NEWSPAPER MEN
BOUND OVER TO
DISTRICT COURT

Fargo, N. D., April 26.—John Andrews, editor, and P. L. Aarhus, business manager, of the Courier-News on March 16 when a certain article was published with respect to S. J. Doyle, former United States marshal, were today bound over to the Cass county district court upon the charge of criminal libel. The defendants yesterday afternoon made a motion to dismiss the case.

In arguing today for the dismissal of the case, counsel for Andrews and Aarhus maintained that Mr. Doyle's statement that certain warrants for slackers were on file in his office without having been served, constituted grounds sufficient to warrant the printed attack.

The defendants were each held under bond of \$1,000 for trial in the next term of Cass county district court, by Justice H. F. Miller's order.

Mrs. C. Chapman and Miss Hilma Swenson of Minnevaukan were shoppers and visitors in the city Friday.

Estate by Kindness

Bismarck, N. D., April 26.—An estate of \$15,000 bequeathed to Anetta Erickson of this county because she was kind to Peter Larson, will be delivered to the woman, under a decision by this district court. Relatives of Larson, who was a bachelor and recluse, who live in Sweden, tried to break the will on the ground that it was a forgery, but the court held the will was legal and that the provision set down in the should be carried out.

The company proposes to do a general investment business. Incorporators are A. J. Gronna, B. M. Gronna, J. D. Gronna, Arthur J. Gronna, C. W. Lewis of Lakota. Offices of the corporation will be at Lakota.

GRAND FORKS POTATO
ACREAGE WILL DOUBLE

Estimates were received from farmers that the potato acreage in Grand Forks county would increase from 9,000 acres in 1921 to 20,000 acres this year, according to County Agent D. B. Morris, who attended meetings during the past six weeks at Inkster, Orr, Niagara, Larimore, Kempton, Northwood, Thompson and Manvel.

At Kampel and Niagara committees were appointed to organize local potato associations and to make surveys to see if sufficient money can be raised for the construction of potato warehouses. Several farmers of Northwood, who shipped six cars of potatoes last year, plan to have five times as great an acreage this year, and they are also considering the advisability of building a warehouse. Capacity of existing warehouses in the county is only about 200,000 bushels, including one at Reynolds, two at Thompson and Larimore, and one at Arvilla and Gilby.

Figures on shipments of potatoes from the 1921 crop show that Thompson led with 273 cars; Morrifield, 185; Reynolds, 184; Grand Forks, 153; Johnstown, 145; Larimore, 121; Gilby, 105; Kempton, 100; Northwood, 39; Niagara, 37; McCanna, 17; Arvilla, 14; Manvel, 13, and Inkster, 6, giving a total for the county of 1,392 cars. Other shipments not listed, it is believed, would increase this figure to 1,500.

Fargo, N. D., April 19.—Appointment of a county sow thistle committee to draw up and administer definite plans for a campaign for the eradication of the weed in Pembina county, was accomplished at a meeting of 75 farmers together with the county commissioners at Cavalier early in the week, according to J. W. Haw, county agent leader, who was one of the speakers at the meeting.

"The sow thistle law was read," says Mr. Haw, "and a vote was taken which favored almost unanimously the appointment of five weed commissioners to begin work May 15. Each of these commissioners will be authorized in order to effectively carry out the regulations prescribed in the sow thistle law. Plans were made to observe a special sow thistle week late in July, at which time the weed commissioners and E. G. Parizek county agent will hold afternoon and evening meetings to encourage farmers to prevent the sow thistle from blooming."

"The opinion of farmers present at the meeting was that those who could not summerfallow infested land, should fence it in pasture it with sheep. Efforts will be made to get the farmers to sign pledges to prevent the blossoming of any sow thistle on their land, and absent landlords will be urged to share the expenses with the tenants of effective control practices. The county commissioners are

to make a special effort to see that sow thistle is not allowed to bloom along county roads, drainage ditches and river banks, and to see further that the authorities in towns and villages keep the weed from blossoming on vacant lots and around the outskirts. Weed commissioners are to be appointed and detailed plans made for the campaign at the next meeting of the county board."

