LEOPOLD CHIOSTRI CALLED BY DEATH LAST SUNDAY MORNING AT 4:30.

EMPLOYED AT WORLD FOR A TIME AND WON RESPECT OF MANY PEOPLE.

His Close Attention to Duty and His Ambitious Manner Was a Virtue Seldom Attained by Boys of His Age—Funeral Will Be Held Wednesday Morning From Catholic Church, of Which He Was a Member.

Sad indeed was the death of little Leopold Chiostri, son of Mr. and Mrs. Otto Chiostri, who passed away at 4:30 Sunday morning after an illness of five weeks, typhoid fever being the cause of his demise.

Leopold was 12 years old and was one of the brightest little lads in the city. He was a regular attendant at the local school where he was a seventh grade pupil. Up to the time of his illness he was employed at The World office as carrier boy, and his strict attention to duty and his ambitious manner won for him many friends along his route.

Every aid possible was tendered by the fond parents in an effort to save the life of the boy. He was taken to the hospital and for some time his recovery was looked for. Leopold also made a brave struggle up to the time of the visit of the grim messenger Sunday morning.

The boy was born at Spring Valley, Minn., coming to Devils Lake with his mother, who with a brother, Marie, years ago, are left to mourn his loss.

The funeral will take place from the Catholic church where Leopold was a regular attendant. High mass will be said at 9 o'clock Wednesday, Rev. Father Augustine offering tribute. The many friends of little Leopold, his school mates, mourn his loss and many expressions of grief have been offered the parents, who are deserving of every sympathy at this hour.

Interment will be made after the funeral service at the Catholic cemetery in this city.

LIBRARIAN ANNOUNCES RECEIPT OF SEVERAL NEW EDITIONS.

Among the books placed in the library shelves this week are the following:

Montgomery—The Story Girl: The usual events of farm life are glorified for a group of boys and girls by the marvelous and weird tales of "The Story Girl."

Harrison—Queed: The record of a self-centered academic sociologist. An atmosphere of reality, a charming heroine, and excellently drawn minor characters, make this one of the strongest stories of recent publication.

Kester—The Prodigal Judge: A story of the 30's beginning in North Carolina with a friendless small boy, and ending in Western Tennessee after a duel, a kidnapping, an attempt as a servile insurrection and a development of a pretty love story.

Basher—Miss Gibbie Gault: A simple, cheery story, possessing the features that made Mry Cary popular.

Hall: To Love and to Cherish—A story of a rising young lawyer's renunciation of a nomination for the governorship of his mountain state, because of his wife's refusal to enter a life for which she feels herself unfitted.

PAPERS CLAIM BOMB WHICH RUINED TIMES WAS MADE BY CIGARMAKER.

Havana, Oct. 9.—El Mundo today publishes a sensational statement regarding the dynamiting of the Los Angeles Times building, and which was made, the paper says, by one Angel Carballo, who is described as a Cuban cigarmaker, who formerly worked at Tampa, Fla.

According to Carballo, the bomb used at Los Angeles was made by an anarchist for the purpose of blowing up the citizens' committee during the last cigarmakers' strike at Tampa. This plan was abandoned and the anarchist disappeared, only to return later to Tampa and inform Carballo that the bomb had been utilized to destroy the Times building.

After communicating this, the bomb-maker left town, saying he was going to Peru. He is now, Carballo says, employed on the Panama canal. Carballo sets forth that his object in making the statement is to free innocent men from suspicion.

COULD NOT POINT TO ANY VIOLATION IN DEVILS LAKE—LACKED FACTS.

HAD SEEN BEER HAULED AWAY BUT DID NOT KNOW WHERE IT WAS BEING SOLD.

Bloom Claimed that Mann Had Been the Source of Information Which Caused Him to Write a Stinging Article in the Journal Which Was Directed at the Officials—Who Will Be the Next?

Fred Mann of the Mann department store appeared yesterday afternoon before State Attorney Duell in answer to a subpoena and was closely questioned as to his information regarding the violation of the prohibition law in Devils Lake. Following the claim made by Editor Bloom that Mann had been the source of a stinging article directed at the county officials.

Mr. Mann stated that he had seen beer received at the local depot and that he had seen it hauled away, but that he did not know where it was being sold. He also stated that he could not point to any violation of the prohibition law in Devils Lake, though he believed that beer was being sold.

His testimony showed an absolute lack of facts to back any charges and some of his statements were in opposition to the decided denial made by the local agent regarding the number of cases shipped to local people.

The officials have shown themselves ready and willing to proceed with investigation, but can make no arrests until they have the facts in their possession. The county has already been put to thousands of dollars of needless expense by the half baked prosecutions that have been pushed by local organizations.

