## GERMANS ASK 45 BILLION TO QUIT THE WAR

PEACE PROGRAM AS OUTLINED  
BY COUNT ROON SETS FORTH  
ALL TERMS WHICH WOULD BE  
ACCEPTABLE.

Paris, July 1.—Great Britain must turn over its war fleet to Germany, return Gibraltar to Spain and restore Egypt and the Suez canal to Turkey. Great Britain, France and the United States must pay Germany an indemnity of at least \$45,000,000,000. Belgium and French territory must surrender.

The above conditions are included in the German peace program published in the Nachrichten of Goerlitz, Prussia by Count Roan, a member of the Prussian house of lords, according to a Havas dispatch from Basle, Switzerland. Count Roan says Germany is entitled to the following terms because of its strength and until they are realized there should be no armistice and no cessation of submarine warfare.

**Terms Outlined.**  
Annexation of Belgium with administrative economy in the war. Independence of Flanders.

Annexation of the entire Flanders coast including Calais.

Annexation of Biery and Longwy basins and the Toul, Belfort and Verdun regions eastward.

Restitution to Germany of all her colonies, including Kaio Chau.

Great Britain to cede to Germany such naval bases and coaling stations as Germany designates.

Great Britain must return Gibraltar to Spain, cede its war fleet to Germany, restore Egypt to Turkey and the Suez canal to Turkey.

Greece must be re-established under former King Constantine with frontiers as before the war.

Austria and Bulgaria will divide Serbia and Montenegro.

Great Britain, France and the United States must pay all of Germany's war cost, the indemnity being a minimum of \$45,000,000,000. They also must agree to deliver raw materials immediately.

France and Belgium are to remain occupied, at their expense until the conditions are carried out.

## LANGER'S BLUFF DIDN'T STICK

Bismarck, N. D., July 1.—A resolution prohibiting the wearing of the military uniform "in parades or any thing else" by any organization not recognized by the military department of the state, introduced this morning by Attorney General William Langer, was unanimously rejected by the council of defense, after an audience with Adjutant General Fraser. General Fraser had commented upon the fact that the home guard companies were planning to mobilize in Bismarck next Thursday, Fourth of July, and he stated he had been informed that the companies had received permission from the state council of defense to carry arms and appear in uniform. He stated he did not object to the uniform, particularly, although the legality of its use by non-authorized companies was questionable but he did oppose the carrying of arms by unauthorized units.

## TREAS. ASSN. TO MEET HERE

The annual convention of the County Treasurers' Association of North Dakota will be held at the Commercial club rooms in Devils Lake next Tuesday and Wednesday, July 9 and 10th. County Treasurer A. portant feature of the business transacted.

Rev. H. Garfield Walker of Devils Lake will deliver a patriotic address under the following topic: "County Treasurers, their responsibilities as officials and their duties as patriotic citizens." ## LOCAL BOY IN FLYING CORPS

George Crook of the Royal Flying Corps, who has been in this city on a furlough, returned to his duties last Thursday evening. George is considered a local boy and his many friends here are watching his progress with much satisfaction as he is rapidly forging to the front. He has been in training now since last fall, a part of which time he spent on the aviation fields of Texas during the winter months. He has now finished his training on this side and expects to leave soon for duties on the front. George promised the boys here that as soon as they have chased the Huns into Berlin and penned them up in the wine cellars he will get his luggage together and take the trail which will eventually end right back in Devils Lake with his friends here who hope that this end will soon be accomplished.

## N. D. SOLDIER IS GIVEN LIFE TERM

Fargo, N. D., June 29. — Because Guy C. Rheinehamer of Cummings, N. D., refused to sign an enlistment card on June 10 and showed by his actions and statements that he was disloyal, he was given a life sentence for disobedience at Camp Lewis, Wash., when an order of the court martial was signed by the commanding general.

