

MILITARY CONVICT WAS SERVING TIME FOR DESSERTION—SAWED HIS WAY OUT.

WRIGGLED THROUGH AFTER SAWING OUT ONE BAR AND PLYING OTHERS APART.

His Escape Was Discovered Five Minutes After He Got Away But a Heavy Fog Was In His Favor and the Guards' Search Until Midnight Did Not Bring Forth the Desired Results.

Bismarck, N. D., Nov. 6.—Michael Tutale, a military convict serving a term in the guard house at Fort Lincoln for desertion, escaped during the night.

Tutale sawed out one bar of the window in his cell and then pried the others apart, thus affecting his escape, managing to wriggle through a very small space to gain his freedom.

His escape was discovered within five minutes and the guards hunted until midnight but no trace was discovered.

A heavy fog hindered the search and it is feared that due to this fact Tutale will make his get away good.

W. O'GORMAN, STATE INSPECTOR, GIVES SOME INTERESTING INFORMATION.

To the Editor:

As there seems to be some misunderstanding with a great many people keeping hotels, lodging houses and rooming houses, I beg to notify you what constitutes a hotel or inn and public lodging house, and I take this opportunity of quoting a few parts of the different requirements of the inspection law.

Every building or structure kept, used or maintained, or advertised as, or held out to the public to be, an inn, hotel or public lodging house, or place where sleeping accommodations are furnished for hire to transient guests, whether with or without meals shall for the purpose of this act be defined as a hotel, and wherever the word hotel shall occur in this act, it shall be construed to mean every such structure as is described in this section.

Iron or steel fire escapes shall not be less than six feet in length and three feet in width, (dimension of platform) guarded by iron railing not less than three feet in height, such landing shall be connected by iron stairs not less than two feet wide and shall reach within ten feet of the ground. Provided iron ladder is used it must be equipped with round iron rounds not less than fifteen inches apart.

Every hotel not over two stories in height and which is not provided with iron escapes must have a rope at least five-eighths of an inch in diameter and a sufficient length to reach the ground, with knots or loops not more than fifteen inches apart. Such rope shall be fastened to the joist or studding as near the window as practicable, and when fastened to stand the strain of weight of at least five hundred pounds.

Where outer water closets or privies are used they must be properly screened and partitioned for the use of males and females, and disinfected often enough to keep them in a sanitary condition and must be heated in winter.

All bed rooms must be kept free from vermin and the bedding in use shall be kept clean and in sufficient quantity, all sheets must be at least eight feet in length. Each guest shall be furnished with two towels. Cupboards, ice boxes and all kitchen walls shall at all times be kept free from dirt and no dust or grease shall be allowed to collect therein.

In all hotels where 50 cents or more is charged per night for lodging, the sheets and pillow cases must be changed after the departure of each guest. All hotels or rooming houses where 50 cents or more per night is charged the requirements are at least a forty-five pound mattress, and suitable bedding for the same.

Any person wishing to inform themselves of the law governing hotels and rooming houses can have a complete copy by writing me for the same at Grand Forks or Bismarck, N. D.

Respectfully yours,
W. O'Gorman,
Estate Inspector of Hotels.

AFTER SETTLING UP ACCOUNTS IN THE CITY HE IS MISSING—IS MYSTERY.

Minto, N. D., Nov. 6.—John Filewski, a prominent farmer residing near this place, is missing, and every effort to secure some trace of him has been unavailing.

Last Monday Mr. Filewski was in Minto, spending the morning engaged in making settlement of his accounts at several places of business. About noon of that day is the last that has been seen of him, and though about sixty of Minto's citizens made a thorough search of the district near the city, it was without success.

Mr. Filewski had made an engagement to go hunting during the afternoon but failed to appear on the scene with his friends.

The missing man had about \$100 in cash when he became lost.

Two days previous to his disappearance Mr. Filewski had not been in very good health, being in bed Sunday.

Today the farmers of the district are continuing their search for the missing man.

DETROIT LEADS FOR FOUR CONSECUTIVE YEARS IN AMERICAN LEAGUE.

Chicago, Ill., Nov. 6.—Ty Cobb of Detroit, for the fourth consecutive year, leads the American League batters with an average of .420.

FARGO-ST. VINCENT GREAT NORTHERN TRAIN WAS DERAILLED AT MOOREHEAD, M.

