## STARKWEATHER

(Starkweather Times)

Every inch of standing room was occupied at the Rex theater Tuesday evening when Harold Bell Wright's novel, "The Shepherd of the Hills," was shown in pictures. The picture was accompanied by an orchestra and a dance was given after the show.

E. T. Judd came over from Cando Monday evening and Tuesday morning he and F. R. Irons left for Bismarck where they will be in attendance at the hearing now being held by the Minimum Wage Commission of the Workmen's Compensation Bureau.

The road between Starkweather and Devils Lake is in as good condition now as it has ever been. The county offered to put the other roads tributary to Starkweather in good condition if we could find some one to do the work. However, it seems that most of the people of this community would rather ride over the roads as they are than to do a little work on them even though the county pays them big wages for it.

## EDMORE

(Edmore Herald News)

Edmore, N. D., (Special) — School opened auspiciously at Edmore, in its large brick structure. This building, one that is rarely found in a town of this size, has excited the attention and admiration of the neighboring country.

### Enrollment Increases

The enrollment in the high school already during the second week is nearly 100 per cent larger than that of last year. With the enrollment at 75 and more coming, the district is confronted with the necessity of securing more teachers. About 40 per cent of the students come from outside districts.

### Has Fine Equipment

The school is well equipped for athletics. With a large gymnasium, apparatus for both turning and basket ball, and a wealth of material to choose from, the prospects for sports are very good. The activities of the Young Men's Club will be correlated with those of the high school. Physical training is established and is required of all students two periods a week. The gym. exercises will be utilized later in presenting a pageant.

### The Faculty

The high school faculty consists of: Olaf Nelson, A.B., Luther College, superintendent; Miss Katherine Sorlie, A.B., University of North Dakota, principal of high school; Miss Thelma Burget, A.B., Upper Iowa University, instructor of domestic science; Miss Lena Coder, Des Moines College, instructor of music.

The grades have also expanded. One more teacher has been hired than last year. Faculty for the grades consists of: First, Miss Gertrude Neste, Valley City Normal; second, Miss Olga Flesche, Mayville Normal; third and fourth, Miss Lena Coder, Des Moines College; fifth and sixth, Miss Gunda Hammer, University of North Dakota; seventh and eighth, Miss Ella Bruhjiell, Minot Normal.

Having a strong faculty, a new modern building, and facilities conducive to a balanced development of both mind and body, the Edmore schools are proving themselves to be among the best schools in the county.

### Reception for Teachers

Last Friday evening the community gave a reception in honor of the teachers at the High school auditorium. A good program was rendered which was followed by light refreshments.

### EDGAR LARUE AT BOSTON

Edgar La Rue, secretary of the City park commission and the local Chautauqua association, left Monday evening for Boston, Massachusetts, to attend a national conference of leaders in the Christian Science Church organization.

## FILM SMILES

and go for them  
By H. Speed

FILM TITLES  
HAVE MERCY  
ON HUBBY

THE title of an upcoming picture suggests the dollar mark as an appropriate design for "The Husband's Trademark". Then, too, there is the opinion of Old Gregory Grouch, confirmed bachelor, who insists that the trademark for some married men should be a ball and chain.

Screen queens quickly discover "the Lady's Name" is never so long in wait when it gets into publicity.

There is a limit even to discipline. "Pleasure Seekers" in countless towns can't shake their stars for the picture.

Good news! "Discontented Wives" are to be assembled in one film.

"The Sims of the Night" indicates that resort to a hymn-book may sometimes bring up a film-title.

Tips for Travelers  
There should be a stiff war-tax on tickets for "A Trip to Mars".  
Constance Talmadge personally conducts her admirers "Up the Road with Sailer".

Here's news for sinners. "A Trip to Paradise" is to be had for the price of a movie ticket.

Despite the general impression that all news gatherers use lead pencils, reporters for Selznick News use a camera.

Miracles of the movies continue. "The Desert Shall Bloom" despite the drought, some folks complain about.

In acting as Conway Tearle's leading lady in "After Midnight", Zena Keefe demonstrates the unselfishness of screen stars.

Some Fitting Titles  
For gamblers: "Bucking the Tiger".  
Moonshiners: "Outside the Law".  
Poetrymen: "The Chicken in the Case".  
Divorcees: "Love Is an Awful Thing".  
Servants: "Through the Back Door".  
"Selznicks at the Grand"

Will be at  
GREAT NORTHERN HOTEL

MONDAY, OCT. 24

Office Hours: 9 a.m. to 4 p.m.

## One Day Only

No Charge for Examination

Dr. Mellethin is a regular graduate in medicine and surgery and is licensed by the state of North Dakota. He visits professionally the more important towns and cities and offers to all who call on this trip consultation and examination free, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit many wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bed wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

If you have been ailing for any length of time and do not get any better, do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble.

Remember above date, that examination on this trip will be free and that his treatment is different.

## Light-Six Touring Car Now \$1150

This is a Studebaker Year

## The car that is converting thousands to the SIX

The popularity of the six-cylinder automobile is universal. Everyone admits that there is great pleasure in driving a Six, and the six-cylinder motor is now recognized as the most satisfactory unit of power.

The Studebaker LIGHT-SIX motor embodies the most advanced engineering developments—

—it is powerful. Its 40-horsepower motor supplies much more than the usual power per pound of car weight.

—it is freer from vibration, up to 55 miles per hour, than any car of its size and weight yet produced in Europe or America.

From the first moment you sit behind the wheel you get that velvety feeling of a strong, continuous flow of overlapping power impulses.

The Light-Six is the most evenly balanced car you can buy. Its light weight (only 2500 pounds) is so equally distributed that if the chassis were halved or quartered each section would weigh practically the same. This means tire economy, and steady road-holding at high speeds.

—it picks up quickly and smoothly, affording a quick getaway in traffic; it throttles down to a snail's pace in high gear.

See this car—drive it—test it. You will be won by it. You will understand why it is the Studebaker ideal of what a light, six-cylinder car should be.
