Mr. and Mrs. Christie were married in England and later came to Winnipeg and about seven years ago moved to this city, where they have since made their home, and made many dear friends who will regret to learn of the death of this estimable lady. She leaves a husband and three children, Annie, James and Ted, who have the heartfelt sympathy of the entire community. AVERY IS STILL TRAVELLING

SPENT SEVERAL MONTHS IN MELBOURNE AND NOW GOES TOTASMANIA FOR SOME TIME.

Sam Avery, a one time resident of Lakota, and who was engaged in Grand Forks at one time as a member of the Times composing room force, has just concluded a stay of several months in Melbourne, Australia, and is now heading for Tasmania, where he expects to remain for some time.

Mr. Avery has seen a great deal of the world since leaving Grand Forks. He was in Paris when the war broke out, and went to London shortly after. From there he shipped to Melbourne. The above was taken from the Grand Forks Herald and refers to Sam Berg Avery, the adopted son of Mr. and Mrs. Gerald Avery who formerly lived lived at Crary, and at one time were well known in this country. Sam was the son of Mr. and Mrs. Marius Berg, who in the early days lived near where the station of Keith is, and the father having been sent to the asylum, Sam, who was a twin brother, was adopted by Mr. and Mrs. Avery and for years had a good home with this respectable old couple. While living in Crary while only a boy, Sam took up and learned the printers trade in the office of the Ramsey County Courier, then run by E. M. Crary. He became a high class printer and now follows that business. Being of a somewhat roaming disposition he started out traveling and before leaving the United States there was hardly a city in this country of any size which he had not seen. He has traveled over most of Europe and at this writing he is in Australia. Many Crary people will be pleased to learn of his whereabouts.

GOVERNOR HANNA INVESTED WITH GRAND CROSS

KING HAAKON OF NORWAY HONORS NORTH DAKOTA'S CHIEF EXECUTIVE.

Grand Forks, N. D., Sept. 16.—Governor L. B. Hanna was formally invested with the Grand Cross of the order of St. Olaf Thursday afternoon by Consul H. Bendeke, local representative of the Norwegian Kingdom. The investiture was informal in character, owing to the ill health of Consul Bendeke and took place at the Bendeke residence. Only Consul Bendeke, the governor and Wilhelm Morgenstjerne secretary of the Normands Forbundet, were present.

Another Ceremony Probable. Another formal presentation will probably take place later, as soon as Consul Bendeke's health permits.

The Grand Cross of the Order of St. Olaf is the highest honor in the gift of the Norwegian crown. Not more than six other residents of the United States hold it and its holders throughout the world are comparatively few. The order was founded by King Oscar II in 1883.

As Result of Visit. King Haakon has presented the order to Governor Hanna in recognition of the importance of the work done by the Governor in cementing the friendly relations between Norway and the United States, especially through his visit to the Christiania exposition a year ago.

INSECT BITE NEARLY FATAL

A STRANGE POISON INJECTED SPREAD RAPIDLY TO ALL PARTS OF THE BODY.

At Mayville, Traill county, last Thursday, Miss Mickelson narrowly escaped death from poisoning from a bite of some insect. She was bitten on her arm. Within five minutes Miss Mickelson was stiff from the poison. The arm swelled up rapidly, showing a white and red ring around the place of the bite and the effects of the poison spread rapidly to the rest of the body showing itself in a form of rash.

A doctor was immediately summoned but when he arrived no heart action could be detected. He was able, however, soon to induce heart action that was perceptible and every means possible was used to free her from the poison. Later the poison showed itself in a large rash over the body with severe itching. Miss Mickelson is rapidly recovering from her experience which came so near being fatal and was able this morning to sit up again.

BRAVES WAR TO SEE FATHER

ST. CLOUD PHYSICIAN WILL SAIL FOR FRANCE, WHERE HE MAY BE FORCED INTO THE ARMY.

St. Cloud, Sept. 23.—Confronted with the possibility that if he sets foot on French soil he will be forced into the French army, but realizing that if he does not he probably never will see his father alive again and that his share of the estate will be seized by the government, Dr. A. J. Krighis, a physician here, will leave tomorrow for New York to sail for France.

Dr. Krighis left France some years ago. He was notified some time ago to report for duty in the French army, but procured an extension of time which is nearly up.

His father owns a considerable estate, and a cable received today states that he is critically ill.

If Dr. Krighis is forced to enter the army, his wife announces her intention of joining him in France and entering the Red Cross work.

SMALL FIRE SUNDAY NIGHT

About midnight Sunday night the fire whistle sounded and it was found that the fire was in the loading yards of the Great Northern railway at the east end of the city. The fire department responded, but before they reached the scene the yards were practically destroyed. The fire was evidently the work of hoboes who were sleeping in the cars.

RISHOFF BUYS N. DAK. PAPER

SELLS INTEREST IN RECORD TO CARL IVERSON—HAS MANY YEARS EXPERIENCE IN JOURNALISM.

O. T. Rishoff, who for the past several years has been editor and publisher of the Weekly Record, East Grand Forks, has sold his interest to his partner, Carl Iverson, and will soon leave for Bismarck, N. D., where he will publish the Current of that city.

Mr. Rishoff has purchased the Current from Mrs. J. Haskett, who has been editing the paper since her husband's death some time ago, and will retire from active newspaper work. The paper is considered one of the best country weeklies in the state and under the management of the new editor will undoubtedly be successful.

Mr. Rishoff is well known throughout North Dakota, having published a paper at Milton for several years. While in East Grand Forks he has taken an active interest in public affairs, and was the originator of the City Enforcement League which is now being formed. Carl Iverson, his successor, will continue to publish the paper and is making plans for many improvements.

