Industrial Scotland,—Mrs. Toomey.

From different parts of the country comes stories of a swindle successfully worked on farmers who thought they were going to get cheap groceries. Two smooth strangers went through the communities taking orders for a house in Chicago, pretending to sell a standard brand of sugar and flour so cheaply that every farmer visited took from \$10 to \$60 worth, and other things besides. Because of the low prices the flour and sugar had to be "paid for in advance". It is alleged that in one community the swindlers got \$3,000 and no groceries delivered.

TREES - - North Dakota Grown - - TREES

SHRUBS FOR HEDGES - EVERGREENS - SMALL FRUITS

CARAGANA—The Siberian Pea Tree—The best by test for hedges in the Northwest is a sturdy, thick-growing, upright shrub and largely used for Hedge Planting. We have a large stock of Caragana as well as other hedge-plants such as Honey suckle, Dogwood, Buckthorn, Lilac, Spiraea, Russian Olive and others that we have grown and propagated.

EVERGREENS—We raise by the millions from seed collected specially in the Black Hills and Rocky Mountains. They have grown here unprotected and have been twice transplanted, insuring a bounteous root-system. They are acclimated and hardy and we recommend them for ornamental and permanent plantings.

SMALL FRUITS—Currants, Gooseberries, Raspberries and Juneberry are raised in large quantities by us. We propagate our own stock and sell only extra-size plants of the best quality.

Planting Guide and Catalog on Request
DEVILS LAKE NURSERY, DEVILS LAKE, NORTH DAKOTA

Canada is Calling You to her Rich Wheat Lands

She extends to Americans a hearty invitation to settle on her FREE Homestead lands of 160 acres each or secure some of the low priced lands in Manitoba, Saskatchewan and Alberta.

This year wheat is higher but Canadian land just as cheap, so the opportunity is more attractive than ever. Canada wants you to help to feed the world by tilling some of her soil—land similar to that which during many years has averaged 20 to 45 bushels of wheat to the acre. Think what you can make with wheat around \$1 a bushel and land so easy to get. Wonderful yields also of Oats, Barley and Flax. Mixed farming is fully as profitable an industry as grain growing.

The Government this year is making farmers to get increased acreage into grain. Military service is not compulsory in Canada but there is a great demand for farm labor to replace the many young men who have volunteered for service. The climate is beautiful and agreeable, railway facilities excellent, good schools and churches everywhere. Write for literature and particulars as to reduced railway rates to Superintendent Immigration, Ottawa, Canada, or to

W. E. Black, Clifford Block
Grand Forks, N. D.

Canadian Government Agent.

There's a reason--

I have been in business in Devils Lake for seventeen years and during the month of January, just past, my business has passed all previous records for any one month during the whole seventeen years.

We can only attribute this to the fact that we make our clothes to fit, and make them up out of the best materials, and at prices below those of the ordinary tailor for the same workmanship and material.

If you are going to need a suit of clothes this spring we would like the opportunity to show you that we can give you better values than you ever got before. We guarantee the style, workmanship and fit, and our prices will fit your purse. What more can you ask?

Burtcher, The tailor
