He declares to the Times today that he was quite confident he had the right man.

The alleged dynamiter, in his conversations with Mr. Edwards, has told several peculiar stories, contradictory in their nature. He first declared that he never had been in California and afterwards admitted that he had.

**SHERIFF M'LEAN RECEIVES A LARGE BUNDLE OF CIRCULARS FROM ARMY.**  
According to circulars received by Sheriff McLean to be posted in his office, desertions are occurring in the United States army in great numbers. Already the sheriff has several walls of his headquarters posted with bills of the army and reward of \$50 for the return of each deserter and a new batch is received nearly every day.

The posters contain a heavy line at the top in black face type announcing the reward offered. This is followed by the name and two half tones showing the fact and profile of the man wanted. Then comes a description stating with what troop the man was in, the date of his enlistment, when he deserted, scars or other means of identification and the residence of his parents or relatives.

Upon capture the man may be returned to the nearest army post, where the reward can be claimed. The act of congress approved June 18, 1898, provides that it shall be lawful for any civil officer having authority under the laws of the United States or any state, territory or district, to arrest offenders, to summarily arrest a deserter from the military service of the United States and deliver him into the custody of the military authority or the general government. Any information that may be secured as to the whereabouts of deserters is communicated to the adjutant general of the army at Washington, D. C.

It is said that the glitter of military life as a private wanes after a certain length of service, and seeing good opportunities in the commercial field the men grow dissatisfied and restless and after a time decide to risk court martial by desertion. The penalty for desertion is usually imprisonment at hard labor at one of the military posts throughout the country.

**REPEAL OF PROHIBITION LAW IN MAIN CARRIES BY VOTE OF OVER FOURTEEN HUNDRED**

Portland, Maine, Sept. 12.—The state of Maine went wet yesterday by a majority of 1400, with twenty-five small town missing. It is not expected that the returns from these towns will change the result, as those heard from gave small majorities for the repeal of the prohibition law. The result of the change in this state will be watched with interest all over the country. Both sides worked hard at the election yesterday and a late vote was polled.

**Mr. Wilberg or Mr. Fraine?**

Several days ago The World published a letter from Mr. Wilberg, a prominent farmer living near Bartlett, complimenting us on the paper and expressing his delight at having subscribed for it. Last week the Inter-Ocean published a letter from Col. J. H. Fraine of Grafton expressing his delight at the stand that paper was taking and enclosing his subscription. It also published letters and comments from Victor Wadrops, Leeds, J. B. Wineman of Grand Forks, Geo. Hancock of Fargo and a number of others from various parts of the state. The World does not dispute that the Inter-Ocean has added a large number to its list from among the politicians in the state nor can the Inter-Ocean dispute

our statement that during the last few weeks we have added several hundred prominent residents of Ramsey and adjoining counties.

**WHAT LIST IS OF MOST BENEFIT TO THE MERCHANT?**  
It cannot be claimed for a moment that advertising in the copy of the paper that goes to Col Fraine of Grafton will help the local merchant, nor that J. B. Wineman of Grand Forks will order his farm machinery from a Devils Lake dealer, but it can be truthfully stated that an advertisement from a Devils Lake concern is of more than passing value to Mr. Wilberg of Bartlett and the hundreds of prominent farmers that The World has recently added.

**VALUABLE PAINTING STOLEN FROM HOTEL—CASE RESEMBLES MONA LISA THEFT.**  
Minneapolis, Sept. 11.—It became known here today that the picture "Die Frau," valued at \$10,000, was stolen from the women's parlor at a hotel here last night under circumstances similar to those surrounding the theft of "Mona Lisa" from the art gallery in Paris recently.

The picture done in oil and painted by C. P. Ream, is owned by Mrs. Sielaff, and was one of a valuable art collection gathered by Mrs. Krause from centers of Europe. It was cut from the frame.

**GARY'S MAYOR AND FIVE COUNCILMEN ACCUSED OF BRIBERY MAY BE TRIED SOON.**  
Gary, Ind., Sept. 11.—Charles Green, who is prosecuting attorney of Lake and Porter counties, said today that he would present evidence against Mayor Knotts and the five councilmen arrested on bribery charges to the grand jury tomorrow. Contrary to his action in former cases of alleged graft the attorney said he would take personal charge of the prosecution and said the men probably would be brought to trial in the Lake county circuit court some time this week.

**CRUISE OF THE BLACK CAT.**  
Detroit, Mich., Sept. 11.—Four hundred lumbermen, with their wives and friends departed from Detroit Saturday on the steamship City of Cleveland for a five days' cruise on the upper lakes. The lumbermen are members of the Concatenated Order of Hoo-Hoo and the cruise is in connection with the twentieth annual convention of that fraternal order, the sessions of which will be held on board the boat. The cruise will be through Georgian bay to the Soo, returning down the east shore to Lake Huron.

**STORE BURNED.**  
Rolette, N. D., Sept. 11.—The large department store of A. B. Herrman, burned to the ground early Saturday morning and nothing is left of the store or building or adjoining warehouse. The loss is about \$25,000, partly covered by insurance. The fire broke out at about 3:30 this morning and it was too far advanced when the fire company arrived to do anything with it. The store of P. J. Myhre across the street was easily saved as there was practically no wind.

**ALASKA NOT SO GOOD.**  
Philadelphia, Sept. 11.—President James McCrea of the Pennsylvania Railroad company, who returned a few days ago from Alaska, is not so optimistic about the immediate future of that great territory as are some other persons. He says that the value of Alaska lies in its mineral resources and fisheries and on account of topography and climate conditions a large part of the territory cannot for a long time to come be self-sustaining from an agricultural standpoint.

