## BIG AUTOMOBILE ANNOUNCEMENT CREATES GREAT ENTHUSIASM

CONTEST JUST STARTING—DON'T DELAY—START AT ONCE—\$40.00 IN GOLD AS A SPECIAL PRIZE GIVEN OCTOBER 4th. NO ONE CAN LOOSE IN THIS CONTEST

### FATAL AUTO ACCIDENT HERE

MRS. ALEX LEACH, OF NECHE, GETS HIT BY CAR AND DIES IN SHORT TIME.

One of the most distressing accidents which has ever occurred in our city took place Monday afternoon at the crossing between the Sprung and Manns stores on Fourth street, when an automobile containing Mrs. Wm. Bryant and Mrs. Frank Holland, and driven by Mrs. Bryant, struck Mrs. Alex Leach, causing injuries from which she died in a few hours. Mrs. Leach, husband and daughter, was visiting a daughter and sister, Mrs. A. H. Weaver, and expected to leave in the evening for Idaho, where they were to spend the winter, and during the afternoon were shopping in the city. They started to cross Fourth street just as the Bryant car started to turn from Arnold Ave to Fourth street. The car was running slow and Mrs. Bryant gave the signal with the horn, and while the daughter, accompanying her mother passed on out of the way of the car, the elderly lady seemed to be at a loss for a moment to know what to do, and stopped for a moment, and the car struck her, knocking her down, breaking her jaw, and inflicting injuries which proved fatal. She was rushed to the General hospital and everything done which could be done, but she soon passed away without regaining consciousness.

Mrs. Bryant has been on the verge of collapse ever since the accident and has the sympathy of the people in the unfortunate affair. Those who saw the accident attach no blame to any one. It was a sad affair, and the wife and mother, who only a few short days ago laid aside her family duties and strated out to spend a winter of enjoyment, after many years of hard labor, has been returned to her home and friends a corpse. The deceased was 58 years old and leaves a husband and in poor health, several sons and daughters, including Mrs. A. H. Weaver of this city to mourn her death. The remains were shipped to Neche for burial and Mr. and Mrs. Weaver accompanied them there.

### WRITES STORY OF OWN DEATH

NEWSPAPER REPORTER PUTS "30" AT END OF HIS EARTHLY CAREER.

Los Angeles, Cal., Sept. 20.—Harry Howland, a newspaper reporter, wrote the story of his proposed suicide, it developed today and then carried out his plans, except that he took poison instead of shooting himself, as he had said in his story that he would.

Howland took poison at his desk in a newspaper office here last night. The story, closing with "30", was found after his death. Howland had grieved over the death of his wife and child in Kansas City a year ago.

The announcement last week in The World that we were going to put on a campaign that has never before been attempted by any newspaper in the Lake Region has created more enthusiasm than we expected. We did look for some real good nominations but did not anticipate the number that was received in this office the last week. It only goes to show that the people of this county were wide awake and appreciated the prizes which The World is offering to its friends who realize it is a contest run strictly on the square.

**Costly Prizes.**  
Of course The World could have conducted a rpd-hot circulation campaign with much less expensive prizes and gotten out with just one-half of the expense. There have been several campaigns conducted in and around this vicinity where they have offered an auto and other prizes, but the management of this paper declared that he was going to put on a campaign that could never be equaled, so has offered the following prizes:

First Grand Prize 1917 Model 85-4 \$865.00 Overland touring car.  
Second Grand Prize \$100.00 Standard make Phonograph.  
Third Prize \$50.00 in Gold.  
Fourth, \$25.00 in Gold.  
Fifth, \$10.00.

October 4th we will award \$40.00 as special prizes to the different contestants.

**Make A Start**  
In order to enter this campaign all you have to do is to fill out the nomination blank that you will find at the bottom of the next page and send the same to the Contest Manager, Devils Lake. He will send you full particulars and call on you personally, go over the entire proposition with you. There is absolutely nothing to buy; all that we ask of you is to take and make collections for us and to secure new subscribers at the regular price, which is \$1.50 per year, so it will be easy to secure subscribers on that basis. You turn these into the office and we will issue votes for the amount of subscriptions. It takes votes to win this race, so the more votes you receive the better your opportunity will be to win the automobile. Each candidate receives 5,000 votes when they send in their nomination.

**Free Votes**  
At this time we are going to offer a free vote ballot good for 50,000 votes with each and every \$15.00 turned in on new or old subscriptions. In addition to this we will give a free ballot good for 35,000 votes for each 15 new subscriptions. These votes are in addition to the regular schedule. This offer is only good during the first voting period which ends October 4th. After that time votes decrease. This is absolutely the largest voting period in the contest.

**List of Subscribers**  
To the contestants that are actually going to enter this campaign we will furnish a list of our old subscribers which will show you the exact date they have paid. In this way you will know just who to go to and what to collect. It is not hard work but on the other hand it is pleasant as well as profitable. You are not begging or asking any one for money, you are merely asking them to meet their obligations. It is a straightness from start to finish, and you are well paid for your effort. There is a good prize for everyone. Any work done for us will be paid for. We do not ask any one to devote their time and take a chance on receiving their compensation, but on the other hand

every one will be paid for what they do.

**\$40.00 IN GOLD**  
As a special inducement we will offer Oct. 4th \$40.00 in gold free to the five contestants turning into this office the highest sum of money on subscriptions. The gold prize will be divided as follows: \$15.00 first; \$10.00 second; \$7.50 third; \$5.00 fourth; \$2.50 fifth. The money you turn in on this special prize will also count on the automobile and other grand prizes.

