BIG ORDER GIVEN BY HILL.

Recent reports from the east state that the Great Northern railway has placed an order for 40,000 tons of steel rails to use in relaying and improving their present tracks and for use on new extensions that are to be made. J. J. Hill, who recently returned from the east, is said to have placed the order himself and the prospects of new work on the Great Northern road is said to have caused quite a stir in the eastern markets.

VILLAGE WILL BECOME A CITY
ACCORDING TO WORD RECEIVED BY COUNTY AUDITOR.

County Auditor Bice received word yesterday that the citizens of Lawton village are ready to incorporate their little city and the proposition will come up at the next meeting of the county commissioners which occurs the 28th of this month.

This is a step in the right direction and as the population of that place now is estimated as being around three hundred there are enough residents to get a charter and as the villagers realize that it will give them better protection against the evils, better schools and a more prosperous town, there is no doubt that every thing will be done to help the proposition along.