**TEN DOLLARS AND COSTS THIS MORNING.**  
George Gaspus was brought before Judge Maxson this morning and fined ten dollars and costs for violation of the game law, having shot a sea gull. He paid the fine and was released.

**LIFER GOES INSANE.**  
Convict Sent to Asylum from the State Penitentiary.  
Bismarck, N. D., Sept. 12.—George Moline, serving a life sentence on conviction of murdering his father, has been declared insane and transferred from the penitentiary to the hospital for the insane at Jamestown. The mother of Moline was convicted of a crime and served a term in the North Dakota prison. Moline has been acting queerly for some time and his condition led to an examination into his mental condition and he was declared insane.

**JUDGMENT IS REVERSED IN SUIT FOR ALIENATION OF WIFE'S AFFECTIONS—TRIED HERE**  
A decision in the famous case of Charles C. Gessner vs. Arthur Horne for alienation of his wife's affections and criminal conversation has just been handed down. The case was tried before Judge Cowan and a verdict was returned in favor of the defendant. An appeal was taken to the supreme court on the grounds that the instruction to the jury was erroneous and the judgment is reversed.

The complainant was for alienation of his wife's affections but the evidence went to show criminal conversation. The decision follows:  
The opinion was written by Judge Fisk. Chief Justice Morgan did not participate and Judge A. G. Burr sat in his place. Anderson & Traynor appeared for the appellant and P. J. McGory and F. T. Cuthbert represented the respondent.

1. Complaint construed and held that its allegations are sufficiently broad to embrace not only a cause for action for alienation of affections but also one for criminal conversation; and that the cause of action is not intermingled, instead of separately pleaded cannot avail defendant. His remedy was by motion to require a separation of such causes of action.

2. Conceding, as contended by respondent, that plaintiff's counsel in drafting such pleading, did not intend to allege a cause of action for criminal conversation, such fact does not preclude plaintiff from recovering thereunder. The fact that a party proceeds to trial upon a mistaken idea as to the nature of an action and the scope of the issues framed by the pleadings does not deprive him of the right to such relief as is consistent with the real issues and the proof in the case where he has not expressly or impliedly waived such right.

**RED MEN ARE ALL ANXIOUS TO JOIN FORESTERS SAYS THE STATE ORGANIZER.**  
Arrangements are being rapidly completed for the organization of a Foresters lodge among the Indians at Fort Totten, according to C. L. Riley, a state organizer who was in the city yesterday.

"The Indians are all anxious to join," said Mr. Riley, "and we look forward to the organization of the new lodge. The founder of our lodge was of Indian birth and yet the one here will be the first in the United States. There is an Indian lodge in Canada, however."

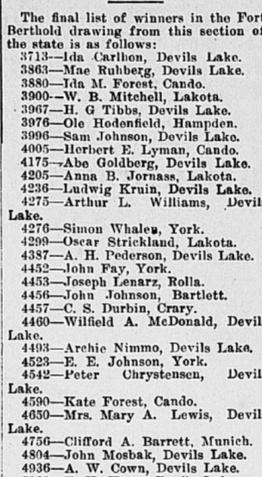

Mr. Riley has just returned from Cando where he assisted in the installation of a lodge there with seventy initiates.

**NO CHANGE IN THE PLAN OF CAMPAIGN SINCE IT OPENED IN CANADA.**

Winnipeg, Man., Sept. 10.—The reciprocity vote is but ten days away. There has been no change in the plan of the campaign since it opened. Those opposed to the pact have confined themselves to an effort to show that under reciprocity Canada will lose her independence. The Liberals however ridicule the theory and say that trade will be greatly increased by such a move.

**CONTINUED BY JUDGE COWAN UNTIL SEPT. 23—MORE TESTIMONY TO COME.**

Last Saturday evening the matter of the custody of the Houff child was continued until September 23, at which time depositions will be received from William Houff now in Virginia and the testimony of the defense. During the interim Judge Cowan placed the child in the care of Sheriff and Mrs. McLain allowing the mother, Mrs. Houff, and Mrs. Pitman the privilege of visiting with the little one an hour each day.

**DOG SAVED LIFE.**

Lynn, Mass., Sept. 11.—To a barking dog, Thomas J. McLaughlin owes his life today. McLaughlin was found asleep last night when his house caught fire from a lighted pipe he had left in his pocket. The dog, asleep on a lower floor, rushed up to McLaughlin's room and woke him up. Finding escape by the stairs cut off the animal pulled him to a rear window from which both leaped to safety.

**SESSION SATURDAY EVENING RESULTED IN THE ADOPTION OF THE BOND RESOLUTION.**

At the meeting of the city council held last Saturday evening the resolution for the sale of bonds for the fire hall was adopted and the report of the committee on the extending of the city limits was accepted. The matter of special assessment was rejected.

**MOTHER**

Did you ever stop to think that money put into Life Insurance is better for you than putting it into a Savings Bank—Listen! You and your husband can buy a Northwestern National Joint Endowment Policy for just a little more than you would pay for a regular Endowment on your husband alone.

If he dies, you get the money; if you die, he gets the money; if you both live, you both get the money; or the money can be made payable to your children in case of the death of either, and may be made payable in one sum or in any number of installments, guaranteeing a sure and certain income for a term of years or for life.

During all the time this policy is in force it has a constantly increasing value, plainly stated in the contract for each year, and enabling you to borrow money at a low rate of interest, if necessary, without sacrificing your insurance.

Meanwhile you are laying up something for old age, if you both live.

Cut this out and talk it over with your husband and ask our nearest representative to call at your home and explain the splendid features of the policy.
