Mrs. Thoraldson passed away the first of the week and the funeral was held at their former home at Grafton. She is the wife of Adjutant General Thos. Thoraldson.

State Supt. of Public Instruction, E. J. Taylor was in the city yesterday and delivered an address to the teachers of the county. He is one of the most able educators of the state and during the time he has filled this important office has brought the educational work of the state up to a high standard.

ELKS MEMORIAL DECEMBER 3RD.

As is the usual custom of all Elks lodges, a regular memorial service will be held by Devils Lake Lodge No. 1216, on Sunday, December 3rd, this being the first Sunday in the month.

A program appropriate for the occasion is being prepared and the usual ritualistic services will be carried out. Hon. John Green of Minot, has been secured to deliver the memorial address. He is an able speaker, and the local lodge is very fortunate in securing Mr. Green for this occasion.

COMMERCIAL CLUB HOLDS MEETING

GOOD TURNOUT AND MUCH ENTHUSIASM SHOWN

The meeting of our local Commercial club Tuesday evening brought out a large number of members to discuss various matters pertaining to the welfare of the organization, among the most important of which was the matter of continuing the present club rooms and maintaining the complete organization as it has existed in the past. For some time there has been considerable effort made to finance the club, maintaining the present splendid rooms and also a secretary on a salary. The officers of the club have done everything possible to keep the maintenance of the club down to the minimum, and yet in order to meet the current expenses and reduce the past indebtedness, they find it a severe undertaking. However, those present were very much in favor of continuing and an effort will be made to interest each and every business man, to the end that he will do his part in keeping it a going. It is not a charitable institution, but a business institution, which the city needs, and it is up to the good citizens to join in doing their part in maintaining it. During the past year much good to our city has been accomplished through this organization, and we believe that for the welfare of the city it should be maintained. The club rooms are very important, as it affords a meeting place for almost every public gathering in the city, and a place where outside people may be entertained. We believe that if funds cannot be secured to continue the present pace, that the club rooms should be maintained at all hazards, and other expenses cut out. While we need a secretary, we believe that if funds cannot be secured to pay his salary that we might dispense with this part, for a year or so until we get on our feet and see just how things will move along. Secretary Powell has done his duty and done it well, and if we are to maintain a secretary no better one can be found. He has kept the records in good shape and boosted all the time to help things in the city.

His report Tuesday evening of what the club has done for the city showed up very well, and while we would like to publish the entire report, time and space forbids at this time. Suffice to say that this club has been the means of bringing eight conventions to the city during the past year, besides many other things, which has been of much benefit to the business interests of the city.

There were good talks made by various members, but the consensus of opinion seemed to be that we continue to maintain the club rooms at all hazards, and if we must trip expenses that we do it in some other way than to close the rooms.

TWO FIRE CALLS DURING WEEK

About 4 o'clock A. M., Tuesday the fire whistle sounded and the department responded to find the fire to be in the Aberdeen hotel. The fire started in some manner in the rear of the building and was extinguished by the department, but not before considerable damage was done to the building and its contents. How the fire started is a mystery. Last evening the department was again called out and this time it was found that the automobile of John A. Cowan was on fire. It seems that the car had just been driven into the garage after a trip, and it being dark, a match was lighted to see just how much gasoline had been used, and the match ignited the gas, causing the machine to be set on fire. The car was backed into the street and was saved after some scorching.

Funeral services were held from the Lutheran church near Crary Monday afternoon over the remains of Orville Rohr, of Rohrville. A large crowd was present at the last sad rites. The little fellow was only four years of age and met death in a very sad manner. He was holding a lantern for his father while the latter was filling his automobile with gasoline from a can. Knowing the danger he was placed a safe distance away from the machine, but becoming restless he moved closer, when in some way the funnel being used in filling the tank tipped, throwing a quantity of gasoline onto the lantern. This immediately exploded, burning the little fellow about the face and hands. It was thought at first that he would be saved but gradually grew weaker until the end came Friday morning. The parents of the child are old and respected residents of Rohrville, the town being named in their honor.

STOCK SHOW AND FESTIVAL COMING SOON

The first annual Harvest Festival and Stock Show for the Lake Region is going to be held in Devils Lake in connection with the Pure Seed show, November 14, 15 and 16.

Good quarters have been secured to house all stock and at this time everything points toward a most successful fair. There will be a good program each day, with able speakers on different subjects. There will also be a stock parade which will be worth seeing. The Ft. Totten Indian band will be here to furnish music each and every day. Liberal premiums will be given all along down the line.

Don't fail to attend and bring the family and let them have a most pleasant outing.

Thirty-five new members have been secured by the local Rebecca lodge, the plan adopted in this campaign being a membership contest. Two leaders were chosen, with the understanding that the losing side was to serve a banquet to the winners, and the newly secured members to be guests of honor. The banquet was served last Monday evening by Mrs. A. M. Powell and other members of the losing side. Mrs. O. S. Sheldon was the leader of the winners. Initiation of the newly acquired members took place in the lodge rooms immediately following the supper.

Mr. and Mrs. J. C. B. Turner and family leave this week for Dickinson where they will make their future home. The Turners have lived in Devils Lake for many years and they have a large circle of friends who regret their leaving here but will wish them success in their new home.

