SLAUGHTER HOUSE IS BUSY AS MUCH WILL BE CONSUMED IN DEVILS LAKE.

FIFTY YOUNG CALVES HAVE BEEN PREPARED FOR THE MARKET ON THAT DAY.

Grocery Stores are Also Busy With the Supply of Cranberries—City Needs Considerable When Everything is Taken Into Consideration—A wealth of Estates are Now on the Market Besides Turkeys.

An interesting thought preparatory to the annual celebration of Thanksgiving day when people young and old are supposed to eat to their capacity, is the amount of food that will be consumed by people of this city alone on that day.

From now until Thanksgiving day the three butcher shops in the city are keeping busy at their shops and slaughter houses preparing enough turkey, chickens and meats to supply the demand of the local trade.

At a close estimate over one thousand turkeys will be sold and consumed in the city, nearly the same number of chickens and more than fifty young calves have been prepared for the market. An average total for the three shops on beef that is being especially prepared for that day will run over the sixty mark and as many lambs will be ready for use.

Figuring that each resident of Devils Lake will enjoy the appropriate dish of cranberry sauce, enough cranberries will be used to run over 1,000 quarts. And besides this amount of meats and sauce an untold amount of potatoes and other vegetables will be used on that day.

All the local stores and markets are preparing heavily for that day so that it will be possible for local residents to secure any of the well known Thanksgiving dainties.

WILLIAM BRYANT OF STEVENS FUEL COMPANY JUST RETURNED FROM VISIT.

William Bryant, manager of the Stevens Grain and Fuel company in this city, returned from Minot yesterday and gives a very interesting description of the McClure mines near that city and the work that is being done there. The mines are not on a direct shaft but are worked from the side of the hill.

The largest mine is a drift mine, the main tunnel running into a side hill for a distance of more than a mile. From this there are several side spurs running from the main track into other sections of the underground.

At the present time there are over sixty men working in the mine, making a large crew which is divided into two shifts, the operation being kept up day and night.

Mr. Bryant, before coming to this city took charge of the office connected with the mines and it was for the purpose of a short visit combined with business that he made the trip.

HAVE NOT CAUGHT THIEF.

Nothing new has turned up today to clear the mystery that surrounds the robbing of the Strasburg harness shop last night. Some strong suspicions are held as to who the perpetrators of the crime are but no action has been taken yet.

It is altogether probable that arrests will be made in a day or so and while the evidence is flimsy and no positive proof can be obtained, strong indications point to apprehending of those who were implicated in the affair.

H. G. MAXWELL HAS BEEN HIRED AS DIRECTOR AND WILL GET TO WORK AT ONCE.

NEW LEADER HAS BEEN SUCCESSFUL IN OTHER BAND UNDERTAKINGS OVER THE COUNTRY.

Proposes to Have Junior Band as Well as Main Organization—Agrees to Give Concerts During the Summer Months—Citizens Will Be Called Upon to Support the Re-organized Organization.

Arrangements have been made with an able and efficient professional director to take the leadership of the local band. Devils Lake should have the best band in the Northwest and all that is needed now to bring about this much to be desired result is the active support of the citizens. There will be a new era altogether in band affairs and the band will be conducted in a practical and business like manner, even to the smallest details, and will entirely fulfill all its obligations to the citizens.

The plan on which the band is to be run is as follows: If the citizens will raise the necessary funds to pay the directors' salary, the band members agree to give free weekly outdoor concerts all summer weather permitting.

This assures the citizens of a series of fine outdoor concerts next summer that are greatly to be desired.

In addition to the principal band there will be a junior band for beginners. The object of the junior band is to provide a way for the boys of this city to acquire a knowledge of band music, and when they are proficient they will be advanced to fill vacancies in the main band.

H. G. Maxwell, the new director, is a man of wide experience in musical circles and has had charge of some of the best bands and orchestras in the country.

DEVILS LAKE YOUNG LADY ELOPES WITH ANOTHER MAN—NOT PARENTS CHOICE.

PARENTS WOULD HAVE WEALTHY MONTANA FARMER BUT GIRL TAKES OTHER MAN.

