The state of Illinois passed a law against the tipping trust—the papers were full of it—every boob in Chicago knows when he hands a girl a dime for keeping his hat during dinner, it goes into the pockets of the trust. But the trust got an injunction against the enforcement of the law, temporarily, and the diners in Chicago's restaurants still fall over themselves to hand tips to the girls without pockets and their collars so tight their tongues are hanging out. And they say we are intelligent!

Mrs. Feig entertained the Sackajawea circle of the Westminster Guild last week. Eight new members were initiated making the present number twenty-four. FRANCHISE GIVEN NEW RAILROAD

Wahpeton, N. D., a few days ago an ordinance granting the right of way and franchise to the Duluth, Huron, & Southern Railroad to enter the city, was carried unanimously at the regular meeting of the city council.

The road, when it accepts the franchise, has the liberty to enter any part of the city except the central part, bounded on the south by Territorial avenue, on the west by Ninth street, and on the north by Ohio avenue.

The route which the road is going to follow through the country being still undecided, and the direction of its approach to the city still uncertain, it is impossible to say in what part of the city the station and tracks will be located. In fact, it is not absolutely certain that the road will come into Wahpeton at all, but if it does, which

seems probable, there will be no opposition on the part of the city to overcome, for the franchise as drawn up by the railroad company itself and presented to the council, was granted. It is expected that one of the chief engineers of the road will be in this city during this month, when it will be necessary to know what Wahpeton has done in the matter of securing right of way. The location of the new railroad will depend a great deal upon his reports.
