## GOVERNMENT FIGURES MISUSED

Washington, D. C., Jan. 12—The attention of the Bureau of Animal Industry of the United States Department of Agriculture has been called to the fact that the makers of a medicine sold as a hog-cholera remedy are misusing government figures of the results obtained by federal agents by the use of antihog-cholera serum, as evidence of the efficiency of their medicine. In several magazines there have appeared reading notices in which there are statements that this medicine has resulted in saving many hogs from hog cholera in Pettis county, Missouri, Montgomery county, Indiana and Dalas county, Iowa. The figures given to indicate the results are exactly those reported to the department by its agents as showing the use and effect of anti-hog cholera serum in sick herds.

For example, the government figures on the use of serum, which are misused in this way by the medicine concerns, are as follows: Pettis County, Missouri—Hogs in infected herds treated, 5,904 Hogs lost, 1,038 Montgomery county, Indiana—Hogs in infected herds treated, 4,562 Hogs lost, 894 Dallas county, Iowa—Hogs in infected herds treated, 5,686 Hogs lost, 1,998

It is scarcely possible that any remedy could have been used on identically the same number of hogs and with exactly the same results as the anti-hog cholera serum. On this point the inspector in charge in Pettis county, Missouri, states: "As far as we are able to ascertain none of this remedy has been used in Pettis county."

Farmers and others, therefore, are warned not to confuse this "remedy" with the anti hog cholera serum which is the one form of treatment used by the federal department of agriculture.

Geo. Lamb of Michigan was attending to business matters here the latter part of the week.

## GIRLS! STOP WASHING THE HAIR WITH SOAP SOAP DRIES YOUR SCALP, CAUSING DANDRUF, THEN HAIR FALLS OUT

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust, dirt and excessive oil. In a few moments you will be amazed, your hair will not be clean but it will be wavy, fluffy and abundant, and possess an incomparable softness and lustre.

Besides cleansing and beautifying the hair, one application of Danderine dissolves every particle of dandruff; stimulates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

Men! Ladies! You can surely have lots of charming hair. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it.

## THE GROUCH

The great Creator in His wisdom created many men of many-minds and temperaments knowing that if the sons of men were alike in wishes and desires it would lead to unending strife.

He created well, for man is the noblest work of God. But in some way there crept into the world a creature God did not create—a thing self-made, be it male or female, that is hated, despised and abhorred; a thing self-created, self-pitied and abnormally self-loved.

This self-created creature is the chronic grouch that walks here and there in every town and community, searching for happiness—that he may destroy it. Flowers and children, because they represent beauty and love, he detests. He reads as he runs that all men are liars and all women but creatures of evil.

In summer he reviles the bright sunshine and hates the green hills. In winter he reviles the cleansing snow and the purifying frost. The bitterness of gall and wormwood is in his heart. Children flee from him and his wife can be classed among the martyrs. Men shun him and the world hates him. From an early age he walks this earth spreading unhappiness and unbelief—a maker of evil and discord. Let us throw the X-ray of self-examination into our own hearts and

search out the little microbe that has a tendency to multiply and produce, in time, the hated grouch. There is too much love and sunshine in this old world of ours to spoil it with the canker of selfishness.

## 10 CENT "CASCARETS" IS YOUR LAXATIVE

FOR SICK HEADACHE, SOUR STOMACH, SLUGGISH LIVER AND BOWELS

Get a 10-cent box. Put aside—just once—the salts, pills, Castor Oil or purgative waters which merely force a passage through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs, and no effect whatever upon the liver and stomach.

Keep your "insides" fresh and pure with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all of the constipated waste matter and poison in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, severe colds, indigestion, sour stomach, or constipated bowels. Cascarets belong in every household. Children just love to take them.

Mrs. Fred Bassford, who recently underwent an operation at Mercy hospital, is improving nicely much to the satisfaction of her many friends.

Miss Margaret Flynn has returned to her St. Paul home after spending some time as the guest of her sister, Mrs. J. F. Cowan of this city.

# BUILD WARM

The double dead-air space keeps warmth in and cold out

If you're going to build a new house, build one that's warm in winter, cool in summer. To make this easy for you, we offer home builders everywhere, without royalty, H.-L.-F. stud and wall board construction (patent applied for) illustrated above. Dead-air is the best non-conductor of heat. This new construction provides two dead-air spaces between your warm rooms, and twenty below zero weather outside. Your house is just twice as warm as a house built the ordinary way.

**H.-L.-F. stud and wall board costs 25% to 50% less than back plaster**

Here's a chance to have a warm house at small extra cost. H.-L.-F. stud and wall board construction costs 25% to 50% less than back plaster, and it's a lot better. Back plastering simply makes the outer wall warm. H.-L.-F. construction makes your house twice as warm by providing two dead-air blankets to keep out cold. H.-L.-F. stud and wall board construction is easy to use. Studs are accurately milled to take the wall board and wall board is especially made, exact size required. Slip it into place, raise your wall, and there you are. No fuss, no muss, no delay—and, best of all, absolute insurance against cold. Get a price on this construction for the house you are planning.
