## OF LOCAL INTEREST

Mrs. Frances Woodward is visiting friends at Cray this week.

Wm. McNamee of Overland town, ship was a business visitor in the city Friday.

The Guild of the church of Advent is meeting with Mrs. F. P. Mann this afternoon.

Mrs. W. W. Norton, of Grand Forks, is visiting her parents, Mr. and Mrs. E. M. Lewis of this city.

Attorney T. W. Morrissey and Jos. Dufak of Edmore were attending to business matters here the first part of the week.

### CASTORIA

For Infants and Children  
In Use For Over 30 Years  
Always bears  
the  
Signature of *Chas. H. Hitchcock*

Mrs. Norman Morrison returned the latter part of the week from Minneapolis, where she has been for some time taking treatment. Mr. Morrison came down from his Webster home and met her here.

There was a very pretty Memorial service for traveling men at the Episcopal church Sunday evening. There was a large gathering and Rev. Oehler delivered a very fine and appropriate service.

Mrs. Edwin Burling, of New Rockford, came over to attend the graduating exercises of the nurses of the General hospital last Friday evening. Her daughter, Miss Esther Lockton, was one of the graduates.

Chas. Huska, one of the prominent attorneys of Towner county, was a visitor in the city over night Monday. He was accompanied by another Bisbee gentleman, whose name we failed to learn.

We are sorry to have to report that the condition of Peter Haley does not improve any. He is in a critical condition, but his large circle of friends hope to see him recover, although the chances are against him.

Mrs. C. B. Cray and two children of Stanley, stopped off and spent a few hours visiting with ye editor and family. They were on their way home from Michigan City, and other points on the state where they have been visiting relatives and friends.

Last Saturday at the home of her daughter, Mrs. Margaret Whitford, Mrs. Mary Walker was most pleasantly surprised by the W. C. T. U. There was a large number present and the afternoon was most pleasantly spent. During the gathering Mrs. Walker was presented with a beautiful gift, as a token from the W. C. T. U. for the faithful services she had rendered this organization in the past.

C. Arthur Burt, who with his family lives at Valley Ford, Wash., arrived here recently and will spend the summer looking after his farming interests in eastern Ramsey county. For many years he was a Ramsey county citizen, but for the past few years lives in the west, but comes here each spring to spend the summer looking after his farming interests.

### FOR TREASURER RAMSEY COUNTY.

"Honor to whom honor"—votes to whom votes—"is due."

The Herald observes from Ramsey County papers that there is a three-cornered contest on for the nomination of County treasurer—one of the live wires being Mr. A. M. Powell of Devils Lake.

Upon the organization of Towner County, Mr. Powell was appointed in the early eighties by Hon. Judge Hudson as clerk of the District Court and having jurisdiction in the unorganized Counties of Rolette and Bottineau. The pay was small but the duties exacting and necessitated long trips to accommodate the pioneer settlers, and Mr. Powell here began his Dakota record of ever being faithful to that which is least as well as to the greater duties of his later career.

He proved up on a homestead adjoining Cando and in "the making" periods of Towner and Ramsey counties was always on the side of clean morals, good government and community building—and he has kept up the habit for a third of a century.

The Herald knows nothing of the record or qualifications of his two rivals, but we chance the statement backed up by very many of our old timers, but it would hardly be possible to find anyone more efficient or more deserving of success at the June Primaries as Ramsey County's next Treasurer than "Deacon Powell."

As we are from Missouri, we would have to be "shown"—good and plenty how anyone else is more worthy of, or more merits the suffrage of Ramsey County's voters.

(Cando Herald, April 6, 1916.)—Adv.

### FRATERNAL FEELING MUCH IN EVIDENCE.

DODGE BROTHERS ADVERTISING DIRECTOR FINDS THAT OWNERS ARE FRIENDLY IN EXTREME.

George H. Phelps, advertising director of Dodge Brothers, has just returned from a trip to the Coast. He declares that one of the most striking things to engage his attention is the fraternal feeling that exists among the owners of Dodge Brothers cars.

"There has been a bond of good fellowship always between the owners of similar makes of cars," says Mr. Phelps, "but this seems to be far stronger than usual in the case of the owners of Dodge Brothers motor cars." "Out on the Pacific Coast, to drive a Dodge Brothers car is just like belonging to a big society. At various points I learned that it is customary for excursions and picnics to be arranged to be participated in only by those driving Dodge Bros. motor cars and there are regular clubs being formed in some cities.

