

TWELVE MEN TO HANG IN 1 DAY

Illinois To Hold Record For All Legal Killings.

CHICAGO, ILL.—All records for legal executions in Cook county and possibly in the state of Illinois will be broken here Oct. 14 and 15, officials believe, when 12 men are sentenced to be hanged for murder.

Eight of the men are under sentence to die Oct. 14 and four on the following day, in addition two other slayers who have been convicted are awaiting sentence and it is possible that they also may hang on one or the other of the two days.

Chicago has had several wholesale executions in the past—the most notable Nov. 11, 1887, when four of the Haymarket anarchists were hanged—but nothing in the memory of jail officials approaches a death list of 12 in two days.

Hangings in Cook county jail take place in the corridor of one of the main cell blocks. There is just room for a double gallows, so it is probable, according to George F. Lee, the jailer, that the men will be executed in pairs. The hangings will cost the state approximately \$3,000, including a \$100 fee for the sheriff for each man hung.

Those to be hanged Oct. 14 are Sam Cardinella, leader of a blackhand gang whose members confessed several murders; Nick Viani, Thomas Herico, Frank Campione, Sam Lopez, Joe Castanzo, Sam Ferrara, and Henry Reese, the latter a negro.

The Oct. 15 list includes Arthur Haensel, Richard Wilson, Harry Andre and Frank Zager. Haensel, who killed his wife, was to have been executed last spring but was granted a reprieve five minutes before he was to have marched to the gallows. Andre was convicted of killing a watchman while robbing a factory safe. Wilson was found guilty in the same case, although he was on another floor of the building when Andre, his partner, killed the man. The jury decided that as an accomplice he was equally guilty.

CITY SCHOOLS STARTED TERM

Hundreds of Children Reassemble For Classes.

Public schools of Devils Lake and other parts of the county began reeling off the days of the 1920-1921 term yesterday. Children began assembling at local school houses long before the opening hour, greeting each other, making new acquaintances and generally appearing to enjoy the occasion.

Altho the opening day had long been announced, many children are reported to have failed to appear for the opening day. It is believed, however, that today's attendance will be nearly normal for the fall month. Already it is certain the official opener will show a marked increase in nearly all classes from the lower grades up through the high school. To provide for this condition, the school board plans to use Guild Hall for some branches of study.

Delinquent Tax Notices Are Out

Delinquent personal property tax payers have been notified of their arrears in county assessments, according to A. M. Powell, county treasurer. Tax statements covering money and credits taxes have also been mailed out.

"These taxes now have a penalty of twelve per cent attached and unless paid by October 15th," Mr. Powell said in commenting on the work of Deputy Treasurer George Elmslie in getting the notices out on time and according to law, "and unless paid by that date, will be turned over to the sheriff for collection."

"The treasurer's office has collected, to date, over eighty-five per cent of all 1919 taxes, personal and real estate, which is a larger proportion than ever before," Mr. Powell stated.

Wounded Ex-Soldier Is Refused Training

NEW YORK, N. Y.—Henry R. Irving, married, of 243 W. 132nd street, New York, wounded twice by gunshot at Soissons after 47 days in action at Chateau Thierry, and badly gassed, has just been refused vocational training. No reason is given. The Red Cross championed his case. Mr. Irving's lungs are seriously impaired and he is a deserving veteran. After 13 months' persistent effort he has just been allowed \$24 per month compensation.

A visit to the vocational board rooms any day will disclose many deserving men who have been patiently waiting for months without being given any satisfaction by the board.

EX-SOLDIERS ARE IN NEED

Reports Show Many Of Returned Men Are Suffering

New York, Sept. 1.—Reports gathered by representatives of the Ex-Service Men's Co-Operative League, which has branches in practically every state in the union, show that hundreds of men who fought overseas in the A. E. F., are in desperate straits because they were disabled and have not been made the allowances given them by the government to balance their expenditures because of the high cost of living. A report is being prepared, showing that many men, who took no interest in the bonus situation formerly are urging action by congress because they have felt the pinch of present conditions. The league is going to send out workers during the presidential campaign to secure more members, while working for the various tickets in the field. The appeal for the soldiers will be made on a purely non-partisan platform and in this way has been promised the support of many leading men of both parties. The Ex-Service Men's Co-Operative league plans an extensive campaign in the interest of men who served the United States in France. Its programme includes better educational facilities, uplift work, a national exchange for the development of helpful ideas among the men and an employment bureau. Members of the league achieving conspicuous success in any given line will have their achievements featured for the inspiration of other members. The league also plans to supply the government with lecturers against the ultra-radical organizations are spreading in the cities, towns and hamlets of the United States.

WITH THE Y.M.C.A. BOYS

(By A. E. Conrad.)

An office room in the Locks building has been rented, the "Y" sharing part of the room with the Ramsey County Abstract Co. This office will serve as a clearing house in providing for and furnishing talent in developing community activities.

A program for the county activities this fall and winter has been provided for. There will be a series of lectures by men of national reputation, also good speakers from our own county. The Hi-Y club will make a fine contribution by giving educational entertainments in several community centers. Secretary Conrad has secured a stereotyping machine and will use this method of educational work to the fullest extent.