PATIENT DECLARES THAT PHYSICIAN AT CHURCHES FERRY WAS TO BLAME.

Grand Forks, N. D., Oct. 7.—An action in which J. J. McCollough is suing Dr. Anton Plath of Churches Ferry for \$10,000 is being tried at the district court, the charge being malpractice. The case is an unusual one and is proving very interesting.

On June 6, 1910, McCollough, while working on a farm near Churches Ferry, met with an accident and broke his right arm below the elbow. Dr. Anton Plath, the defendant in the case, was called and set the bones.

According to the complaint McCollough was under the care of the physician for five weeks and that in that time the bones of his arm refused to set properly. McCollough commenced action against Dr. Plath and is suing for \$10,000, claiming that he has been rendered physically incapable of any manual work.

Dr. Plath, in the answer made to the complaint, admits being called to attend to the injured man, admits setting the bone and claims any permanent disability, is the fault of the plaintiff and is due to his own carelessness and negligence.

It is upon that point that the argument hinges. Plath was put upon the stand for the first time this morning, but it is expected that he will be recalled later. J. Cogland, foreman on the farm where McCollough was working at the time his arm was broken, was the principal witness this afternoon.

It is expected that the case will take up about two days. Judge Guy C. H. Corliss is the attorney for Dr. Plath and Attorney W. J. Courtney of Page, N. D., is handling the case for the plaintiff.

BOYS WHO WOULD WRECK GREAT NORTHERN TRAIN READ BAD LITERATURE.

Confession of guilt from two Casselton school boys has been obtained in connection with the attempted wrecking of the Great Northern passenger train running from Grand Forks to Casselton Wednesday evening.

The boys, both of them very young, were landed in the Cass county jail at Fargo today, confessions being secured from them by James J. Davis, a special agent of the railroad company.

Elmer Carlson and Louis Borden are the boys who have been jailed. The attempted wrecking occurred near the way station of Howe, six miles north of Casselton, where the rails were covered with an obstruction consisting of ties and dirt sufficient to cause a bad wreck. Only the fact that a farmer chanced to discover the obstruction prevented a wreck, he flagging the train.

In the confession which it is claimed has been secured, the boys declare that they did it "just for fun," after reading books. The work had been quite complete, the pile being given an appearance that was quite deceptive and which might have prevented its discovery upon the part of the engine crew until too late to prevent a smash-up.

It is claimed that there are several other Casselton boys mixed up in the affair.

WILL HOLD MEETING THERE NEXT YEAR—RECORDED ATTENDANCE AT ST. PAUL.

St. Paul, Oct. 7.—After two days session of the Minnesota State Medical association it was decided to hold the next convention at Duluth. A record attendance is the main feature of the meeting.

SO SAYS B. G. DUNN & CO. IN REPORT TODAY—COTTON GOODS GO VERY SLOW.

New York, Oct. 7.—R. G. Dunn & Co., will say today that there is a good demand for staple articles which has been the main feature of the trade circles during the past week. Satisfactory orders for most lines of trade. Purchasers in cotton goods go slow because of the revision of prices of raw material.

PREM. LAURIER HAS RESIGNED—Ottawa, Ont., Oct. 7.—The Laurier ministry has resigned and Premier-elect R. L. Borden has accepted the call of his loyalty to form a cabinet.

B. WILKINSON TAKEN IN CHARGE AT GRAND FORKS—MORE ARRESTS TO FOLLOW.

ADMITS GUILT OF SPECIFIC CHARGE OF SEPT. 29—MANY OTHERS ALSO.

Affair Has Been Going On for the Past Six Months—Baggageman on the Winnipeg Flyer Who Was Putting the Officials "Wise" that he had a Follow Who Was in the Deapest—Some Sensational Developments Fomed.

Grand Forks, N. D., Oct. 7.—B. Wilkinson was arrested here today on the charge of smuggling. Wilkinson is a baggageman on the Winnipeg Flyer between St. Paul and Winnipeg. It is claimed that the work of smuggling goods from Canada into the United States has been carried on by Wilkinson for the past six months, though the specific charge on which he was arrested occurred September 29.

Wilkinson was brought before United States Commissioner George Robbins in this city this afternoon and bound over to the federal court under \$1,000 bonds. Wilkinson will plead guilty to the charges.

In a confession which Wilkinson makes he admits that he has been charged against him. He has been on the road for the past seven years and was always considered one of the good boys. He put the officials "wise" to a number of violations and it was thought that he was helping them out, when the fact he was doing the same thing himself.

