

SCOUT BAND TO NATIONAL PARK

The final arrangements between the directors of the Devils Lake Boy Scout Band and Arthur M. Johnson, traveling passenger agent for the Great Northern Railway, for a trip to the Glacier National Park to fill a week's concert engagement were made on Thursday of last week, and the boys are now assured of the trip.

According to present plans the band consisting of 65 pieces and two or more soloists, will leave here on August 5th in two special sleepers provided by the railroad. Stops will be made at at least four cities on the trip, where the boys will be given an opportunity of visiting places of interest. About a week will be spent at the park during which time the boys will live in tepees, and will be served their meals at the regular Great Northern eating places. Concerts will be given each evening at the several places of entertainment where the boys stop.

Every member of the band is very enthusiastic over the trip, as is everyone else that has the interests of the boys at heart, and has done all in his or her power to make the organization a success. Prominent business men here had put in much hard work in an endeavor to make this trip possible for the boys, and all will be glad to learn that their efforts have been rewarded.

COBB CO. BUYS NEW 3 TON TRUCK

Among the new big trucks that will make regular trips through the streets of Devils Lake next week will be the huge three-ton White truck owned by the R. E. Cobb Co. Lawrence Hefte, son of manager Hefte, and Oliver Erickson left Sunday night for St. Paul to get the machine, and it is believed that it will take about five days to drive it to Devils Lake.

Since the Cobb plant was constructed here several years ago most of the hauling had been done by a one and one-half ton truck, but during the spring and summer months the amount of produce that came in from various parts of the state was several times larger than this truck could handle no matter how many hours it put in, nor how much speed was used between the plant and the delivery station. It was then necessary to employ outside trucks to help out, but this was not always satisfactory, for the reason that other trucks many times had other work to do, and could not always be had when wanted. It has always been Mr. Hefte's plan to get the checks back to the farmers at the earliest possible moment after the cream was received, and in order to this it was necessary to have their cream delivered at this plant as soon as it arrived by express, have it tested, and shoot the check right out. With the addition of the new three-ton truck to his equipment he will be able to give the shippers better service than was possible under the system, and at the same time make quicker deliveries of his cream, butter, Eskimo pie and other products of the plant to his customers.

BALL PLAYERS ORGANIZE HERE

There will be plenty of baseball for everybody in Devils Lake during the coming season if plans made at a meeting held one night last week at the Elks club rooms are carried out, and from the enthusiasm shown by the several people who are responsible for carrying out such plans we are satisfied that the city will have more than its share of ball during the coming season.

There will be teams representing each of the Great Northern Shops, the Kiwanis club, the American Legion-Howitzer and the Elks. The several teams will play against each other for the amusement of spectators, and in order to get practiced up, but the best players from the teams will be picked to play against teams from other cities.

The directors and managers of the several teams chosen are C. J. Kelly of the Kiwanis club, L. P. Dawson of the Rotary club, C. W. Green of the Elks, Frank Dorricott of the Great Northern shops and Fred P. Mann, Jr., of the American Legion and Howitzer company. Joseph Beauchamp will be official score keeper.

All ball players who are members of any of these organizations are requested to file their names immediately with the managers of the teams in order that the baseball league be able to get down to business as soon as possible. Suits for the members as well as playing paraphernalia will be ordered at once.

SONS OF NORWAY TO DANCE MAY 16

Arrangements are now being made for the big Sons of Norway dance to be given on the evening of Tuesday, May 16, at the City Park pavilion, which will be the biggest and best event of its kind held here for many years. At a meeting of the members held last week committees were appointed to look after arrangements, and these committees are now hard at work looking after every detail, and all are determined to make the affair the biggest success of any dance ever given by this lodge.

The Sons of Norway dances given each year on the 17th of May in order to celebrate Norway's independence day have always been big social events, and have always been attended by large numbers of people from lodges located in other cities in the Lake Region. They have always been looked forward to with no small amount of pleasure by people both in Devils Lake and other cities, and the best kind of a time was always enjoyed at all of them. This year the committee was unable to secure the pavilion for the 17th for the reason that it had been engaged for that night, so was compelled to take the night before rather than disappoint those who had annually attended these affairs and had been planning on the one to begin this year.

A five piece orchestra will furnish the music, and a large floor committee will be on the job during the entire evening to see that all who come are acquainted with everyone else. Special attention will be given to strangers and out of town people and The World is assured that no time, effort or expense is being spared to make this dance one long to be remembered by all who attend.

PART OF RADIO OUTFIT HERE

A part of the equipment for the radio outfit recently ordered by Archie Miller, proprietor of the Grand Theatre, has already arrived, and the balance is expected the latter part of this week. Mr. Miller tells us that he believes that he will have the entire outfit in working order by next week, and as soon as he gets the proper adjustments made so messages can be received in a distinct and clear manner from various points in the east, it will be used for the purpose of entertaining the audience at the Grand.

Since announcement was made that Mr. Miller had ordered the radio people in the city and surrounding towns have been waiting anxiously for the arrival of the outfit so they could see it work. It is needless to say that Mr. Miller is very enthusiastic over his purchase, but we find that there are many others just as enthusiastic. The Grand is the only theatre in the northwest to purchase an outfit of this kind, and Devils Lake and the theatre are receiving much publicity throughout the country on account of it.

NEW OFFICERS FOR ROTARY CLUB

New officers of the Rotary Club of Devils Lake have been announced. Dr. W. E. Hocking was elected president to take the place of A. V. Haig, and Mr. Haig was elected to the office of secretary to take the place of Rev. Garfield Walker, resigned. Wm. N. Nortz was elected vice president, and R. A. Young was elected treasurer. Other members of the board of directors are Blanding Fisher, Dr. W. F. Sihler and L. D. Snell.