SUFFERED INJURIES FROM BROKEN GLASS ALTHOUGH NONE ARE IN SERIOUS CONDITION.

Accident Caused By Broken Rail—One of the Cars Reported to Be Burned But This Report is Not Authentic—Train Was Heavy, Many Traveling Men Going Out on Monday Morning Run.

Fargo, N. D., Nov. 6.—Great Northern train No. 131 on the Fargo-St. Vincent line was derailed near Moorehead this morning due to a broken rail and several of the passengers were injured by broken glass, although none were seriously injured.

The engine, mail and baggage car passed over the broken rail but the smoker and day coach were thrown into the ditch.

Later reports have it that one of the coaches was destroyed by fire but this has not been affirmed.

The passengers, who were many, it being Monday morning and many of the passengers were going out on their run, barely escaped with their lives. The train was going at a high rate of speed when the accident occurred.

FOREIGN INTERESTS PROTECTED AND SHANGHAI IS IN ORDERLY CONDITION.

Shanghai, China, Nov. 6.—Shanghai has capitulated and the rebels are in full control. The foreign interests are being protected and the city is in orderly condition.

WEATHER PREDICTS COLDER WEATHER AND SNOW IN THE NORTHWESTERN STATES.

Washington, D. C., Nov. 6.—Western Europe has a severe storm and the Weather Bureau predicts colder weather and snow throughout the middle and northwestern states and heavy rains in the Pacific Northwest states.

MORE BEER CONSUMED HERE THAN IN THE EUROPEAN COUNTRIES.

Washington, D. C., Nov. 6.—The Department of Commerce and Labor gives statistics which show that the United States drinks the most beer, France the most wine and Denmark the most spirits.

WILL REACH PACIFIC OCEAN BEACH TODAY—AT PASADENA YESTERDAY.

New York, N. Y., Nov. 6.—Aviator C. P. Rodgers flew into Pasadena yesterday at four-ten p. m. He expects to make Pacific Ocean Beach today. So far his record has been forty-two hundred and thirty one miles in a flying time of forty nine hundred and forty four minutes.

U. S. CIVIL SERVICE EXAMINATIONS.

A competitive examination under the rules of the U. S. Civil Service Commission, will be held at Bismarck, Devils Lake, Fargo, Grand Forks, Jamestown, Minot, Pembina and Williston, N. D., on February 3, 1911, for first grade or clerical positions in the various field branches of the Federal service outside of Washington, D. C.

Application forms and information in regard to these examinations may be obtained from the secretary of the local board of examiners at the post-office or custom house in the cities above named or from the undersigned. Applications must be filed with the undersigned not later than the close of business on January 2, 1911.

Post Office Bldg.,
St. Paul, Minn.

THE EXTRA DOLLAR.
(By J. H. Worst.)

It requires approximately seven dollars per acre to grow a good crop. This includes interest on the investment, cost of seed, wear and tear on farm machinery, labor, etc. By adding one dollar's worth of labor to each acre, there is little question but that the average profits would be doubled. In other words, as much profit should be realized from the additional one dollar's worth of labor as is now realized from the seven dollar's worth of unavoidable labor and investment. Consequently, if farmers would devote one-third of their land to the growing of corn and alfalfa, neither of which interferes with the time and labor employed in farming wheat, they would grow more wheat than where they spread their energies over one-third larger acreage. The corn and alfalfa fed to live stock would insure them a large additional income, and one that is not often adversely influenced by climatic conditions, while the fertility deposited upon the farm, resulting from feeding the corn and alfalfa to livestock, would vastly improve the productivity of the soil.

TITLE OF CONFERENCE WILL BE DECIDED WHEN TWO TEAMS BATTLE.

Chicago, Nov. 6.—Saturday's football games in the middle west apparently narrowed the championship of the "Big Eight" conference universities to Minnesota and Wisconsin. The teams are the only ones in the conference remaining undefeated and the coming game between them probably will decide the title.

Minnesota showed on Saturday that it was a championship team. The Gophers played a game against Chicago, winning 30 to 0, and revealed a strength that had not been suspected.

SUCCEEDED IN CARRYING THE BONDS FOR MUNICIPAL LIGHT PLANT IN THIS CITY.

BATTING AGAINST GREAT ODDS OF A TWO-THIRDS VOTE THE PEOPLE ASSERT RIGHTS.