"This is not only true of the west. In Rochester and Syracuse, N. Y., there are clubs of Dodge Brothers owners, and it is only a few months ago that a parade of Dodge Brothers motor cars, driven by the owners, was a feature of Dodge Brothers Day in Boston. When Mr. Philip, our general sales manager, visited New Orleans a few weeks ago, Dodge Brothers car owners actually gave a banquet in appreciation of Dodge Brothers, at which Mr. Philip was the guest of honor.

"This situation is very gratifying, and we are glad to see the idea spread as it means that the owners of Dodge Brothers cars are proud of their purchases."

## Hitch a Mogul Jr. to Your Heavy Housework

YOU have long wanted a clean, simple little engine easy to handle on many jobs. Here it is—the Mogul Jr. 1-H. P.—the proper engine for the housewife. Let it take the dread out of wash day. Let it do your pumping, running cream separator, etc. Make a Mogul Jr. your drudge.

Mogul Jr. is mounted on trucks. It is so simple that a boy or girl can start and operate it—a girl can move it. It is throttle governed—starts and runs on the magneto—no batteries are needed—no switch to close—no wires to work loose or give trouble—operates on gasoline or motor spirits.

It is clean. The enclosed crank case covers the gears and keeps all the oil inside where it belongs. Every detail makes this the most satisfactory labor saver for the housewife—at a reasonable price. Don't delay. Ask your I.H.C. dealer to show you a Mogul Jr. The larger sizes, 1 to 20-H. P. and tractors 8-16-H. P. to 30-60-H. P., are kerosene engines.

## Prince Albert will show you the real road to smoke-joy!

PRINCE ALBERT was made to create tobacco content where it never existed before! It permits men to smoke all they want without getting a sore tongue, without any comeback but real tobacco enjoyment! The patented process by which Prince Albert is made (and controlled exclusively by us) fixes that—and cuts out bite and parch!

## PRINCE ALBERT

the national joy smoke

comes right to your taste fair and square! And it will do for you what it has done for thousands of men—make pipe or cigarette smoking the cheerfulness of your pleasures!

Prince Albert is to be had everywhere tobacco is sold in tins, 10¢; in 25¢ tins, 10¢; handsome pound and half-pound tins, 10¢—and in that classy pound crystal-glass humidor with sponge-mat on top that keeps the tobacco in such fine shape—always!

What we tell you about Prince Albert is a fact that will prove out to your satisfaction just as quickly as you lay in a stock and fire-up!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

On the reverse side of this tidy tin you will read: "Process Patented July 26th, 1907." which has made three men smoke pipes where one smoked before!

### HORSE EXPORT SITUATION.

Farm and Fireside tells us that an impressive testimony to the bigness of American live stock interests was afforded recently. "A London dispatch stated that Great Britain alone had bought \$60,000,000 worth of horses and mules in America since the war started. Just about the same day the

agricultural department declared that, notwithstanding the unprecedented sales abroad, there were just as many horses and mules left in the country as when the war started.

"All the European countries are taking measures to keep their supply of horses. Various plans to encourage breeding, restore racing favor, give prizes for good animals, purchase good

stallions with public funds and permit them to be used by private breeders, and the like, are being organized in England and France. The horse question is going to be one of Europe's hardest after the war."

We will pay cash for any clean old cotton rags you have. The World.

# Quick Action Raising and Lowering Grates

Save Labor for Women

ANY MAN will buy the machine that will save labor in the factory or on the farm. Why not save labor for a woman in her kitchen when it costs nothing to do it?

Cet a high grade malleable range with the wonderful raising and lowering grate which raises the fire up to the top of the stove as easily as any gasoline flame can be turned up.

A meal can be quickly cooked with a well spent fire raised up close to the lids.

Three turns of the shaker handle on a special geared shaft do the business.

With a shallow fire box when the grate is raised half as much fuel is needed

With the fire close to the top, drafts can be closed and the fuel lasts longer.

No time is wasted waiting for a big fire to burn. Less fuel has to be carried by tired women and much fuel is saved. No over heated kitchen in summer because meals can be cooked from small fires raised to the top of the stove without heating up the range.

Quick Action Ranges with the raising and lowering grate cost no more than other high grade malleable ranges.