He says that he looks forward to the biggest year's business in the history of his large wholesale and retail furniture business.

MAY ARREST ROCKEFELLER

MAGNATE VISITS SCENE OF RECENT CIVIL WAR IN COLORADO

Denver, Colo., Sept. 23.—William Diamond, representative in Colorado of the International Organization of the United Mine Workers of America, when asked this afternoon about a rumor that steps would be taken looking to the arrest of John D. Rockefeller, Jr. in connection with the strike disorders, said:

"I have taken no such action, but will discuss it with A. M. Boyther, counsel for the international organization, who is expected to reach Denver tomorrow."

Visits Strike Scene. Trinidad, Colo., Sept. 23.—John D. Rockefeller, Jr., visited the mining camps of Berwind and Tabasco on his first day's inspection tour of the Colorado properties of the Colorado Fuel & Iron company.

He talked freely with the miners, went into their homes, questioned the men and their wives about working and living conditions and made suggestions to individuals for improvement.

Mr. Rockefeller apparently was greatly interested in the work being done in the public schools of Tabasco. He made a speech to the children in which he told them to study hard and obey their teacher.

The day was spent in visiting the Berwind canyon, some 15 miles north of Trinidad, where the company has two big mines and a series of coke ovens. Mr. Rockefeller made a close personal inspection of the camp, going into the homes of miners and asking them questions regarding their working and living conditions.

ROOSEVELT MAY HOLD BALANCE OF POWER

Washington, Sept. 23.—A most remarkable situation in the next Republican national convention is looked for by those politicians who have been studying the possibilities growing out of the announcement that Colonel Roosevelt's name is to go up on the republican ballot in the presidential primary states.

It is regarded as assured that Mr. Roosevelt can bring into the convention more than a handful of defunct delegates.

Balance of Power. Many think it likely he will have enough to control the action of the convention; that is, that he will hold the balance of power between the stand-pat element and the so-called progressive republicans. With this as a possibility, it is on the cards for the Roosevelt following to dictate the nomination and platform, even though wwoindicatea.sea. rg-aogaaydt f f Roosevelt himself should not be nominated.

Startling Possibility. Under the caucus and convention system of selecting delegates, Roosevelt would now be out of it for good. The national committee would see to that. But the presidential primary has opened the door for the unusual spectacle of a movement to give the republican presidential nomination to a member of another party.

Why Colonel Is Away. There are those here who believe they see a connection between the active steps to place Roosevelt's name on the republican ticket and the Colonel's hunting trip to the wilds of Canada. These express the opinion that Roosevelt does not propose to be held responsible for the activities of his friends in the republican party and went to Canada for the purpose of being absolved from the charge that he had a hand in starting the movement.

All the same, it is the belief that if any number of Roosevelt's delegates are elected to the next republican national convention they will not be denied the counsel and advice of the Colonel as to what is to be done with the Roosevelt strength.

GOVERNOR HANNA TO BE AT FAIR

EFFORT ALSO BEING MADE TO SECURE HON. F. T. CUTHBERT OF DEVILS LAKE.

That the great corn, grain and alfalfa fair to be held in Ryder on Oct. 8th and 9th will prove a big success is vouchsafed for by the fact that Governor Hanna has given promise to be in attendance on the 8th, as indicated by his letter to President Fredson of the Commercial Club. The letter follows:

Bismarck, N. D., Sept. 4, 1915. Mr. E. E. Fredson, Ryder, N. D. Dear Mr. Fredson: I have your kind letter of the 31st ult. and note that you are to have the fair Oct. 8th and 9th. I believe I can come up there the 8th and will make my arrangements so as to do so. I am very busy, but I always like to come to Ryder and enjoy meeting the people up there, and I always like to stay with you at your splendid hotel. With kind regards, I am, Sincerely, L. B. Hanna.

The Governor is known as a man who "does things" and when he says he believes he can come to Ryder, that is assurance that he will be here on the day stated.

An effort is also being made to secure Hon. F. T. Cuthbert of Devils Lake. Mr. Cuthbert is one of North Dakota's foremost attorneys and has a state-wide reputation as an orator of unusual ability. He is a close personal friend of Governor Hanna, and his presence at the Ryder fair is vouchsafed for unless he finds it impossible to so arrange his work to enable him to get away.

With two such men on the program as Governor Hanna and Mr. Cuthbert, the Ryder fair is expected to draw the largest attendance of people in the history of our little village. —Ryder Journal.

W. C. TAYLOR MAY RESIGN

It is reported that W. C. Taylor, commissioner of insurance, will resign his position after the first of the year in order to take the presidency of a new life insurance company which has recently been organized at Bismarck. Mr. Taylor has made a first-class official, and as he is an old newspaper man the newspaper boys of the state will regret to learn that he is going to retire from his present position, but will wish him all kinds of success in his new field.

DEDICATION IN NOVEMBER

The plastering on the new Presbyterian church will be completed this week, and if things go right it is expected to have the building completed so that the dedication services will take place the first Sabbath in November. Contractor Halliday has pushed the work rapidly, and if it had not been for some delay in receiving material the work would have been completed the first of October. It is a beautiful structure and is a credit to the city and county.

GERMANS SHOOT DOWN AEROPLANE

Berlin, Sept. 21.—The official announcement from the war office under date of Sept. 20, contains the following: "West of St. Quentin a British aeroplane was shot down by a German aviator. The British pilot was killed and the observer was captured." The foregoing did not appear in yesterday's official German statement, as received by way of London, and apparently was struck out by the British censor.
