## M'CUMBER AND HUGHES TO HAVE AN EASY TIME

### LEMKE PREDICTS A SWEEPING SWEEPING VICTORY FOR THEM IN NORTH DAKOTA.

Fargo, N. D., Oct. 17.—Charles E. Hughes will carry North Dakota with a big margin, while United States Senator Porter J. McCumber will be re-elected with an even greater majority than is accorded the presidential candidate.

This is the sizeup of the political situation in North Dakota as it comes from William Lemke, chairman of the Republican state central committee, today.

In other words, Chairman Lemke regards John Burke as a weaker candidate for the senate than Woodrow Wilson is for the presidency.

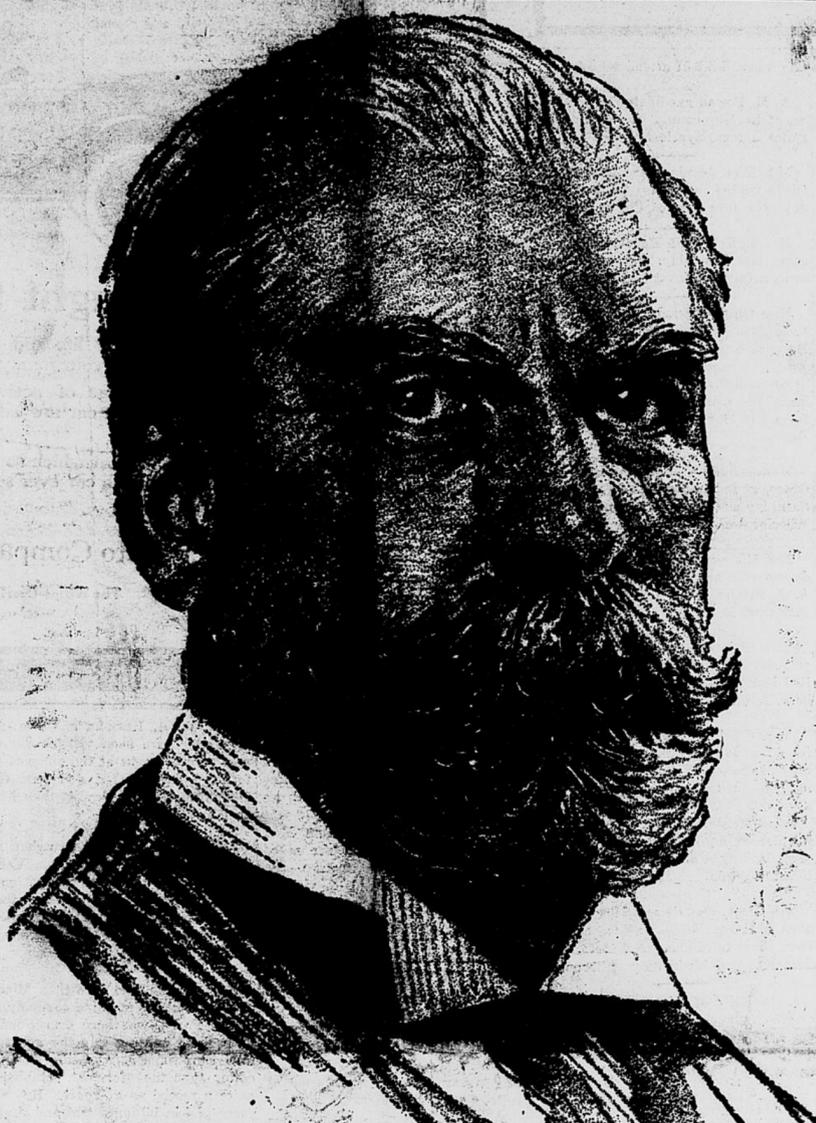

"Fewer Republicans are for Burke than are for Wilson," said Mr. Lemke. "There is no question as to the outcome. The Republican nominees will win this state without trouble, and as the actual facts in the present campaign comes to be more generally known, the outcome is made just that much more certain.