A Large Vote Was Polled Which Showed the Interest in the Election Which Was at High Pitch—The Result Was 327 to 156—Polling Place Was the Brightest Spot in Town While Ballots Were Counted.

With six votes to spare over the two-thirds majority required by law, Municipal Ownership carried Monday at the election called for that purpose by a vote of 327 to 156. Voting started early in the morning and there was no lack of interest shown throughout the entire day. This is the first election in Devils Lake operating under the new election law and there was a conspicuous absence of automobiles and election conveyances.

There was an excellent turnout of the taxpayers and light users and it is their practically unanimous vote that carried the bonds through. The poll book shows that the big majority of those who voted were taxpayers or light users and therefore vitally interested in the passage of the bonds.

The World was flooded with telephone calls from the time of the closing of the polls until late in the evening and there was general rejoicing over the outcome. Three messages were received by The World from surrounding towns asking the result.

JANUARY 1 IS DATE SET FOR THE CONVERSION OF DEPOSITS INTO BONDS.

WILL BE ISSUED IN DENOMINATIONS OF \$20, \$100 AND \$500 ON THAT DATE.

Will Bear Interest at 2 1/2 Per Cent Both Principal and Interest Payable 20 Years From Date—Registered Bonds May Be Assigned But Minors Will Not Be Permitted to Assign Bonds.

Postal Savings bonds will be issued after January 1, according to notice received from the local post office today. The bonds will be in denominations of \$20, \$100 and \$500, bearing interest at the rate of 2 1/2 per cent per annum, both principal and interest payable twenty years from date in United States gold coin.

The bonds are exempt from all taxes. Applications for reversion of deposits into bonds must be made by December 15 at the postoffice. Coupon bonds, registered, may be assigned, a minor, however, cannot assign registered bonds.

This latest announcement from Frank Hitchcock, postmaster general, was received at the local depository today.

HIS PLAN RESTORES WALL ST.—NO RECEIVERS FOR THE TOBACCO TRUST.

New York, N. Y., Nov. 6.—The Wickersham plan restores the market as Wall street feared that receivers would be appointed for the Tobacco trust. The general condition in the money and stock market is clarified by the Attorney General's action.

WISCONSIN CONGRESSMAN WILL ADDRESS DEVILS LAKE PEOPLE TOMORROW.

Congressman Lenroot of Wisconsin is in North Dakota and will speak at Grand Forks this evening, where he will be met by a local delegation of Progressives and brought to Devils Lake and he will speak here tomorrow night, giving a brief address at Lakota tomorrow afternoon.

LARGE VOTE POLLED UP TO 3 O'CLOCK—CITIZENS SHOW GREAT INTEREST.

Seldom has so much interest been created in a special municipal election as the one today. Arguments were numerous this afternoon among individuals on the question of whether Devils Lake should issue bonds for the establishment of a municipal light plant. The vote was heavy, at 3 o'clock the 400 mark having been reached. The outcome is still in doubt, it requiring a two thirds vote to carry for municipal ownership. The polls close at 5 o'clock.

MINOT TERM OF FEDERAL COURT OPENED TODAY WITH MANY CASES ON CALENDAR.

Minot, N. D., Nov. 7.—Federal court opened here this morning with Judge Amidon presiding.

Among the important cases to come up before this court are Mary Diebler vs. the Great Northern railroad; Chas. Johnson vs. the Great Northern railroad, which is a second trial, the first having resulted in a verdict for the plaintiff, who alleged that he was injured in the Great Northern round house in this city, the case having been appealed and a new trial granted; Thomas Heeter vs. Margaret G. Galligan, formerly Margaret G. Durkin; Gust Storch and others vs. John Burchard and Joseph Woods; W. T. Smith and Joseph Burchard; Susan Cohen vs. Maynard C. Graham and others; and D. W. Kelly vs. E. B. Olson and the Dakota Trust Co. In the last named case the defendant is sheriff of Williams county and is being sued for alleged false imprisonment.

Commissioners Proceedings

Adjourned meeting of the Board of County Commissioners of Ramsey County, North Dakota.
Friday, Oct. 27, 1911.

The Board met pursuant to above adjournment. Present, Commissioners Johnson, Thelin, Maloney, Emigh and Hoystad.

