WM. GRAHAM ANSWERS CALL

ANOTHER PIONEER OF RAMSEY COUNTY CALLED BY DEATH.

Ten days after that of his wife, Anna Elmslie Graham, at Los Angeles, Cal., William Graham died in a Los Angeles, Cal., hospital Monday evening, Feb. 21, a few hours after he had prepared a letter to his three brothers Robert, Milford and Henry of this city, informing them that he was getting along nicely and that he was improving. The news of Mr. Graham's death came as a great shock to the many friends in this community, who had just recovered from the shock caused by the death of Mrs. Anna Elmslie Graham, his wife, about ten days prior to that of Mr. Graham.

While no funeral arrangements have as yet been made, it is known that the remains will be buried beside those of his wife in the western city.

Mr. Graham is the eldest son of Mrs. Jane Graham, formerly of this city, now residing in Fargo. He was born in Wainoh, Ontario, Canada, on the 6th day of Feb. 1881, and came to Ramsey county with his parents 33 years ago, grew to manhood in our midst, and was educated in the schools of Devils Lake city and Lake township. Mrs. Graham was a sister of George and Alex Elmslie, of this city.

Survivors of Mr. Graham are his mother, Mrs. Jane Graham of Fargo, two sisters, Mrs. L. E. Beauchamp of Fargo, Mrs. Maude Stevens of Minneapolis, Minn., and three brothers, Robert Graham who resides on the old homestead three miles west of this city and Milford, of the Journal staff, and Henry, a traveling salesman, with headquarters here.

Lake Forrest, Ill., Feb. 22.—William Orpet, University of Wisconsin junior, was held to the grand jury today in connection with the death of his former sweetheart, Marion Frances Lambert, a high school pupil.

The inquest ceased suddenly this afternoon and the jurors retired immediately after counsel for the defense had given a brief outline of their plans. The verdict follows:

"We, the jurors sworn to inquire into the death of Marion Lambert, on oath find that she came to her death by cyanide of potassium poisoning and we recommend that William H. Orpet be held to the grand jury of Lake county until discharged by due process of law."

UNITED STATES WILL SOON BE ENGAGED IN WAR FOR EXISTANCE.

Chicago, Feb. 22.—Major General Leonard Wood, in an address at the annual dinner of the Harvard club last night predicted that within a few years the United States will be engaged in a war for existence and depicted the nation as a cripple, leaning on the crutches of the militia volunteer system. He said the militia is ineffective and in its present form would be practically useless for field service. He spoke encouragingly, however, of the activities of college men in acquiring military training.

"It's just as good as the administration has let it be," General Wood said in discussing the national guard. "The inefficiency of the national guard is not due to its officers and men. It is due to the system under which it is operated. It has too many bosses. If the army had 48 bosses as the national guard has in the 48 governors it would be just as inefficient as the national guard."

Omer Herzog, one of the prosperous young farmers of Overland township, was in the city Friday. He has been visiting at the home of his uncle, Herman Herzog of Grand Harbor township.

ANOTHER WRECK ON NEW HAVEN

Milford, Conn., Feb. 22.—At least ten were killed and 50 injured when the Connecticut River Special from Springfield, Mass., for New York on the New Haven railroad, was run into by a special passenger train. The latter train was made up in New Haven to carry passengers who otherwise would have gone on the regular express from Boston to New York.

Among the dead is the flagman of the Connecticut River train, who had gone back to protect his train, which had been stopped by a broken air-pipe. It is said the flagman lost his life in a futile attempt to stop the special, running up the track so close to the engine of the oncoming train that he could not escape. His body was cut to pieces.

The rear end collision occurred a moment later. At the time of the collision, a freight train was running west parallel with the passenger train on the next track. When the smash came a passenger coach was jammed over against the freight train. The boiler of the engine of the special exploded, throwing wreckage in all directions. This engine was then hurled down an embankment carrying two coaches. These rolled over and over before touching the bottom. Wreckage was piled high all about.

There is one sister, Mrs. Margaret Adams of Lancaster, Mass., and another sister, Miss Janet M. Calderwood, of Johnstown, N. Y.

The family was of Scotch origin and were members of the United Presbyterian church. The funeral was conducted in the Presbyterian church, Devils Lake, on Wednesday, Feb. 23. The remains were shipped to New York Wednesday evening.

TWO ARE HELD AS DYNAMITERS

CHICAGO MAN AND WIFE ARE CHARGED WITH INTENT TO COMMIT MURDER.

Chicago, Feb. 21.—Mrs. Nicholas Dafino and her husband, arrested after the bomb explosion Saturday that wrecked the home of Modestino Mastrogiovanni, a private banker, were charged formally today with assault with intent to commit murder. OBJECTS TO PRESENCE OF U. S. OFFICERS

GERMAN AMBASSADOR PROTESTS AGAINST PLACING MEN ON APPAM.

Washington, Feb. 21.—Representations against the presence of United States deputy marshals on the captured liner Appam, the German prize in Hampton Roads, were made to the State Department by the German ambassador.

Prince von Hatzfeldt, counsellor of the embassy, discussed the whole subject with Counsellor Polk. It is said that while the embassy realized that the feature is out of the hands of the state department and in the courts, it is anxious to know when some decision might be expected. The presence of the marshals is objected to, it is said, because it is feared some friction might develop.

ABERDEEN GIRL IS FOUND.

Aberdeen, S. D., Feb. 22.—Minnie Kindschi, the 13-year-old girl who mysteriously disappeared from her home last Tuesday night, was found late Saturday at Clairmont, a town on the Great Northern railway, about 30 miles northwest of Aberdeen. She had run away from home because her mother threatened to send her to the reform school.

