**CUSTOMS OFFICERS DECLARE THEIR WORK HAS COVERED A LONG PERIOD.**

**AFFAIR HAS BEEN GOING ON AT BORDER LINE FOR SEVERAL MONTHS SAY OFFICIALS.**

Traffic That Reached Great Magnitude Is Nipped in the Bud—Officials are Looking for Men Higher Up—More Arrests are Expected to Come—Thousands of Bushels of Wheat Have Been Smuggled Yearly.

That grain smuggling has been practiced along certain portions of the North Dakota border for a long time and that the customs officials have been negated in working on the cases over a lengthy period, is the information obtained in St. Paul from the customs officers when questioned with reference to the arrests that were made at Norma, this state, by Agent Geo. W. Foulkes.

That the smuggling traffic in wheat has reached great magnitude and has involved yearly thousands of bushels of wheat was asserted. The customs officials in the last year have made some arrests of farmers for smuggling wheat across the border, but the amount smuggled has been so small that it has attracted little attention. Many more arrests would have been made, it is said, but the customs officers were looking for men higher up, who, it was believed, were directing the system. "The smuggling of the wheat across the border is in many instances comparatively easy," said Marcus Johnson, collector of customs at St. Paul. "The difficulty is in disposing of it without detection."

This, it is alleged, is what the system takes care of. Special agents, it is said, go to Canada, and buy the wheat and make arrangements to have it hauled across the line by some of the farmers.

**FINAL DECREE ENTERED BY THE COURT YESTERDAY—FILING FEE AMOUNTS TO \$1,110.**

Fargo, N. D., Oct. 6.—The final decree in the estate of Bishop John Shanley of North Dakota, who died on July 17, 1909, was entered in Judge Hanson's court here yesterday. By the terms of the will the estate, valued at something more than \$222,000 was bequeathed to Archbishop Ireland of St. Paul, and thus the estate was given in its entirety to the Catholic church. The filing fee of \$1,110 was the largest ever recorded in Cass county and the whole decree covered over 50 typewritten pages of paper.

**GRIFFIN WILL LIVE IN THIS CITY**

Edmore Herald-News: E. H. Griffin has sold his residence here to local parties and as soon as arrangements can be made he will move his family to Devils Lake in order that he will be more conveniently located to attend to his duties with the Nichols & Shepard Thresher Co. The Griffin family have lived in Edmore for several years and have been identified with the upbuilding of our village and it is a cause of deep regret to the people of Edmore that they are leaving our village, but we are glad to know that they will still make Ramsey county their home and are not going so far away but their many Edmore friends will be able to see them once in a while. For several years Mr. Griffin was engaged in the implement business here but a couple of years ago he sold out and since then has filled the position of chief clerk of the house of representatives at Bismarck, and during the past season he has held a position with the Nichols & Shepard Thresher Co., and he expects to remain with this company during the present year, as he has charge of the collection for them in this state. Mr. Griffin has held various offices in our village and has always made good. Until this week he has held the office of president of the city council for the past two years and during his administration our village affairs have been conducted in a satisfactory manner. He has taken an active interest in the welfare of the village and has done his best to see that all laws were enforced. No matter where they go the Griffin family will have the best wishes of the people of Edmore and we all hope and trust that they will prosper. Edmore's loss is Devils Lake's gain in his case.

**WELL KNOWN JOURNALIST SUMMONS TO APOPLEXY IN HOTEL.**

Philadelphia, Oct. 6.—William Elroy Curtis, well known traveler, journalist and writer on political topics of Washington, D. C., died suddenly in a room in a hotel here tonight. Curtis arrived here at noon today from New York, accompanied by his wife.

New York, Oct. 6.—The toss of a coin in the presence of the national baseball commission today, started the final arrangements for the post season series of games for the world's championship between the New York team, winner of the National league championship and the Philadelphia team, winner of the pennant race in the American League.

New York won the toss and accordingly it was decided that the first game shall be played here. The national commission, which met here today to perfect arrangements started October 14 for the first game and adopted this schedule:

Oct. 14—New York.  
Oct. 16—Philadelphia.  
Oct. 17—New York.  
Oct. 18—Philadelphia.  
Oct. 19—New York.  
Oct. 20—Philadelphia.

The series continues until one club has won four games. In case a seventh game is needed to decide the winner the commission will determine the grounds on which it shall be played. A tied or postponed game will be played off on the grounds called for by the original schedule before playing the game following it in his schedule.

**NORTH DAKOTAN IS WEDDED ON STEAMER**

Horace Bailey of Frederick Meets His Future Before She Leaves Liner—Had Parson Ready.