TOOK IN VERY LARGE CLASS

DAUGHTERS OF ISABELLA INITIATE LARGE CLASS AND HOLD BANQUET

Saturday evening the Daughters of Isabella held a large meeting and during this time initiated a large class into the mysteries of the order. After the work was completed Sunday evening there was a banquet at the Heath hotel, when over 100 sat down to a splendid spread. The room and tables had been beautifully decorated in purple and gold for the occasion, and Mrs. Felix Routier presided as toastmistress. Toasts were given by different ones, and the affair was carried out so successfully that it was thoroughly enjoyed by those present.

Mesdames Kate Gibbons and Rader of Cando were guests of friends in the city the first of the week. Mrs. Gibbons is a distant president of the Rebecca lodge.

A number of little friends were the guests of Miss Frances Turner last Saturday afternoon. They formed a theatre party, in the afternoon, after which they enjoyed a fine luncheon at the Turner home. They report an enjoyable afternoon.

Funeral services were held from St. Joseph's church last Friday afternoon over the remains of Josephine Krickenhelfer. Deceased was seriously injured in a shooting accident a short time ago, from which there was little hope for recovery from the beginning. The floral offerings were large, indicating a large circle of sorrowing friends and relatives.

Mr. and Mrs. Martin Kittleson and Mr. and Mrs. Albert Barstad, well known and prosperous farmers living near Edmore, were visiting and shopping in the city yesterday, remaining over night.

SATURDAY THE BIG CONTEST CLOSURES

Promptly at the Hour of Eight the Judges Will Take Possession of the Ballot Box and the Count Begins.

Away to the finish speed the contestants. Friday Saturday, October 27 and 28, and then at Eight o'clock the call for time, the count of votes the award of prizes in the greatest and most successful contest for subscriptions this section of North Dakota has probably ever known. Hundreds of names have been added to the list and there are two days yet to go in which probably the greatest work is to be done. It will mean a wonderful expansion of World business for which the publisher is highly gratified.

Be Diligent! Be Optimistic! Will it that you are to win. Yield nothing in your expectations. Have such plans that when materialized there can be no such thing as fail. This is a last glorious chance for you to step right into the Five Passenger Overland. "Wonder" Saturday night. Your friends are standing by you. They have confidence in your ability and popularity. You do not want to disappoint them. You do not want to lose. The only thing necessary to realize your cherished ambition is to go after subscriptions and turn in your votes. Don't hesitate to call and see the campaign manager. He is willing to assist and instruct you during the closing hours.

Votes Bring Victory! Every contestant knows that it takes votes to win and that there is only one way to get votes, that is, by securing subscriptions. One way is to fare forth in quest of subscriptions, determined to see those who have promised their support, holding on to the resolution grimly but confidently, and success is sure. Make it a certain thing by your personal call to the pledger. Have your note book convenient at all times for the Saturday cash-in. Make it plain to the pledger that these are the closing hours and your last opportunity.

The Judges who will make the count are experts at figures and are impartial, giving their services in a spirit of accommodation to The World and its publisher. Every contestant is assured, positively, that what she has turned in, or what has been turned in for her, will be fairly and fully checked. All may not win the automobile—this of course is obvious, but there will be no losers. Only those who have faltered the past two weeks and are not especially active may not expect to find any special compensation. This has been a contest, where industry, perseverance, holding out to the end, is required.

The Ballot Box is located in the World office where it will receive your report up to the closing hour, 8:00 p. m. Be sure that your reports are accurate. The Contest Manager will provide a special report blank for the closing evening which is to be enclosed in a sealed envelope, together with the correct amount of subscription money. All contestants will probably work up to the last few minutes but should have their reports made out so that they are certain they are correct in every way a few minutes before eight o'clock. One or more of the Judges will be at the World office sometime before the closing hour to see that the voting stops promptly at 8:00.

Be On Time! Have your reports ready and deposit them any time before 8:00. Contestants may drop as many envelopes containing reports and cash into the box as they wish, to make it convenient. All checks signed by contestants must be certified. We suggest that you use currency as payment with your reports.

Following is standing of contestants up until Oct. 25th.

Tina Iverson	1,593,000
Mrs. William Redmond	1,548,500
Mrs. C. E. Stinson	1,532,750
Mildred Dougherty	1,524,100
Loretta McLain	339,500
Elvira Bratt	326,050

HELP WANTED.

—Patrick in New Orleans Times-Picayune.

The football game scheduled by the local high school team with the team from Larimore which was to have been played Saturday was postponed on account of the bad weather and muddy field. However, the boys are hard at work getting in shape for the return game with the New Rockford aggregation which will be played here next Saturday. The boys have made up their mind to avenge the defeat they suffered at the hands of the New Rockford boys earlier in the season, and promise a hard fight and interesting game.

The remains of little Thomas Sheridan, the eighteen months old child of Professor and Mrs. Sheridan of the School for the Deaf, were shipped to Mohall Saturday where interment will be made. Mr. and Mrs. Sheridan accompanied the remains to that place, the family home. The little lad passed away Friday morning after having been sick for over a week, but at one time was considered somewhat improved. Friends in the city extend sympathy to the bereaved parents.

Oliver Ness has taken charge of his parent's farm near Webster. Mr. and Mrs. Ness have disposed of their interests and will soon move to Minnesota. They were tendered a reception Saturday afternoon by their neighbors, among whom they have lived for many years.