"Where is the cry—'he's knocking Wilson'—raised by the Democrats when Charles Hughes took the stump several weeks ago. It has been abandoned, as the people have found, on study, that Mr. Hughes' criticism of the administration has been based on fact: Mr. Hughes has laid before the nation the record of the administration with pity; he has opened a honest criticism of the deeds of the Democrats that the country cannot ignore.

"Mr. Wilson seeks the presidency for another term 'on his record.' Had Mr. Hughes permitted that record to stand unquestioned, Democrats today would have been abroad in the land declaring that Hughes found nothing to criticize. As a matter of fact, there is so much in the Democratic administration that is open to just criticism that the people are beginning to grasp the real truth, and are becoming awakened to the seriousness of continuing the Wilson administration in office.

"In North Dakota, Republican voters are being given lavish attention at the hands of the Democrats, but without effect. Republican voters in this state will name Hughes electors. Republican voters will return Porter J. McCumber to the United States senate, and they will elect the republican state ticket."

Mrs. Hannah Skaar and Mrs. Martin Ronning, who live near Hampden, were visiting and shopping in the city the first of the week.

## WILL VOTE ABSENT BALLOT

### SERGEANT ARTHUR SERUM- GARD FILES ABSENT VOTERS BALLOT.

Siver Serumgard of this city has filed with the county auditor an absent voters ballot for his son, Arthur, who is serving with the North Dakota National guard down on the Mexican border, and he will cast his first ballot for Hughes. In writing to his parents Arthur suggests that the outlook among the soldiers is that a large majority of them will vote for Charles E. Hughes for president. Arthur recently became of age, and this will be the first ballot he casts, and his filing absent voters ballot shows that while he is thousands of miles from home that he is taking an interest in the outcome of election just the same as though he were here on the ground.

## WATCH FOR BANDS ON WILD DUCKS

If you kill or capture a wild duck bearing an aluminum band around one leg, having a number on one side, and on the other a statement requesting that the United States Department of Agriculture, or the Biological Survey, be notified, you are requested to send this band at once to the Bureau of Biological Survey, Department of Agriculture, Washington, D. C.

This band, if accompanied by a statement at to date, place and circumstances under which the bird was taken, will be of service to the Survey in its efforts to determine the longevity of individual ducks and the routes of migration of the species. The bands are being attached to considerable numbers of wild duck of several species which have been cured of the duck sickness prevalent around Great Salt Lake, Utah, and there released. The department is particularly anxious to secure reports from these birds to determine their complete recovery from this malady which has killed hundreds of thousands of ducks in Utah.

## HIGHER FREIGHT ON APPLES

The following article taken from the Cavalier County Republican, published at Langdon, cites another advance in the already high cost of living, for those who enjoy the western fruit with the reason for this new advance. The Mr. Boyd mentioned in the article is the proprietor of a large store in that city:

Cashmere, Wash., that had been billed through to him at \$1.00 per hundred weight, instead of the old rate of 75 cents. Mr. Boyd had not been advised of any new rate and does not know whether this proposed advance is the result of the rate to be expected to follow the passage of the Adamson bill or not. The new arrangement will make a difference of just 12 1-2 cents per box on the cost of the apples. The public is certain to be forced to pay the advance in freight rates caused by the hold up worked thru congress by the trainman, and if this boost in rates is the result of President Wilson's submission to the demands, the public will have to get just 12 1-2 cents more enjoyment out of each box of apples and imagine they like the deal.

## WILSON'S BLUNDERS BLAMED FOR DEATHS IN MEXICAN TROUBLE

### FORMER AMBASSADOR CREEL EXPECTS REPUBLICANS TO RESTORE PEACE AND ORDER.

I notice what you say about the unhappy things in Mexico, and I cannot help to say again that President Wilson, is responsible for our great misfortunes in Mexico and for the troubles and expenses and dangers to the American people. President Wilson certainly would be a very unhappy man if he could realize that over 300,000 lives have been lost and over \$1,000,000,000 in property destroyed exclusively on account of his blunders in the Mexican policy. I am in great hopes that the coming Republican administration will very soon change the condition of Mexico and help materially and effectively to restore order and peace.

