---

**Devils Lake Chautauqua, July 13-14**

**L. Beachey, the daring aviator, will appear in positively assured flights. He made flying his business for some time and has appeared with success this year in Canada, Minnesota, North Dakota and Montana.**

The Machine But Not The Same Aviator

All trains lead to Devils Lake. Flights will be made in the afternoons on the dates advertised. You can spend the afternoon here returning the same evening. See the flights without any inconvenience. Visit the Chautauqua, the closing days are the biggest days.

## **Championship Baseball Game**

Both the Grand Forks Picketts and the Brinsmade Chautauquans claim the North Dakota championship. Both teams are acknowledged among the strongest in the state and each has won a long string of victories. This is a splendid added attraction of Aviation day. The English Opera company will appear at the auditorium. Concert by the Fort Totten Indian band.