Bids for furnishing coal for the Court House were opened and found to read as follows:
C. H. Baker, Yock. coal delivered at courthouse, \$6.70 per ton.
Stevens Grain & Fuel Co., Yock. coal delivered at courthouse \$6.55 per ton.
Stevens Grain & Fuel Co., Hoeking Valley coal delivered at courthouse, \$6.55 per ton.
Stevens Grain & Fuel Co., Lignite coal delivered at courthouse \$3.25 per ton.

Nortz Lumber Co., Yock. coal delivered at courthouse, \$7.00 per ton.
Nortz Lumber Co., Hoeking Valley coal delivered at courthouse \$7.00 per ton.
Nortz Lumber Co., Lignite coal delivered at courthouse \$4.00 per ton.

It was moved that the bid of the bid of the Stevens Grain & Fuel Co. for furnishing the necessary amount of coal for use in court house and jail for a year be accepted, they being the lowest bidders.

The following opinion from the States Attorney was then read:
To the Hon Board of County Commissioners, Ramsey County, North Dakota.
Gentlemen:
I understand that the following resolution has been presented to you for your adoption.

"Moved that an appropriation be made in the sum of \$500.00 for the purpose of aiding the Lake Region Association in making a display of the farm products of this county at the St. Paul Land Show December 12 to 23rd and that a warrant be drawn on the treasurer for same in favor of the Chairman of the Executive committee of the Lake Region Association."

You ask me if an appropriation of this kind would be legal; to which question I reply that I can find nothing in the Statute that explicitly authorizes any such appropriation, but as this seems to be an emergency, and for the well being of the people of the whole County and its prosperity I believe the Board would be justified under the broad principle of public policy.

Yours respectfully,
—D. G. Duell,
State's Attorney.

Moved by Emigh and seconded by Maloney that an appropriation be made in the sum of \$500.00 for the purpose of aiding the Lake Region Association in making a display of the farm products of this county at the St. Paul Land Show December 12 to 23rd and that a warrant be drawn on the treasurer for the same in favor of the Chairman of the Executive committee of the Lake Region Association.

It was moved and carried that the following bills be allowed and ordered drawn in payment of same as follows:
Dinnis Bros., Balance due on contract for Sheriff's residence and jail \$80.00
Dr. R. M. Cox, Salary as County Physician from Apr. 1st to October 1st, 1911 25.00
John McLean, Costs in case of State vs. Doe 29.00
Martin King, Cleaning well at County Poor Farm 6.00
A. J. Gust Morris, Threshing grain on County Poor farm 337.25
Lamb & Reiter Lbr. Co., Supplies furnished Co. Poor farm 56.62
John McLean, Boarding Edna Houff 61.50
J. H. Smith, account of Thos. Cunningham, digging well on County Poor Farm 60.00
Ben Halverson, Road work in Coulee township 40.00
O. A. Sather & Co., Supplies furnished Burnell children 17.03
Chas. E. Taylor, court stenographer 5.00
World Pub. Co., blanks as per contract 114.76
A. M. Powell, Agt., Rent of Post house, September 27th to October 27th, 1911 35.00
C. H. Baker, Fuel for County Poor \$49.40
Fuel for courthouse. 208.45 257.85
Bryn Bros., Road work in Grand Harbor township 54.00
Walker Bros. & Hardy, Supplies and blank books 43.38
Worrell Mfg. Co., Supplies for jail 2.00
White & Henderson, Goods for Mrs. Sullivan 8.00
Nels Skow, House rent Mrs. Byrde, two months 20.00
E. W. Gilbertson, Supplies for court house and jail 223.40
P. A. DePlazes, Repairing screen windows in courthouse 26.90
Peter Gunderson, witness fees before Attorney General Miller in Drug Store cases 2.80
John McLean, Long distance phones, etc. 29.96
John J. Regan, Costs in Mat Linto witness case 20.90
John McLean, attendance in District Court 95.20
Devils Lake Imp. Co., Lights, water, phones, etc., \$107.30, allowed at 31.27

Moved and carried to take a recess until 7:30 p. m.

—R. V. Bice,
County Auditor.

Evening Session.

The Board met pursuant to above recess. Present, all the members.
The petition of H. B. Walker asking to have his 1910 personal property taxes in the city of Devils Lake cancelled for the reason that same are a duplicate was read and on motion granted.