BANK CASHIER'S
CASE UP FOR
TRIAL IN JUNE

Fargo, April 26.—It is probable that the case of H. H. Bergh, former cashier of the First National bank of Towner, indicted by the federal grand jury on 30 counts, alleging irregularities in his banking methods, will be heard at the next term of the United States district court to be held at Devils Lake in June, according to an announcement made today by M. A. Hildreth, district attorney for North Dakota. Bergh entered plea of guilty to three of the counts against him, before Judge Andrew Miller in federal court in Fargo Saturday, but later changed his plea to not guilty, announcing he would stand trial.

The defense took exception to remarks of the district attorney in stating the case to Judge Miller Saturday charging that his presentation was prejudicial to the defendant whereupon the pleas of guilty were withdrawn

WITHOUT STREET ADDRESS
YOUR MAIL IS DELAYED
AT OFFICE OF DELIVERY

The Dead Letter Office has been in existence ever since Ben Franklin started our postal service. Even then people addressed mail to Mr. Ezekiel Sulthens, "Atlantic Coast," and expected Ben to know just where Zeke lived.

Perhaps they had Zeke's address in letters up in the garret, maybe a chest full of 'em, but then it was easier to let Ben hunt Zeke. Today people are addressing letters to John Smith, New York, N. Y., or Chicago, Ill., thinking Uncle Sam can locate him, which is just as incomplete as was Zeke's address of yore. The Postoffice Department asks you to put the number and street in the address. It helps you.

Trinidad Col.

How do you expect the Postal Clerk to know whether you mean Trinidad, California, or Trinidad, Colorado? ALWAYS SPELL OUT THE NAME OF THE STATE IN FULL IN THE ADDRESS.

"MORE BUSINESS
IN GOVERNMENT"

This apt phrase was used in President Harding's first message to Congress and applies particularly in postal management where postmasters are being impressed with the fact that they are managers of local branches of the biggest business in the world.

HERE COMES A STRANGER!

Let's make our post office look neat. Mr. Postmaster, Straighten up the rural letter box, Mr. Farmer. Tidy up some, Mr. Rural Carrier. First impressions are lasting. Maybe Mr. Stranger, taking notice of these improvements, will come back, bringing you benefits. Start these with "POSTAL IMPROVEMENT WEEK" May 1-6.

HUMANIZING THE
POSTAL SERVICE

"There is no unimportant person or part of our service. It is a total of human units and their co-operation is the key to its success. In its last analysis, postal duties are accommodations performed for our neighbors and friends and should be so regarded, rather than as a hired service performed for an absentee employer."—Postmaster General Hubert Work.

ANCIENT CLAIMS
ARE DISCOVERED

Watford City, N. D., April 26.—Indications the bivalves were plentiful on the high divides of this section since lignite coal beds were formed are found in a clay fossil matrix exhibited here. The matrix contains some half dozen half shells of some family of bivalves, which resemble clams. It was taken from a large fossil bed just over a vein of lignite coal about 20 feet below the surface at the Bert McNamara farm, which is

located on one of the many creeks that flow into the Little Missouri river.

Arthur Kennedy, Katherine Collines, and Mr. Slater of Lakota were business callers in Devils Lake Thursday in connection with their annual which they are putting out for 1922. They visited and shopped while in the city and returned to Lakota Thursday evening on No. 30.

A. E. Toomey went to Maddock Thursday morning where he spent the day attending to business matters.

"After 10 years of hit or miss baking with various other brands of powder I at last discovered that the bitter taste sometimes found in hot breads was caused from alum in cheaper grades of powder. So I am now an ardent booster for Royal Baking Powder." Mrs. L. A. J.