CASHIER LOCKED UP IN VAULT

LONE ROBBER LOCKS CASHIER UP IN VAULT—ESCAPES WITH \$700.

Minneapolis, Feb. 22.—A lone robber gained admission to the Camden Park State bank on 41st street and Washington Avenue north late today, locked the cashier and carpenter in the vault and escaped with \$700. The police have no clew.

Robbed Few Weeks Ago. Several weeks ago the same bank was held up and robbed by three bandits.

The bank was closed today but the cashier was working on his books and a carpenter was doing repair work. The robber tapped on the front window, motioning the cashier to the door. When the door was opened the robber drew a gun and ordered both men into a vault where they remained until the carpenter discovered a chisel in his pocket, pried up the mechanism until the lock loosened and the bolts were drawn.

THE CHILD WELFARE BUREAU.

In accord with the plans of the Child Welfare Bureau, under Julia Lathrop and the General Federation of Women's Clubs, Baby Week will be observed in Devils Lake.

A glance at statistics recording preventable deaths shows an appalling number of children under three years of age. It is the purpose of Baby Week to give the community the opportunity to know more of the facts relating to the needs of and the importance of its babies.

It is planned to hold two meetings. The first on the evening of March 3rd, the place to be announced, when Miss Topping of Fargo and Miss Clark of the General Hospital will speak on different phases of the subject. There will be excellent music by the High School orchestra, and local vocalists.

The second meeting will be on the afternoon of March 7th at promptly 2:30 in the Opera house. At this time Dr. C. J. McGurran, the Secretary of the State Board of Health will give an illustrated lecture which will be of vital importance to every person in the community. At this meeting a chorus of children and prominent singers will help entertain. The public is urged to show its appreciation of the importance of this campaign by attending both meetings.

BIG DANCE A SUCCESS

Probably one of the most interesting events of the season was the annual ball of the city firemen held at the Roller rink on Tuesday evening. It seems that nearly everybody had a tendency to "wait for the firemen's ball" which has surely become one of the many get-together affairs, judging from the three hundred or more who were there. Dancing began promptly on time and the excellent music furnished by the orchestra certainly did put life into the crowd which fairly packed the rink to suffocation.

Seldom has such an immense gathering assembled where all seemed to be out for a good time—and got it—and at the close unanimously voted the "Smoke-eaters annual" the best ever.

SEVERAL TOWNS IMPERILED BY HIGH WATER

INHABITANTS MAROONED AND SAID TO BE IN URGENT NEED OF ASSISTANCE.

The inhabitants, it is declared, are marooned and in danger of being drowned unless motor boats were sent to their relief.

DECLARES LINCOLN CAN'T BE TRIED AS A SPY.

New York, Feb. 22.—Charles Fox, counsel to the British consulate general here, asserted today that Ignatius T. T. Lincoln, who calls himself an international spy, cannot be put on trial as a spy in England if he is extradited to that country. Mr. Fox said that there is no ground for Lincoln's declaration that if he is sent to England to answer to a charge of forgery he cannot be executed there as a spy. The lawyer said that under the treaty of 1869 between Great Britain and the United States no citizen of either country could be put on trial for any other than the offense for which he was extradited.

Mr. Fox has notified Lincoln's counsel that he will make a motion before the United States Supreme court in Washington, March 25, to advance the hearing of argument on Lincoln's extradition.

Lincoln was captured Saturday after a sensational escape from the custody of a United States deputy marshal about a month ago.

W. Green's drug store. The deceased was a woman of sterling qualities and was loved by every one who knew her. SCHOOL HEADS UNDER FIRE

FLYERS SENT TO DEATH IN OLD RICKETY MACHINES, SENATOR CHARGES.

Washington, Feb. 22.—"Several U. S. Army aviators have been sent to their deaths in deficient aeroplanes, despite protests to their superiors." This, in effect, is the charge made by Senator Robinson of Arkansas who has introduced a resolution in Congress providing for a Senatorial investigation of the army air corps.

Members of the military affairs committee are said to be unanimously in favor of the investigation and Senator Robinson says he will lay all his information before the investigators.

Protests Unheeded. In one case which will be brought to the attention of the investigators the senator said, the officer was warned that if the machine went up in the air, it was likely to collapse.

"We'll see about that," the commanding officer replied. Senator Robinson charges. "The man was sent up the machine crumpled up and the flyer fell to his death."

Other charges which Robinson will bring out are:

That after seven years of organization the army has not yet got one single squadron of men able to fly.

Civilian Flyers Used.

That when he visited the San Diego training school last summer they had to send him aloft with a civilian flyer, because there was no one connected with the army who was competent.

RECEIPT OF FUND ACKNOWLEDGED

The fund which was recently raised in this city for the relief of the Jewish War sufferers was duly forwarded to the proper head and the following letter recently received by Abe Calof shows that the money was duly received.

New York, February 11, 1916.—Mr. A. Calof, Manager, Devils Lake Central Relief Committee, Devils Lake, N. D.

Dear Sir: I acknowledge receipt with many thanks your favor of the 4th enclosing \$257.35 for which you will please find our receipt No. 26852. I think the showing you have made for a town your size is splendid indeed, and I feel that it is but right that you should convey the thanks of this committee to the people of your city for the assistance they rendered on President's Proclamation Day, through the medium of your local press.

Apart from money obtained, the response has vouchsafed that feeling of gratification which humanity can only enjoy when it put to the test of proving the common brotherhood of man. The President of the United States in naming Jewish Proclamation Day, surely had the ethical ideas in mind as well as he did the practical assistance that he knew would be forthcoming from the people of America.

I beg to call your attention to the enclosure dealing with the question of forwarding of medicines to Palestine, which we would like to have you publish in your paper likewise.

Yours very truly,
Harry Fischel,
Treasurer.