The above is an extract from a letter recently written by Enrique C. Creel, former Mexican ambassador to the United States, also the last Dean of the Cabinet under Diaz, and Minister of Foreign Relations to his cousin, General H. M. Creel of Devils Lake, North Dakota, who was in the city yesterday on his way home from an Eastern trip. Former Ambassador Creel is now spending a few weeks in California and the letter was written from Los Angeles. He was a former governor of Chihuahua and is one of the best known men in Mexico.

General Creel reports that political conditions in New York and New England are highly favorable for the Republicans. He predicts that North Dakota will give a good majority for Hughes and the entire Republican congressional and state tickets.—Minneapolis Tribune Oct. 17.

## WM. DEITER BADLY INJURED

Wm. Deiter, who is a switchman in the Great Northern yards, was painfully injured Monday while performing his duties. In some way he slipped and fell and the car wheel ran over part of both feet. He was removed to the hospital, where it was found necessary to amputate one toe, and while his other foot is badly crushed, it is thought possible to save it. He is resting as well as could be expected. The many friends of Mr. Deiter will be pained to learn of his injury.

E. R. Edwards, who is State Inspector of High schools, has been inspecting schools in this county during the week. Tuesday he and Prof. Haig made a trip to Starkweather to inspect the schools there.

## SAD ACCIDENT NEAR THE CITY

### YOUNG SON OF MR. AND MRS. ERNEST GUNN DRAGGED TO DEATH.

A terrible accident occurred at the farm of Ernest Gunn, just out of the city Friday afternoon, when Ernest, the little four-year-old son of Mr. and Mrs. Gunn was dragged to death. He had been out with his father plowing and they had been riding the plow, and it was suggested that they walk awhile. Mr. Gunn jumped from the plow and as the little fellow attempted to jump his foot was caught in the wheel of the plow, the team became scared and ran away, dragging the lad over a half mile, and when his father rushed to where he was he was found dead. His leg and hip were broken and he was badly cut and bruised all over the body.

The funeral was held from St. Joseph's Catholic church in this city Monday at 10 o'clock a. m., and the remains were tenderly laid to rest in the local cemetery. The bereaved parents have the heartfelt sympathy of all in their hour of sorrow.

## LOCAL ELKS TO GIVE PARTIES

The dancing committee of the local Elks lodge are planning to give several dancing parties in their beautiful new home this winter. Dates have been set for six dances between now and next spring, and as this organization has established a record for good times at these parties each winter, they will be looked forward to with much interest. The dancing committee is composed of Dr. H. G. Hocking, Herman Schutte, Howard Maher, Lloyd Stevens and H. A. Foss, and it is needless to say that this committee insures a most pleasant time at these parties.

The first dance of the series will be the Halloween ball, which will take place on Friday evening, Oct. 27, and all Elks and their ladies should govern themselves accordingly and try to be present.

## POLICY IN MEXICO MAKES WAR CERTAIN

### EUROPE MUST IGNORE MONROE DOCTRINE TO PROTECT SUB- JECTS, G. O. P. STATEMENT SAYS.

Washington, Oct. 17.—President Wilson's Mexican policy is making war inevitable, not only with Mexico but with European nations, according to a statement given out here today by Chairman Wilcox of the Republican national committee.

May Ignore Monroe Doctrine. The refusal of the Wilson administration to exact fulfillment by Mexico of obligations, he declares, will make it necessary for the nations of Europe to ignore the Monroe doctrine and intervene there to protect their interests with the certainty of drawing the United States into conflict.

Europe Will Collect Debts. "With the end of the European war, Mexico's creditors will turn their attention to the collection of their debts and unless order in Mexico shall have been restored earlier, Europeans will undertake to collect their claims by force, unless the United States will do it for them."

Under the Monroe doctrine this country must not permit this, and will be the almost inevitable outcome, Chairman Wilcox says.
