

CIRCULATION

Is the paramount issue with the advertiser, when it comes to advertising in a newspaper.

The circulation of

The World

Has passed the 1800 mark and is going toward the 2000 per week mark.

It reaches more people in Ramsey County than any other paper published.

It aims to give all the news in an unbiased manner, and is in every sense a home newspaper.

The business men who advertise in The World are bound to get results. This fact is becoming more apparent every day, as we are adding new advertising to our columns from week to week.

Our job department turns out everything from an envelope to a bound book, and when you have your printing done at The World you get the best at reasonable prices.