Rheinehamer was a private in the 39th company, 168th Depot Brigade, and according to officers, his case was different from the ordinary conscientious objectors in that his utterances were seditious and not founded upon any religious belief as is the case of many objectors in that camp. According to word reaching Fargo today, Rheinehamer is said to have made the statement: "To h— with this army business" and at once opposed military orders. He is said to have cursed the United States army, the country and everything dear to a good loyal American.

Officers of the cantonment gave considerable publicity to this case to the men in training as an example of the treatment of disloyal soldiers. Private Rheinehamer will be sent to Alcatraz, Cal., to remain in prison for the rest of his natural life under the terms of his sentence.

## Frazier and Nonpartisan Ticket Wins at Primaries

NORTON LOSES OUT IN THIRD  
DISTRICT AND BAER CARRIES  
FIRST DISTRICT AGAINST VICK  
BY SMALL MAJORITY.

RAMSEY COUNTY DEFEATS  
WHOLE NONPARTISAN TICKET  
FROM TOP TO BOTTOM.

The primaries are over, and the result is that the Townley ticket from top to bottom won out in the state, and the Socialist aggregation has nominated enough senators and representatives, so that if elected Townley will have complete control of the state machinery, including the legislature. However, there seems to be one bright spot in the state and that is Ramsey county, as the county defeated the entire Non partisan ticket, including Hoghaug and Laird, who were members of the secret caucus during the past session of the legislature.

Olsen, Mikkelsen and Kelly won out for the legislature, Hunt for states attorney, Elliott for sheriff, and the balance of the county ticket had practically no opposition.

On the Democratic ticket Doyle wins out for governor by a large margin. Up to the present time we are unable to furnish the complete vote in the state, but in Ramsey county the vote is as follows:

THOMAS MILLS  
UNDER ARREST

Fargo, June 27. Interest in the primary election yesterday was held up by the arrest here last night of Walter Thomas Mills, Socialist, who has been touring the state in the interest of the candidates endorsed by the Nonpartisan league, on complaint by United States district attorney M. A. Hildreth. The complaint charges that Mills, who is at the head of the school of political economies at Berkeley, Cal., in a speech at Fargo on the 26th made utterances "with the intent to cause insubordination, disloyalty, mutiny, and refusal of duty in the military and naval forces of the United States." Mills waived an examination and was released on \$2,000 bond.

Thor Feragen, for some time past manager of the New York Store, has resigned his position and will leave Saturday evening for Chicago. He has accepted a position as traveling salesman with the J. V. Farwell Co., of that city, the largest wholesalers of dry goods in the Northwest. Mr. Feragen's many friends will be pleased to learn that he has secured the Dakota territory and that he will make his home in this city. Without doubt the New York Store has never had a better man in charge of the dry goods and ladies' ready-to-wear than Mr. Feragen, and as a result of his untiring efforts he has made a wonderful increase in the amount of business done at this popular store, and has greatly increased the number of patrons. He knows the business and his knowledge of what the trade demands will stand him in good stead in his new position as traveling salesman. While every one is sorry to see Mr. Feragen leave the store, still they hope that he will like his new duties and that he will be successful.

## COMMISSION WILL HEAR RATE CASES

Bismarck, N. D., July 1.—The federal court has denied the application of the Western Electric company of Jamestown, for a restraining order against the North Dakota Railroad commission, it was announced here today. As a result, the way is cleared for a state probe of rates charged for its commodity by the Western Utilities company.

The company raised in the federal court, the question of the rail commission's jurisdiction. The state argued for the dismissal and won.

As a result, the state rail board announced hearings to be held at Jamestown, Grand Forks and Devils Lake on July 8, 10 and 12, respectively.

## MANY KIDDIES ARE EXAMINED

The examination of children which is being completed in this city is expected to be of great benefit to the little ones, as conditions have been brot to light in the recent examination of the men for army service that lead medical men to believe that hundreds of rejections for this service have been the result of neglected defects in childhood. This examination is paid for and conducted under a government bureau and while there are undoubtedly those who did not take the opportunity of having the children examined local doctors report that they were kept exceedingly busy during the three day period.