A petition signed by George H. Locke asking refunding order on account of erroneously paying the 1910 taxes on Lot 13, Block 6, Maher & Locke's 2nd Addition to the City of Devils Lake was read and on motion granted.

A petition signed by Frank A. Eaves, asking to have his 1910 personal property valuation in the City of Devils Lake reduced \$200.00 for the reason that same was a duplication, he having paid same in Lako township, was read and on motion granted.

Commissioner Thelin as chairman of the Poor Farm Committee tendered his report for the poor farm which showed total receipts for the 1910 crop to be \$1,619.00, all of which had been properly accounted for as per County Treasurer's receipt attached thereto.

Moved and carried that the above report be accepted.
It was moved and carried that the following bills be allowed and warrants ordered drawn in payment of same as follows:
C. O. Johnson, Services as Commissioner and mileage \$30.30
Frank Emigh, Services as Commissioner and mileage 11.00
T. H. Maloney, Services as Commissioner and mileage 51.00
Ole Hoystad, Services as Commissioner and mileage 34.70
John E. Thelin, Services as Commissioner and mileage 22.55
Moved and carried to adjourn until Nov. 28, 1911.

—R. V. Bice,
County Auditor.

BLUE RIBBON BOYS AND STOLLAR'S COLTS DINED AT THE HOTEL WESTERN.

The Blue Ribbon Boys led the little horses up to the trough Monday and a bountiful repast, delightful talks, and a social hour after the banquet, served to make it one of the most enjoyable occasions of the season, at which there cannot help but be much good resulting for the club.

Messrs Steve Jones and Joseph Foubert, managers of the Hotel Western, prepared an excellent menu and played host in a very fitting manner. The banquet was on the game order and was served in the height of fashion, each course to the final, including jelly rolls, tied with the successful blue ribbon was in keeping with the occasion.

After the banquet proper, called so because it was uppermost in the minds of those who had gone from breakfast preparing their appetites for the event, Edward F. Flynn presided in his usual happy manner as toastmaster, and besides offering each speaker some good solid food upon which to speak, he introduced every toaster in a witty manner that made the evening all the more enjoyable.

R. E. Austin told how the Blue Ribbon Boys won, the victory for the club being the greatest in that all could point back in future years to the event as the starting point in the welfare of Devils Lake.

The unavoidable absence of Charles Stollar, while regretted, nevertheless it served as an opportunity for one of his valuable cohorts to throw some enlightenment on the Ramsey County Fair association, which too was given hearty consideration and endorsement by those present. Hal Davies talked on publicity, giving the various methods that may be adopted by the committee that has been appointed, laying great stress on the news feature of publicity which means that Devils Lake will be kept before the people continually, this particular section being well cared for in the line of providing interesting news features always acceptable to newspapers over the country.

Manager Branham of the Inter Ocean had a few words of a publicity nature, illustrated by some experiences he had had in advertising an automobile race meet at Boise, Idaho.

Louis Mundt talked on this section as a beet producing country and advised that sugar beets could be raised as successfully here as in his home in Michigan. A. V. Haig spoke in behalf of the directors, who he felt confident would concede to anything that would swell the treasury of the club.

William Reid insisted that even more members could be secured by another campaign and Harry Kneeshaw suggested that a smoker to be held in the very near future the glad hand be extended to the new members that have already joined the boosters' ranks. Avery Johnson suggested a ladies' day.

President Horton addressed the club and suggested that a paid secretary be one of the things that the organization look forward to. He also referred to the Lake Region Development association and started the ball rolling which resulted in an invitation signed by those present being extended to James J. Hill, inviting him to speak at the Lake Region banquet which will take place here some time the latter part of this month.

Another important action to provide funds was the appointment of a committee consisting of Edward Flynn, Avery Johnson, Harry Kneeshaw, Thos. Turner and R. E. Austin to go ahead with a minstrel show.

A vote of thanks for the excellent entertainment provided by Managers Foubert and Jones was extended and the little party adjourned, satisfied that the gathering had been a success in every particular.

MRS. POWERS AND MRS. HANSON.
A wrestling match which will be attended by many from Devils Lake will take place next Friday night at Cray, between P. H. McGurran of Cray, who has been training with Orderman and Al Powers, the latter agreeing to throw McGurran twice in an hour. A ladies' wrestling match between Mrs. Al Powers and Mrs. Hanson, of Cooperstown, is the feature preliminary. After the match Mrs. Powers will do some exhibition work.