Boston, Mass., Oct. 6.—Horace Bailey, of Frederick, N. D., and Miss Grace Peal of Evesham, England, were the contracting parties in a wedding on shipboard today. Miss Peal was a passenger on the White Star liner Arabic. Mr. Bailey, who is said to be a wealthy rancher, has been waiting for the arrival of the steamship for some days, with the impatience of an expectant groom. When informed that the ship would dock today, he arranged not only to be one of the first to board the steamer, but to take with him James Burns, the "dock parson."

**RECEIVED HIS INFORMATION FROM FRED MANN—PROMPTED HIM TO WRITE ARTICLE.**

**SLUR ON THE OFFICIALS—DOES NOT KNOW OF ANY BEER BEING SHIPPED TO CITY.**

Called Before States Attorney—Agent Denies Making Any Statement to Fred Mann That 200 Cases Were Shipped to Devils Lake Every Week—More Testimony in Matter is Likely to Follow.

Confessing that his knowledge was merely hearsay, that he knew of no violations of the liquor law in Devils Lake, that he did not know of any beer being sold in the city and that he had received his information which prompted him to write a slurring article against the officials of the city and county from Fred Mann, the editor of the Journal, miserably failed to substantiate the scurrilous attacks he has been making upon the city and county officers, when called to testify before States Attorney Duell Friday afternoon.

Wednesday evening Mr. Bloom printed an article claiming that fifty cases of beer were received by a Rounds & Co. of this city and that they were receiving 200 cases each week. He added to this information several slurs upon the county and city officials in the nasty way that has characterized his newspaper's subcommittee issues yesterday afternoon for Mr. Bloom and he appeared before States Attorney Duell where he was cross-examined. He admitted being editor of the Journal and had full knowledge of the article. He denied knowing personally the reporter who wrote it, but said that he had been informed by Fred Mann of the shipment. He also said that Mr. Mann had told him that the agent had received 200 cases per week. The agent when interviewed said: "I have never told Mr. Mann or anybody else about the shipments into this city as I do not personally handle that end. My books are open for inspection by the proper officials." Bloom further stated under examination that since the time he was a witness for the prosecution in an alleged blind pig case where he testified to drinking beer, he knew of no illegal sales; that he did not know whether or not there was any beer being distributed here, though he had seen cases piled at the depot. He was then dismissed and it is understood that Mr. Mann will be called as a witness some time today.

**THIS ONE GETS AWAY FROM TWO MARRIAGES**

Kansas City, Oct. 6.—To be released from two marriages in one proceeding was the novel experience of Mrs. Sarah M. Jones Houseman in the circuit court here yesterday. She was released from Rev. Joseph Eugene Houseman, to whom she had been twice married.

Mrs. Houseman said they were married the first time while Houseman, who is an evangelist, had two other wives and the second time while she was under the influence of a drug. She testified that she met the evangelist at a revival meeting. After their marriage she learned that he had a wife at St. Louis and another in Canlon, Kan. She had him arrested for bigamy and then signed his bond, she said.

Houseman asked her forgiveness today. "I will forgive you for sinning," she said, "but I will not live with you."

**DEPUTY STATE TREASURER VICTIM OF AN ACCIDENT—WIND DEMOLISHED GLASS.**

Deputy State Treasurer Thomas Tharidson of Grafton had a narrow escape from perhaps fatal injury when he was struck on the head by plaster falling from the ceiling of the treasurer's office at the capital building in Bismarck.

The wind storm blew in one of the lunette windows in the chamber of the house of representatives. The window fell to the floor with such terrific force that it knocked the plaster from the ceiling of the room below which was occupied by the state treasurer. The plaster struck Captain Tharidson about the head and severely cut his scalp and temporarily stunning him. He immediately summoned medical aid and several stitches were taken. He is able to be about as usual, and his many friends rejoice that the accident did not prove more serious.

**ANOTHER TO BE PUT OVER WITH DRUG STORE CASES AT LAKOTA TERM OF COURT.**

There will be little business for the October term of the district court of Nelson county when it is convened at Lakota by Judge Tompkins, it having been announced that two of the Devils Lake drug store cases would be dismissed at that time and that the other case pending would be continued over to the regular January term.

The Aneta murder case in which young Clyde Sperry is charged with killing Kenneth McKenzie does not come up at the October term, laying over until the January term.

**N. P. TO EXTEND TO HENSLE**

Mandan, N. D., Oct. 6.—Definite orders have been issued by the Northern Pacific railroad for the extension of the north line of that road to Hensler, a distance of 40 miles from Mandan. Previous orders for railroad work on the line provided for construction only as far as Sanger, to which point the line is now nearing. The steel crew, however, will continue operations to Hensler without delay.