## 200,000 BOYS ARE CALLED TO COLORS

Washington, June 29.—As a further step in carrying out the War department's men to have 3,000,000 men under arms August 1, Provost Marshal General Crowder tonight called on the governors of all states except Arizona and Illinois for mobilization between July 22 and 25 of 220,000 white draft registrants qualified for general military service.

This call is expected virtually to exhaust the number of men now in class one, available for active military service, and, when added to school requisitions of 23,436 men, brings the total calls so far announced for July to 243,436.

**New Draftees Next.**  
To complete its program for the remainder of the present year, the department will have to depend on the 400,000 class one registrants expected from the June 5 enrollment and the 250,000 or 300,000 to be obtained thru the reclassification now in progress.

In the call announced tonight New York leads the list with 22,241 men; Iowa is second, with 17,849, and Wisconsin third, with 13,200.

## U. S. SHOULD PREPARE FOR TRADE FIGHT

REPRESENTATIVE GOULD TELLS  
OF EUROPEAN PLANS IN THE  
MAKING.

Recognizing the importance of national preparedness for the economic and industrial conditions that will arise after the end of the war, Representative N. J. Gould, of New York, introduced a resolution at a meeting of the National Conference of State Manufacturers' Associations held in Washington. The resolution which was adopted read:

"Resolved, That the National Conference of State Manufacturers' Association authorizes its president to appoint one representative to confer with representatives of the National Industrial Conference board, the Chamber of Commerce of the United States, the National Association of Manufacturers, the National Foreign Trade council, The American Manufacturers' Export Association, and other national organizations of a similar character for the purpose of cooperating with the proper representatives of the government of the United States in solving these problems."

Mr. Gould said that from information brought to his attention, Germany had completed plans for the demobilization of her armies when peace is declared; that her various most essential industries are to have preference in the necessity for their quick re-entrance into international trade; that her shipping capacity is being scheduled, and she is in a most forward manner planning conquest for a commanding position in world trade.

Mr. Gould also brings forth that British commercial interests are very active in this respect, and that there are a matter of twenty or twenty-five committees in England now studying the problem.

Debs makes an interesting speech

In the course of a speech at Terra Haute, Ind., Eugene V. Debs denied that he uttered the seditious statements attributed to him as having been made in an Ohio speech. Debs in his Terra Haute speech, according to the dispatches, "praised the Bolsheviki and praised President Wilson for his attitude toward the Bolsheviki." He also declared that the Socialists of the country stand back of the peace plans of President Wilson and commended Wilson for his interference in behalf of Thomas Mooney, the left wing Socialist convicted in San Francisco on a charge of dynamiting a preparedness parade. Debs, in his Terra Haute speech, praised the I. W. W. and said they had been lied about. Speaking of the Mooney case, Debs said: "If that gang sends Tom Mooney to hell I am here to serve notice that they had better pack up their grips and follow him there."

## TOWNLEY CASE UP NEXT WEEK

ATTEMPTS ARE BEING MADE BY  
TOWNLEY TO STOP FURTHER  
PROCEEDINGS IN BANKRUPTCY

Fargo, N. D., July 1.—The proceedings by which A. C. Townley hopes to prevent the trustee in bankruptcy, E. B. McCutcheon, of Minot, making an examination of the records and accounts of the National Nonpartisan league, the United Stores Company, and various other concerns directed by himself, originally scheduled to be held in the federal court in Fargo on June 30, which fell on Sunday, probably will be heard about the middle or latter part of the week. The court fixed June 30 by error, and the case will come on as soon after that date as possible.

In the proceedings, Mr. Townley who is asking the court to exempt him from the payment of nearly \$80,000 in debts, against which he has listed assets of about \$5000, contends that the trustee wants to make an examination of the accounts in question for political purposes.

The step to block any examination of the books of the league or its many allied commercial enterprises, was taken after Townley's counsel had agreed in St. Paul to produce the records.
