

AMERICANS ABROAD IN RED CROSS WORK

United States Citizens Far Away
Enthusiastic Members of the
"Fourteenth" Division.

Among the most enthusiastic and energetic members of the American Red Cross are those citizens of the United States who live outside the continental boundaries of their country—sons and daughters of the Stars and Stripes residing at the far corners of the earth.

These people compose the Insular and Foreign Division of the parent organization, generally known as the "Fourteenth" Division, which has jurisdiction of all territory outside the country proper; that is, Alaska, Porto Rico, Hawaii, Virgin Islands, the Philippines, Guam, and even the island of Yap, which came under our flag as a result of the world war. For the year 1920 this division reported 80,808 paid up members.

The main object of this division is to give our citizens everywhere the opportunity to participate in the work of the organization which stands for the best national ideals. Americans in far places intensely loyal and patriotic, treasure their membership in the Red Cross as the outward expression of their citizenship. It is another tie to the homeland and to each other. There are chapters of this division in Argentina, Bolivia, Brazil, Canal zone, Chile, China, Costa Rica, Cuba, Dominican Republic, Ecuador, England, France, Guam, Guatemala, Haiti, Hawaii, Honduras, Japan, Manchuria, Netherlands, Nicaragua, Paraguay, Peru, Philippines, Porto Rico, Siberia, Spain, Sweden, Switzerland, Syria, Turkey, Uruguay, Venezuela and Virgin Islands.

During the war these scattered members of the Red Cross contributed millions in money, and millions of dollars' worth of necessary articles for the men in service, and sent many doctors and nurses to France. At the same time they carried on an excellent Home Service in their respective communities for the families of those who had gone to war, and in some regions gave large sums of money and immeasurable personal service to the relief of disaster and disease victims.

The division is now establishing service clubs in foreign ports for the benefit of sailors in the American Merchant Marine, making plans to aid Americans in trouble in foreign lands and completing arrangements for giving immediate adequate relief in case of disaster.

It is the Fourteenth Division's part in the great Peace Time program of the American Red Cross.

RED CROSS ASSISTS DISABLED VETERANS

The American Red Cross is carrying on a wide program of service for the disabled World War veterans receiving treatment in United States Public Health hospitals, and those being trained through agencies of the Federal Board for Vocational Education.

In each of the Public Health Service hospitals Red Cross workers devote their time to the general welfare of the service men from the day they enter the receiving ward until they are discharged. After the soldier's discharge the Red Cross continues its friendly service through the Home Service Section in his own community. The Red Cross maintains a convalescent home at all of the hospitals, where patients can amuse themselves after they are well enough to be up and around. Parties and picture shows in the wards are also furnished, with occasional excursions when convalescence allows.

Great service has been rendered by the Red Cross in mental cases in identifying those who have appeared in state hospitals for the insane, and helping them secure compensation due from the Bureau of War Risk Insurance.

In the Federal Board's various district offices the Red Cross worker, acting with the Home Service Section, makes necessary loans to the men, at times collect evidence and supply facts to the Board, assists in "sponsoring cases" and settles various personal difficulties for the men. The workers also follow up and aid all men who discontinue training.

The Red Cross agents find men "lost" to the Board, help clear up delayed cases and aid the college counselors in their friendly work with the men. Many Red Cross chapters have set up recreation facilities, and in some instances living clubs, so these victims of war may have attractive surroundings and the fun which must go with effective school work.

To the American Red Cross Institute for the Blind near Baltimore, Md., more than half of all the Americans blinded in the World War have come for training. The Institute, through the Red Cross, long ago conducted an exhaustive industrial survey to determine the vocations for which blind men could be fitted. As a result it is putting forth well trained men equipped to meet the social, civic and economic requirements of their respective communities.

Aid for Spanish Red Cross.
The Spanish chapter of the American Red Cross, composed of Americans residing in Spain, has just contributed \$480 to a fund being raised by the Spanish Red Cross and the League of Red Cross Societies for the purpose of fighting malaria.

POSSIBLE RIVAL TO HELEN KELLER

Should the world-renowned Helen Keller ever have a rival it would be in the person of eighteen-year-old Oma Simpson, now under teaching of Miss Sophia Alcorn of Danville, Ky., where she attends the Kentucky School for Deaf and Dumb. Totally blind and deaf, she has been educated orally, one of the few instances in medical history where this has been accomplished. She reads lips in the ordinary method used by the blind, placing her thumb across the lips with fingers beneath the chin. She can also tell what is being said from throat vocal vibrations, a remarkable method. She can hear over the phone by placing her fingers over the diaphragm.

HID HIS ROMANTIC LIFE

Carpenter One of Few Who Survived Shipwreck Adventures.

Romance and adventure entered into the life of Fred Krusemark, a carpenter, eighty-two years old, who died recently at Atchison, Kan., but few Atchison people knew it until his death.

He was born in Denmark, and after fighting Germany with the Danish army in the sixties he left that country and traveled in Europe, Asia, England and other countries, working at his trade. The boat on which he came to America became helpless in a storm and drifted many days, grounding near a Central American port after the food supply had become exhausted and several passengers and members of the crew had died from starvation. Krusemark came to Atchison forty years ago. A widow and six children survive.

REGISTER ALL WORKERS

Russian Bolshevik Government Plans to Eliminate "Parasitic" Elements.

The soviet government of Russia is taking steps to eliminate all "parasitic" elements by ordering the registration of all males between 16 and 50, and all females between 15 and 40. Every person between these ages must obtain identification cards, giving full details of their employment.

Arabian Hides Grade Well.
Arabian skins coming into the world markets through Egypt and the Sudan originate exclusively in Jeddah and places in the vicinity of Mecca. They embrace cattle hides, sheep skins, goat skins and camel hides, and are generally dry salted. Arabian hides are limited in quantity; the quality, however, is excellent.

MOVIE COMEDY KING GETS OLD

Charlie Chaplin's Hair Getting Gray With Troubles

Salt Lake City—Charlie Chaplin will not oppose the divorce sought by Mrs. Mildred Harris Chaplin, if she will withdraw her application for an order to restrain him from selling his latest picture, he said here recently.

"I will give her a divorce any time she consents to withdraw the restraining order against my latest picture. I offered her a substantial sum but she clings to the restraining order. There is a state law here that prohibits service of a restraining order on me. I am going to stay here until the picture is sold. I have two years work and \$300,000 of my own money tied up in it. I am not a rich man." The reporters remarked the fact that Chaplin's hair is growing decidedly gray.