**AN AMOUNT OF \$1,750 HAS BEEN RAISED—\$250 MORE IS NEEDED AT ONCE.**

Rev. A. E. Clattenburg is more than pleased with the way the members of his congregation and others have donated toward the \$2,000 fund for the erection of the Guild house. Of the amount needed \$1,750 has been subscribed and the other \$250 is sure to come according to Mr. Clattenburg, who was very enthusiastic about the new building last evening.

As soon as the balance of the money is forthcoming work on the new structure will be started and from the plan that has already been submitted Devils Lake will be given another valuable asset in the erection of the new building.

**DO NOT LET THE CAT OUT OF THE BAG UNTIL THE TIME IS RIPE ENOUGH.**

The Assistance Newspaper Boys Lend the Police is Responsible for Much Crime Being Run Down for Which the Detective Department is Very Grateful—Mr. Duffy Will Probably Leave the City Tonight.

Sergeant John J. Duffy of the detective bureau of Chicago will probably leave this evening with Lawrence Walsh, the lad who will be taken back to the Windy City to answer the charge of rape.

Mr. Duffy is a great admirer of the newspaper boys and he is especially proud of the Windy City papers, where he says the boys do not let the cat out of the bag until the time is ripe and thus aid the police greatly. The newspaper boys are thus held in the confidence of the city police department in such a manner as to assist them in their work, and are responsible for running down many crimes that the police might not be able to get.

**NORTH DAKOTAN WHO WANDERED AWAY WHILE WORRYING MADE MISTAKE.**

Cloquet, Minn., Oct. 6.—Eli Garceau returned Monday from Sherwood, N. D., where he was called a few days ago to assist in the search for his brother Adolph Garceau, who disappeared from Sherwood August 22. Mr. Garceau says that no trace of his brother has been found, the last seen of him being when he drove from his farm to Sherwood, tied his team in front of a livery stable and later went to the station. He lived on a farm near Sherwood and kept bachelor's quarters with his brother, running the farm on shares.

They fear that worry over crops temporarily unbalanced his mind. Early in the season hail and frost threatened the destruction of the flax crop, but Mr. Garceau says at the present time could his brother be found he need have no anxiety as he has 320 acres of the finest flax in that country almost ready to be cut and which he will sell at or twelve bushels to the acre. Besides this the missing man had five heavy working teams, which have been busy all summer and also owned 200 acres of land under cultivation. Adolph Garceau is about 37 years old. Another brother, George, lives near Sherwood. They also have a brother at White Bear and one in Chicago and a sister in St. Paul.

**DASTARDLY ATTEMPT WAS MADE NEAR AMENIA YESTERDAY—IRON PLACED ON TRACK.**

Amenia, N. D., Oct. 6.—A dastardly attempt to wreck passenger train No. 198, on the Great Northern, was made four miles south of Amenia late Wednesday. A lot of heavy iron was piled on the track sufficient to have caused a fearful smashup.

Archie Wahowski of Amenia was returning to Casselton and saw the obstruction on the track. He hurried into Amenia and gave the alarm which was immediately telegraphed to the next station south, so that all trains would be warned.

No. 198, the passenger train from Larimore, was due to go through Amenia in a short time after the warning came in and it ran slowly after leaving Amenia until the obstruction was reached, when it was removed.

There is absolutely no clue to the perpetrators of the act.

**OREGON INITIATIVE AND REFERENDUM LAW ATTACKED IN U. S. SUPREME COURT**

Washington, Oct. 6.—The task of attempting to put an end to all the initiative and referendum legislation in this country was begun today in the supreme court of the United States, when counsel for the Pacific States Telephone and Telegraph Company, filed a brief attacking the existing law of Oregon, because it was enacted by virtue of the initiative amendment to the state constitution, which is alleged to be in violation of the federal constitution.

**THREE CHILDREN FOUND STARVING AFTER 3 DAYS IN A HOUSE ALONE**

Kansas City, Oct. 6.—Three children, the eldest 7 years old, and the youngest 9 months old, left alone for nearly three days with nothing to eat save a half loaf of dry bread, were found by the police in a small bare cottage in the outskirts of this city yesterday. The police instituted a search for the mother, Mrs. Jose Stewart, who is said to have left the cottage in search of work. The children's parents separated a year ago.

When found, Emmett, the baby, and Edith, aged 4, lay asleep, weakened by lack of food, while Aubrey, 7 years old, sat near them weeping. The last crust of the loaf had been eaten. "Mamma went to get work and said she'd be back soon," said Aubrey. "We are waiting for her."

The boy's condition is serious.
