It has been several years since Hampden had a ball team, but we understand that the citizens of that town are going to put a team in the field this year. They have a number of fast local men and figure that if they don't make use of the opportunity this year and have a team that the neighboring towns, and the people of the country tributary to Hampden, will consider it a "dead" one. How about it Editor Reiger, is it a fact, or just a rumor? Keep pushing, Fred, don't let your town die.

Buying Good Clothes

Is just as much of a business as buying anything else. It is like buying a horse. You might be able to buy a horse for \$25, but you would not expect to get one worth \$150 for that price. Why pay \$18, \$20, or even \$25 for a hand-me-down suit of clothes when you can step into our tailor shop and select the goods which suits you and have a nobby suit made out of that exact piece of goods for the small price of \$25. We carry in stock the latest patterns of domestic and imported goods, and when you make a selection we cut your suit out of that particular piece and it is made up in the latest style by our own workmen right here in Devils Lake. Such a suit will give you far better service and look better than the ready made suits which you will have to pay about the same money for.

If you need a new Spring suit, just call in and look our suits over and let us show what we can do for you.