## MOBS STORM BARNs AND BEAT CARMEN

MOST SERIOUS RIOTING OF NEW YORK STRIKE CAUSES INJURIES AND PROPERTY LOSS.

New York, Sept. 19.—The most serious rioting since the transit strike in this city began two weeks ago occurred tonight in various sections of Manhattan, when attempts were made to run cars on the 42nd and 59th St. cross-town surface lines.

Mobs of strikers and their sympathizers stormed two car-barns overpowering the police and putting to flight all railway employees in the vicinity.

**Carmen Are Beaten.**  
Several motormen and conductors who had not joined the strike were beaten.

Much property damage had been done before the police arrived. The police reported late tonight that all surface cars had been ordered to the barns for the rest of the night.

**Final Appeal Tomorrow.**  
After a citizens' committee had failed to effect a basis of settlement between the striking carmen and their employers today, it was announced tonight that apparently the only hope of averting a sympathetic walkout of 700,000 workers, set for Friday now lies in a final appeal to be made to the labor leaders Thursday.

## BAD WEATHER CHECKS GREAT DRIVE OF THE FRENCH AND BRITISH ALONG THE SOMME FRONT — HEAVY ARTILLERY FIGHTING CONTINUES TO RAGE, HOWEVER—AUSTRIANS ARE REPORTED TO BE PLANNING THE EVACUATION OF TRIEST.

Although there is a pause in the violent infantry fighting in the Somme region of France due to the inclement weather, heavy battles are in progress on the eastern front in Rumania, Galicia, Transylvania and Macedonia, and on the southern front in Macedonia.

Along the Stokhod river in Russia, the Germans and Austro-Hungarians have taken the offensive against the Russians and according to Berlin, near Zareze have crossed the river in pursuit of their retreating foes, and have captured 31 officers and 2,511 men and machine guns. Here four lines of Russian trenches were penetrated by the Teutonic allies, says Vienna.

**Galician Attack.**  
In Galicia a counter attack by the forces of the central powers along the Narayuvka river southeast of Lemberg, brought a further success to their arms and resulted in the capture of an additional 4,200 men.

In the Ludowa region of the Carpathians the Russians have gained some new positions in the fighting among the snow clad peaks.

**Roumanians Beaten.**  
The war chancelleries at Berlin, Sofia and Vienna record victories for the Teutonic allies over the Roumanians in Transylvania and Dobruja. In southern Transylvania, near Hatszeg, according to Berlin, the invading Roumanians have been repulsed and are being pursued by the Austro-Germans, while in Dobruja the line formed by the Russians south of from the Black sea to the Danube, has been penetrated at some points and several villages captured.

In Macedonia, hard fighting continues at various points, but with no important changes in positions reported.

**Artillery Battles.**  
Artillery engagements for the most part are going along both the British and French sectors of the front.

In France and Belgium there has been violent artillery activity on the Somme and Verdun fronts around Dixmude. A local German attack on British trenches east of Martiniuich, north of the Somme, was repulsed. Berlin admits the relinquishment to the entente forces of trenches east of Ginchy and near Comblès.

**May Evacuate Triest.**  
The infantry fighting between the Italians and Austrians on the Carso highlands has noticeably diminished, although the artillery on both sides continue active. The reports attributed to reliable diplomatic sources in Athens is to the effect that the Austrians are preparing to evacuate Triest.

## ACCIDENTAL SHOOTING FATAL

NOONAN FARMER KILLED HIS BROTHER IN LAW—DISTRESSING ACCIDENT.

Noonan, Sept. 18.—A most distressing accident occurred at the Otto Sillerud farm, southwest of Noonan, when a shot gun in the hands of Mr. Sillerud, was accidentally discharged the entire charge entering the right leg of his brother-in-law, Otto Strandlien, causing an injury that later proved fatal.

Mr. Sillerud was ready to walk over to one of his neighbors to find out about threshing. As he had to pass a good duck slough he thought he would take his gun with him. After procuring the gun and loading it, he stopped to talk with Strandlien, who has been working for him for the past year or a half. It was while thus engaged in conversation that the gun was discharged.

Immediately after the shooting the injured man was placed in an automobile and brought to Noonan. A great deal of blood was lost by the patient on the trip to town and he was in a very weak condition. The doctor saw there was no hope of saving the leg and had the patient removed to the hospital at Bowbells. When the hospital was reached his condition was such that he would not survive the operation and it was decided to wait a few days before making the amputation, in hopes that he would regain some of his lost strength. After waiting as long as possible, the operation was performed. The ordeal, however, was too much for him and he gradually sank until the end came.

## GILBERTSON GETS FINE MENTION

In the August number of the Furniture Dealer, published at Minneapolis, Minn., we have read a most interesting letter written by J. P. Donohue, a traveling representative, who has recently returned from a western trip, and in this letter this is what he has to say of E. W. Gilbertson, one of our local furniture dealers and undertaker:

"The most elaborate and unique show room I have seen in all my travels is that of Mr. E. W. Gilbertson's at Devils Lake, North Dakota. The room is handsomely hand painted, all windows are fitted and cemented so they are perfectly air tight making the entire room one large show case; the carpet on the floor cost more than one thousand dollars, the draperies and curtains about three hundred dollars and the electric light fixtures are gold plated.

"Besides carrying a reserve stock of about two hundred caskets in his ware house, he has on display in his show room about one hundred, and ranging from his 'Indian' casket up to the best metallic bronze, together with a large display of ladies and gents suits, casket linings and trimmings, and the room being absolutely dust proof, everything is uncovered and in plain sight and neatly displayed."

Dwight, son of Mr. and Mrs. W. D. Jones, left this week for Stanton, Va., to continue his school work in the college at that place.