It is understood that many new developments will come as a result of the arrest and it is certain that other things that have occurred within the past week will have a direct bearing on the case.

Some startling information has been secured by Customs Officer Jud LaMoire Jr., and assistant and it may be that some of the federal officials will figure prominently in the case.

Several other phases of the matter will be brought out as a result of the investigation, which will be continued, and some real sensations which will carry to every portion of the United States are promised.

NELSON COUNTY WILL HAVE SOME EXCEPTIONAL EXHIBITS AT ST. PAUL LAND SHOW.

Nelson county is planning to make an exhibit of corn, alfalfa, clover, timothy, buckwheat, flax, rye, wheat, barley and oats at the big Land Show to be held in the auditorium at St. Paul, Minn., on December 12 to 23 inclusive, under the auspices of the Northwestern Development League.

They are anticipating an attendance of five hundred thousand people interested in the development of the Northwest. The County Commissioners of Nelson county have appropriated \$500 to assist in making their county exhibit a success.

There are some seven other north-central counties, including Nelson, that will occupy a \$1,000 space at the Land Show. It will be known as the "Lake Region" of North Dakota, to distinguish it from the Missouri slope or the Red River valley. This "Lake Region" is the best part of the state.

It is very important that we let the people of Minnesota, Iowa, Illinois, Wisconsin and Indiana know what we are raising and can produce in Nelson county, also show them that we are going more and more into diversified farming. We are anxious to have more good farmers come in among us.

A handsome illustrated tract, descriptive of our soil products, farms, etc., will be published for free distribution at the Land Show and will also be mailed to all friends of our farmers who will furnish us with the addresses.—Nelson Co. Observer.

ARMOUR & CO. ENTER A PLEA OF NOT GUILTY ON BEING REQUESTED TO PLEAD.

Fargo, N. D., Oct. 7.—In the case of the state of North Dakota against Armour & Co., defendants entered a plea of not guilty to the charges preferred against them yesterday in the district court before Judge Pollock.

The state, through Pure Food Commissioner Ladd, brought action against the corporation, alleging a violation of the laws of the state which require the exact net weight of goods to be placed on the cans. It was alleged that the commissioner purchased a can of lard from Armour, on which there was no mark of weight, nor was there the name of the manufacturer, jobber or retailer.

When the case was before the court, Armour & Co., through their attorneys, Ball, Watson, Young & Lawrence, demurred to the state's complaint on the grounds that it did not constitute cause for action and that the court had no jurisdiction in the matter.

The court overruled the demurrer and asked the defendants to enter a plea, which was done in the negative form. The case will be tried some time soon, the probable stipulation of the attorneys in the matter.

ANNEXATION CRY.

J. S. Erickstad was here for several days during the past week from Maple Creek, Saskatchewan, looking after business matters. He has a section of land about 50 miles south of Maple Creek and still thinks the country is all right, although there was no crop there last year and only a light crop this year. The latter part of the summer has seen a great deal of rain up there, one rain bringing over four inches of water. Everyone is looking for great things next year. Mr. Erickstad was an ardent supporter of reciprocity in his neighborhood, but he says that they only got a small majority of four or five in his precinct in favor of it. The annexation cry worked a great deal of havoc among the "bloody hinglishmen."—Starkweather Times.

CASS COUNTY COMMISSIONERS HAVE ADOPTED NEW METHOD OF PAYING SALARIES.

Fargo, N. D., Oct. 7.—The board of commissioners of Cass county have adopted a new salary payment system which tends to be much more satisfactory to the employees and will be a great saving of time to the county commissioners.

Under the plan inaugurated the officials of the county and the employees will be given the pay in cash at the end of the month. The county treasurer will make the payments from a payroll to be carried by him.

The payroll will be presented at each meeting of the county commissioners at the first of every month, and they will pass upon it and approve of the salaries.

Boise, Idaho, Oct. 7.—Former Governor Brady of Idaho today promised President Roosevelt to bring upon the errors of the western states to Washington to help him thresh out the question of the disposition of public lands.

ONE TENTH OF A MILL LESS FOR RAMSEY COUNTY—FIGURES ARE COMPILED.

The tax levy for the state and county this year as far as Ramsey county is concerned, is one tenth of a mill less than that of last year, the total state and county levy being 15.7. The total personal property valuation is \$2,449,390.00 and the total real estate valuation is \$4,852,437, making a total valuation of Ramsey county for 1911 of \$7,301,827.

DEFEATS CROOKSTON IN FOOTBALL GAME THIS AFTERNOON BY SCORE OF 28-0.