DEVELOPMENT WORK IS LARGE

SEVERAL DISTRICT LEAGUES IN NORTH DAKOTA WILL DO GREAT WORK.

Probably in no state included in that territory described by those magic words—The Great American Northwest—has the sentiment exploited by the Northwestern Development League taken such a firm hold as in North Dakota. The approaching land products show to be put on by that organization in the Flickertail state of no less than five distinct development leagues, and these leagues are representative of thirty-five out of forty odd counties in the entire state.

Each of these organizations is engaged at the present time in formulating the final details for placing elaborate displays at the St. Paul land show. They have reserved exhibition space and the officials have in most instances already completed their plans to the point where they are confident in declaring that nothing will be overlooked to make their various displays creditable in every respect.

The several leagues organized will not be terminated when the St. Paul land show is over, however, as they will continue as a factor in the state's development, and hence in the general development of the entire northwest. Two or three of the leagues will maintain exhibits at both the Chicago land show and the New York land show, while they also are reaching out in other directions to bring about better conditions for their respective sections.

County Clubs, Too.
Inside of the district organizations there are being organized a number of county clubs and these will work together bringing about anything that will be for the general good of the state. The county organizations are made up of commercial clubs, farmers' clubs and similar bodies, while the district organizations, when the entire plan of organization has been completed, will be made up of several of the county clubs.

The several district leagues that have been organized in the state and the counties they cover follow:
Red River Valley Boosters League—Pembina, Grand Forks, Walsh, Traill, Cass and Richland.
Lake Region Development Association—Ramsey, Benson, Nelson, Towner, Rottelle, Cavalies and Steele.
Mouse River Loop Development League—Bottineau, McHenry, Pierce and Ward.
Missouri Slope Development League—Burling, Adams, Billings, Bowman, Dunn, Emmons, Hettinger, Kidder, Logan, McLean, Mercer, Morton, Oliver, Stark and McIntosh.
Central Development League—Barnes, Eddy, Foster and Wells.

In the thirty-five counties which are banded together in the several leagues there is a total acreage of 27,007,411 acres, of which amount only 10,762,070 acres are under cultivation.

The latest figures available on the acreage under cultivation show that less than one-half of the vast territory is producing. In the western sections much of the land is being used for grazing purposes, and is therefore productive in that sense of the word.

Red River Valley.
It was in the Red River valley that the movement for the district organizations had its inception. At a meeting held in Grand Forks representatives of the several counties bordering the Red river were present, and they launched the club. E. Y. Sarles of Hillsboro is president of the organization, while R. T. Kingman of the same city is secretary. M. C. Baehellor is in active charge of the club's exhibit at St. Paul.

The six counties in the valley organization have a total acreage of 5,047,833, of which acreage 3,317,834 acres are cultivated. By counties, the acreage follows:

Acreage Cultivated.	Acreage Cultivated.
Adams 691,644	69,305
Billings 2,157,302	84,677
Bowman 742,446	49,991
Burling 1,057,330	142,815
Dunn 1,057,630	55,703
Emmons 983,246	135,975
Hettinger 724,063	104,261
Kidder 883,037	125,935
Logan 641,991	128,409
McLean 1,167,497	295,236
Mercer 652,204	159,344
Morton 2,303,817	225,866
Oliver 461,418	66,425
Stark 864,157	246,789
McIntosh 633,375	145,000

The movement next spread to several counties in the central section of the state, meetings being held at Valley City and Carrington and resulting in the organization of the central league, which now has four counties. These counties are located in a district that is rich in prospects, and the acreage feature is divided as follows:

Acreage Cultivated.	Acreage Cultivated.
Barnes 935,165	555,929
Eddy 461,743	190,759
Foster 411,133	228,235
Wells 823,047	421,316

Mouse River Loop.
The last league to be organized was the Mouse River loop and its membership constitutes four counties, with more to be added later. In the district there is still a great deal of land available for agricultural purposes, as the following statement indicates:

Acreage Cultivated.	Acreage Cultivated.
Bottineau 1,076,790	546,941
McHenry 1,211,649	302,961
Pierce 670,116	317,051
Ward 2,873,309	336,534

DANCE AT WEBSTER.
There will be a public dance given at the hall in Webster next Friday night, Nov. 10.

This league already has maintained
