## Around the Town

Miss Pearl Smith has returned to her home at this place from New Rockford where she has been attending high school.

The baseball game at Warwick last Sunday between the farmer pick-ups and Warwick team was won 13 to 1 by the Warwick team. This will probably take some of the conceit out of the by-standers who have been constantly knocking our team.

Miss Bessie and Grace Richardson have returned home from an extended and most pleasant visit to the Myron King family at Starkweather.

Mr. A. M. Anderson made a flying trip to Sheyenne last Friday.

Professor Petijohn of Grand Forks passed through this place Friday on his way to Sheyenne where he was to speak at the commencement exercises.

Professor Anderson of Minnewaukan has been visiting with his brother Sunday at this place.

Great plans are being made for the greatest celebration in Warwick the Fourth of July ever known this side of the Twin Cities. Come and enjoy the day with us and let us serve you. You need not tire yourselves all out making lunch for the occasion, meals and lunches will be served at all hours at the hotel and restaurants. Also hot lunches at counters ranging from 10, 15, 20 and 25 cents.

Great professional ball games are being arranged for and Hon. A. J. Gronna will speak.

The big new store of Mr. Stenson is in full operation and everything the newest and best.

A. Smith has just finished the exterior of the Richardson bungalow. Mr. Smith is some painter.

Delsie Roberts has been working at the hotel Warwick for the past month.

Our primary election is on us now and we hope for even better government through our county and state, even though many of the same officials will remain and have made good.

Chas. Anderson is moving into his new home where he contemplates erecting a fine residence.

Warwick is growing slowly but surely.

Prof. Anderson is making his last canvass through our towns and it is hoped that the wives and mothers will consider well the talent of this worthy gentleman before casting their ballot and the character back of the man.

### BUSINESS WOMEN'S HATS

Hats for the business woman should be becoming and neat and such that wind and rain will touch them but lightly. These two elements are sure to act disastrously on any hat after a time. A hat which is trimmed with tulle, gay flowers or a mass of plumes will be shorn of its elegance by the first lively spring breeze or soaked to a shapeless pulp by the copious April showers.

This season the vogue of fancy straw bows combined with well wired ribbon ones makes the hat problem of the business woman much simpler. The attractive and stylish hat with the silk or satin crown is, however, not for her.

A close fitting hat of well woven straw, with a simple ribbon trimming like that of either of the hats illustrated here, would be a wise choice.

### Homemade Remedy For Treatment of Infested Animals.

Colts, cattle and live stock may be treated for lice, but unless the quarters are cleaned up and disinfected they will constantly be a pest. All litter should be taken out and removed, the partitions, floors, ceilings and mangers should be whitewashed or sprayed with any good lice disinfectant, and this should be repeated in ten days to make a thorough job of lice destruction, says the American Agriculturist.

For treatment of the infested animals any of the coal tar sheep dips now on the market will answer the purpose. All infested parts should be carefully wiped with the solution, and there is no objection to going over the entire animal. A good home remedy is secured by mixing a pint of kerosene oil, eight tablespoonfuls of oil of tar and eight tablespoonfuls of sulphur. This is rubbed on the affected parts once a day for a couple of days and allowed to remain for a few days, after which it is washed off with soap and water. An application in a week or ten days to destroy a new brood from the eggs will be advisable.

### Contracted Hoof.

Treat a contracted hoof by soaking in cold water for an hour twice a day and then smear with simple greasy foot dressing. Continue this for a month, then clip the hair from the hoofhead and blister once a month or so with cerate of cantharides to encourage new growth of horn. Have the shoes reset once a month, but never let the smith cut away the sole or frogs, or rasp the walls of the hoofs. If possible, let the horse stand on an earth floor when in the stable, and keep it clean and well bedded.—Farm Journal.

### Go to Church and Get Acquainted With Your Clergyman; He's Not a Bad Sort

"I CAN'T be a hypocrite," was the ready excuse of one man when asked why he didn't attend church. "I know that I am not righteous and that I cannot practice what the church preaches."

There is hope for this man. He is the kind the church wants. If he is not righteous he is not happy. Let him acquire the habit of GOING TO CHURCH and he will get a broader, better and happier view of life.

We cannot all be saints. But surely a man can forget the temptations of the world for one hour or one day each week. At least for the hour or so that he is in church he can really think over the big things in life. Let him listen to the word of God and do his best. Of course there are some persons in every community who will criticize as freely the man who GOES TO CHURCH as the man who stays away.

NO MAN WHO GOES TO CHURCH CAN BE A HYPOCRITE LONG. DEEP DOWN IN HIS HEART HE KNOWS THAT HE CANNOT SELL GOD A GOLD BRICK. IF ORIGINALLY HE GOES TO CHURCH SOLELY TO MAKE A GOOD IMPRESSION WITH HIS NEIGHBORS—AND THIS IS TO BE ENCOURAGED—EVENTUALLY HE WILL FIND THAT HE IS GRADUALLY BEING LED TO THE RIGHT SORT OF LIFE. IT IS EASY TO ACQUIRE THE GO TO CHURCH HABIT. TRY IT ONE SUNDAY. WHEN ANOTHER SABBATH ROLLS AROUND YOU'LL FEEL A PANG OF REMORSE IF YOU DON'T GO AGAIN. GET ACQUAINTED WITH YOUR CLERGYMAN. YOU'LL FIND THAT HE IS NOT A BAD SORT. TALK TO HIM. IF YOU HAVE ANY CRITICISM OF THE CHURCH OR ITS METHODS, DON'T TALK ABOUT IT ON THE OUTSIDE, BUT TELL HIM. HE'LL MEET YOU HALFWAY. NONE REALIZES MORE THAN HE HOW HARD IT IS TO WORK UP AN INTEREST IN RELIGIOUS AFFAIRS AMONG SOME PEOPLE.

But give him and his church a chance. GO TO CHURCH.