Athletic Program
A full program will be announced later. Special attention will be given in developing mass athletics in several of the schools thruout the county. A special athletic director has been engaged to put on this program, and local leaders will continue the work.

Men or groups of men who are anxious to contribute service to boys' work are invited to join in this movement. This is a county movement and you are of the county. Coordination of efforts in the Boys Work will give the boys a most efficient service and unify the county and community life.

Wait, Duck Hunters, Until September 15

Duck hunters, wait until the season for shooting the feathered game opens September 15th. Ducks are found in abundance in every part of the state and more than the usual number are located in Ramsey county.

Reports from various sections of the state report "soomers" taking occasional chances to bag a few ducks out of season. It is generally believed here that the state department in charge of enforcement of the game laws are already on the lookout for offenders.

Rainfall For Month Reached Total Of 2.21

The month of August records at the United States weather observatory here under M. R. Hovde recorded 2.21 inches of precipitation, a summary just issued shows. Normal for the month on a basis of records over a protracted period is 2.76 inches. On the 19th, 1.16 inches was noted. Temperature records for the same month show highest, 96 on the 9th; lowest 39 on the 21st.

Twenty-two days of the month were noted in the monthly report as clear, six as partly cloudy and the remainder as cloudy.

Gets Census Boosted.
VALLEY CITY, N. D.—A recheck of the cities population was increased over 400 over the 1920 federal census. The newly compiled figures place the cities population at over 5000; 4686 was the number sent out by the federal census. The recheck was made by Charles Pettibone of Fargo.

Hunter Is Fined
CONCORD, N. D.—F. F. Clifford pleaded guilty before Police Magistrate E. H. Howell of shooting three ducks, in violation of the state game laws, and was given a fine of \$81.85. Clifford and a friend were traveling through the country in a car, headed for Yellowstone park. They were caught shooting the ducks near Apple Creek, by Carl C. Moore, game warden there.

Breaks Jail To Vote
BISMARCK, N. D.—William J. Hogan, who escaped from the state penitentiary several days ago, has been brought back to the prison from Montana, where he was captured. Hogan told the guard that he had

escaped because he wanted to vote in Montana, his old home state. He said he did vote in Butte on primary election day. Hogan was committed to the penitentiary from Nelson county. He made his escape on Friday afternoon, August 20, while working in the prison garden.

Has Commission Government
GRAND FORKS, N. D.—The new charter for commission form of government in Grand Forks was presented to the city council at its regular meeting yesterday.

A call for election of city officials under the new charter will be issued within 20 days after the council meeting. Five members of the commission, including the president will be voted for. No public announcement of candidates for offices has yet been made. Dr. H. M. Wheeler is the present mayor.

Bottineau Tragedy
BOTTINEAU, N. D.—While left alone at the sheriff's residence, Miss Bernice Clark, who has made her home with Sheriff and Mrs. Hennessy for several months, committed suicide by hanging herself. She tied a piece of cheesecloth about her neck, fastening the other end to the middle hinge of one of the doors and sitting down on the floor permitted the noose to tighten and strangle her to death. Following a severe attack of the influenza last winter, Miss Clark lost the use of her vocal organs and for some time has been very melancholy, at times refusing to eat. She was a graduate of the University of North Dakota and had taught in the schools at Fosston, Minn., last year.

A chain is no stronger than its weakest link, and no city can be really beautiful or progressive unless its citizens, individually and collectively, endeavor to make it so.

Secretary Conrad Tells of Y. M. C. A. War Work

Secretary Conrad of the Ramsey county Y. M. C. A., organization has issued a statement concerning war activities of the "Y" in comparison with other organizations in France during the World war which offsets many theories current to the detriment of the popular association.

Official reports by the American army in France giving the estimated strength of the different Welfare organizations operating with the American army, showing the amounts of money used, the number of huts maintained, cost per hut, number of secretaries, and cost per secretary all the way through, including insurance claims paid.

The Y. M. C. A. still has several hundred secretaries, carrying on the work in the war stricken countries. The country Y. M. C. A., program is operating in many European countries with the greatest success, the demand for this rural work increasing faster than the Association is able to develop leaders.

Money Used	No. Huts	Cost per Hut	No. Secy.	Cost per Secy.
Y. M. C. A. \$100,000,000	1600			
\$ 62,000	8,000	\$16.66	160

The Certain-teed Guarantee as a Basis for Estimating Roofing Cost

The Certain-teed guarantee provides a basis for estimating the approximate cost per year of your new roof. Certain-teed Roofing, Number 3 Heavy, is guaranteed for fifteen years. It usually lasts longer. Taking fifteen years as the assured life and dividing the unusually low cost of Certain-teed, as compared to most modern types of roofing, by this figure, you readily see how economical Certain-teed is. The light and medium weights of Certain-teed are also guaranteed, five years for the former and ten years for the latter. In addition to its durability, Certain-teed is weather-proof, fire-retarding and spark-proof. And it costs less to buy, less to lay and less to maintain than any other type of good roofing. See a Certain-teed dealer about roofing. If he hasn't enough of the weight you want in stock he can quickly get more from a nearby Certain-teed warehouse or distributing center.