Grand Forks, N. D., Oct. 7.—In a one-sided football game here this afternoon the Grand Forks high school team defeated Crookston high school by a score of 28 to 0. The Alumni and University teams are also contesting.

REPRESENT FRANKLIN CLUB.

Mrs. Frank L. McVey and Mrs. Sidney Clark will represent the Franklin club of this city as delegates at the biennial convention of the North Dakota Federation of Women's Clubs, which convenes in Devils Lake next Tuesday morning. As the club does not hold its first meeting until October 12 the power of naming delegates was left with President Dr. S. F. Halfyard, who has selected these two able and excellent women.—Grand Forks Times.

THIS STATE HAS NOT YET RAISED SUFFICIENT FUNDS TO PAY FOR SILVER SERVICE.

McVelle Journal: For a considerable length of time the matter of presenting a silver service to the battleship, North Dakota, has been before the people of the state.

The idea of presenting such a service was taken up with an amount of enthusiasm that bespoke success, and for a time the work was undertaken and money was raised in the state. Subscription blanks were sent to every city and town in the state, and as soon as these were returned all interest seems to have abated and the matter time. The effort put forth by these papers was insufficient to meet the cost of the service, and the battleship bearing the name of our state has been deprived of a necessary adjunct to its successful equipment.

As near as can be ascertained the service was to cost about \$10,000, and the effort above mentioned brought in about \$7,200, leaving a balance still due of \$2,800.

At the time of the gathering together of attractions for the fair in Grand Forks the service was secured for exhibition and the sum of \$300 was raised by admission charges which were levied against those who wished to view it. In order to place it on exhibition it was necessary for the fair association to get down on their knees (so to speak) and beg the loan of the service from the manufacturer in order that a "little" money could be raised to help one of the wealthiest states in the union pay for the service which a representative committee had ordered made. At the close of the fair the service was promptly returned to the manufacturer in the east.

For two long years this matter has been hanging fire, and in contrast to the actions of other states when United States have been honored with their names, we have neglected to place on board of one of the most powerful warships in the world, a token of appreciation while the other states have had their service ready, if not at launching time, very soon thereafter.

If there is not enough public spirit in North Dakota to make up the deficiency at once, then let the government come to the rescue and provide sufficient funds so that the service can be wiped out and the service placed where it belongs, thus enabling of with pride on the citizenship of the fleets of the North Dakota to look with pride on the citizenship of the fleet of the state.

HARVEY RAIDS BEING ON ARRESTS OF ELEVATOR AND BANK AMONG OTHERS.

Fessenden, N. D., Oct. 9.—The enforcement of the prohibition law reached its climax yesterday when Sheriff Lyness of Fessenden went to Harvey with a posse armed to the teeth with writs of injunction and warrants of arrest.

The injunctions were against the Bank of Harvey, the Fisher Grain elevator and the Benfree Grain elevator. Many alleged blind piggers were arrested, among them an aged woman named Mrs. Wibery, who was, however, released on her own recognizance, she being old and a cripple. The other piggers are professionals.

The Bank of Harvey is charged with selling bills of lading promissory for quantities of liquor, kept at the railroad depot for that purpose. It is claimed that the elevators gave a bottle of beer back wrapped up in the sacks of every load of wheat they purchased. The town of Harvey is up in arms and claim that it is spite work of the other nearby towns to close up the town of Harvey and thereby reap a benefit. It is a question if a bank can be thus closed for being thus indirectly connected with it.

DEATH MAY RESULT.

Dunseith Man Victim of Very Peculiar Accident.

Dunseith, N. D., Oct. 9.—Lee Stevenson of this city was the victim of a very peculiar accident while engaged in digging a well, a heavy bucket filled with earth, and which was being hauled to the top by means of a windlass, falling back and striking him on the head. When his fellow workmen reached the bottom of the well they found that Stevenson was unconscious, having lost the full force of the heavy load on the head, causing a deep scalp wound and a fracture of the skull, and it is probable that his injuries will result fatally.

MINOT CREW, CHARGED WITH CAUSING DEATH OF AUSTRIAN ARE LET GO.

Towner, N. D., Oct. 9.—When the evidence was presented at the preliminary examination of the three Minot railroad men against whom charges of manslaughter had been lodged as a result of the killing of an Austrian laborer at Surrey several days ago, the justice dismissed proceedings, holding that there was no criminal negligence. The arrests had been made on the ground of manslaughter, with allegations that there had been criminal negligence.

Wm. Stoughton, a Great Northern engineer; E. B. Cannon, a contractor, and Lloyd Walker, a brakeman, were the accused men. They were defended by E. R. Sinkler, retained by the trainmen's organization.