Wedding Was to Have Occurred that Evening But the Elopers Left for Canada and Thereby Disrupted All Plans and the Man From Montana Is Without a Bride—Episode Carries Pretty Romance.

An elopement which took place Sunday evening, in which the principals are Devils Lake people and a Montana man, has just come to light.

As had been announced in the city, Miss Rosie Black was to have been married to a prosperous farmer of Montana in a few days but owing to the choice of the young lady in question the wedding will probably not take place.

It seems that the wedding intended was entirely against the wishes of the young lady and on the eve of the intended nuptials she and a young man whom she had been keeping company with by the name of Folk, left suddenly for Canada and the Montana man is without a bride.

The episode involved, carries with it a very pretty romance of a young woman who loved one and is booked to wed another but Dan Cupid arrived on the scene in time and with his arrow of love found a way for the young people to make their escape and seal love's vows.

INDICTED PACKERS LOOSE OUT THOUGH GRANTED TWENTY-FOUR HOURS DELAY.

IT IS SAID APPEAL WILL BE TAKEN TO SUPREME COURT CAUSING MORE DELAY.

If This is Done It Will Prevent the Trial in the United States Court on the Indictments Until Euling is Made—Eight Packers are Putting Up a Fight Against the Government.

Chicago, Nov. 18.—The writs of *habeas corpus* brought by the eight indicted Chicago packers were granted today in the United States Circuit court, which granted a twenty-four hours' delay for counsel for the packers to answer affidavits filed by the government attorneys.

The government's contention asking that the writs issued November 14, be quashed was allowed by Judge Kohlstaed and the government will be allowed to proceed with its trial set for next Monday, on indictments charging violations of the Sherman Anti-Trust law.

It is contended that the men will appeal to the supreme court and thus obtain a ruling on the constitutionality of the criminal sections of the Sherman law. This, it is said, will prevent a trial on the indictments until the ruling is made.

The quality and number of exhibits were a surprise, even to residents of the community. The fair will become an annual event.

BISMARCK POLICE INVESTIGATING STORY TOLD BY MAN'S WIFE.

Bismarck, N. D., Nov. 18.—Prisoner Young, recently sentenced on the charge of being connected with the robbery of the Northern Pacific North Coast Limited at Buffalo, denied that he had ever seen Hassey before when the latter was brought before him. Hassey was given his freedom.

Bismarck, N. D., Nov. 18.—Jim Hassey was before Judge Casselman to answer a charge of assaulting his wife, Mrs. Jim Hassey was the complainant. Along with other information Mrs. Jim Hassey told Captain Martinson that her husband was one of the robbers who held up a Northern Pacific train at Buffalo two months ago and robbed the passengers. Chief McDonald was called into the case by the police captain and Hassey was arrested on the assault charge. The charge of assault was not sustained but the man was held for investigation on the more serious complaint. He admits doing time in Walla Walla, Wash., but declares he was made the goat by others. He also says he was near the train hold-up. Accompanied by a pal known as "Beans," he was the mysterious auto driver. They took refuge in a barn to escape a storm and the officers found them there, but nothing was done. Mrs. Hassey says her husband confessed to her that he participated in the train robbery.

The officers thought it best to hold an investigation. Northern Pacific Detective Batten was summoned and the man was taken out to the penitentiary to be confronted by Young, who is serving a sentence for participation in the train robbery. If he is recognized by the prisoner he will be held to answer for the charge.

Mrs. Hassey rooms in the Dakota block, is a cafe waiter and recently came here from Mandan where she was employed.

The Lake Athletic Club, with club rooms in the Great Northern hotel, are issuing cards for a dance which they will give on the night of November 30, in celebration of Thanksgiving day. The dance will be held in the I. O. O. F. hall. The boys have gathered together a good lot of paraphernalia for their gym and still find that there are many other things that they will necessarily be compelled to get and are taking this means of raising the necessary funds. The club has over twenty-five members and a fine room to meet in. This form of amusement is one that is a necessity for young men and produces vigorous men and promotes good health. It is a cause worth helping.
