Protect Your Life And Property

Why endanger your life and those of your family, why run the risk of losing your property from fire by using lamps filled with explosive and inflammable oils, when at practically the same cost you can have brilliant electric lights that are a safeguard to your life and property? The house lighted by electricity is a much safer insurance risk than the one lighted with lamps.

It is cheaper and more sanitary. It is always ready for instant use. There are no risks with electric lights.

Why not have them placed in your home now under the advantages given in our ninety-day offer for wiring your homes at one dollar per month.