DELIVERS CHILD TO FOSTER PARENTS

Rev. Geo. B. Newcomb, superintendent of the State Human Society for the friendless, with headquarters at Bismarck, was in the city on Thursday of last week for the purpose of delivering a seven year old girl, Rena Gehring, to its foster parents, who reside at Hansboro, who had some time ago adopted the girl's brother. While in the city the reverend gentleman called on The World and told us that during the course of a year a large number of children, whose parents were either dead or unable to care for their babes, were placed in good homes by this society. He said that in this case the girl's mother died a few years ago, and the child's father was a cripple and was unable to provide for her.

Miss Harriet Brainard entertained in honor of Miss Mary Hislop at her home Thursday evening. Fred Kyle and Miss Hislop will be wedded June the sixth.

MRS. D. STEWART ON COMMITTEE

Mrs. D. L. Stewart of Devils Lake was last week appointed by Governor Nestos as one of a committee of eleven women in the state to assist the state board of health in carrying out work in North Dakota made possible by the Shepard-Towner maternity bill.

It is proposed to carry on a campaign of education in North Dakota as in all other states in the union, to aid mothers, instruct them in infant welfare and care. One of the proposals is to provide a traveling clinic to operate in western North Dakota which would carry a physician, nurse and others on the staff.

Under the bill, it is stated North Dakota will get a federal appropriation of \$6,000 to \$7,000 and if the legislature appropriates money for this work the federal government will match the appropriation, this in addition to the first appropriation.

Other women named by the governor on the committee are: Mrs. R. A. Pollock, Fargo; Mrs. E. O. Bailey, Emerson; Mrs. W. B. Wanner, Winton; Mrs. A. A. Whittemore, Bowman; Mrs. Fannie Dunn Quain, Bismarck; Mrs. Fred Julian, Velva; Mrs. A. Carr, Minot; Mrs. J. G. Moore, Grand Forks; Mrs. A. H. Peterson, Mandan; Mrs. B. J. Schoregge, Williston.

Brick Made Here For Kelly Building

Robert McGeoch of this city tells The World that the Kelly building which is now being rebuilt here was constructed close to 40 years ago. He told us that the first time he remembered of being in the building was in June, 1886, when he sold some grain to an elevator here, and was given a check to cash. The check was drawn on the North Shore Bank which was at that time located in the now Kelly building. According to Mr. McGeoch, the building was constructed from brick made at a regular brick yard located between here and the city park. The yard was at that time operated by a man by the name of Mike Lynch, and several buildings in this city and surrounding towns were constructed from the product of Mr. Lynch. Mr. McGeoch took up a homestead here, which he since proved up, and about the first load of grain he sold was paid for with a check which he cashed at the bank in the Kelly building.

O. P. N. ANDERSON RETURNS FROM CALIFORNIA

O. P. N. Anderson of Starkweather was in the city last Saturday for the purpose of looking after business matters, and dropped into the World office to get acquainted. Mr. and Mrs. Anderson returned last week from points in California where they went last November with their car, and made the entire trip with their car, and Mr. Anderson told us that they suffered not a single mishap from the time they left here until they returned. While they made their headquarters at Los Angeles, got their mail there, and made it a point to visit that city every few weeks, they covered most of south California with their car, stopping in some places for a day, others a week, just as they happened to feel. Their main reason for taking a trip of this kind instead of settling down at some certain point and staying there until it was time to come back was that they wanted to study conditions as they actually exist.

They found any number of cases where people from the east had made their stake and went to California to retire without work. These fellows, according to Mr. Anderson, were a sorrowful looking bunch.

Most of them had been in active work all their lives, and it was killing them off to lead a life of idleness in their old age. Others who worked hard during the summer and spent their winters there in order to get away from the cold weather were in almost as bad a condition. Those who seemed best satisfied, according to observations made by Mr. Anderson, were those who had a small chicken ranch or something else to keep them busy for a few hours each day.

The Andersons enjoyed the trip immensely and advise anyone who desires to go out there to spend the winter to make the trip with a car instead of traveling by train. By using a car one can stop at any number of places of interest, stay as long as he wants, and to even go many miles out of his road if necessary to see things which a trip on the railroad would not permit.

MANN LEAVES ON SPEAKING TOUR

We doubt if there is another speaker in the country that is in more constant demand than is Fred P. Mann of this city, whose addresses on advertising matters are published in more newspapers throughout the country than are the talks given by any other man that we know of. On account of this the city of Devils Lake is getting more publicity throughout the country than could be obtained in any other manner, and all without any expense to us, and simply because we are fortunate enough to have Mr. Mann living among us.

Mr. Mann left this week to make a series of addresses in the east, and will be gone 20 days or more. Tomorrow he delivers a talk at a meeting of the National Advertisers at Chicago. Next Monday talks to the Rotary at Cario, Ill., at 6:05 in the evening and to the business men of the same city at 8:00. On Wednesday to the Chamber of Commerce at Evansville, Ill., on May 11 to the Community Club consisting of business men and farmers at Sullivan, Ind., on May 12th to the Advertising Clubs of the Wabash Valley at Terre Haute, Ind., and on May 15th, 16th and 17th will represent the Retail Merchants Association of North Dakota at a meeting with the Chamber of Commerce at Washington, D. C., from Washington Mr. Mann will go to Philadelphia and New York on business.

JUDGE LANDIS TO BE HERE FOR LEGION MEET

Judge Kenesaw Mountain Landis, high commissioner of baseball and the most talked-of man in the United States, will attend the Devils Lake state convention of the American Legion on June 20, 21, and 22. Hanford MacNider, national commander of the Legion, had already signified his intention of being present, thus assuring the affair of being one of the most important in the history of the state.

JUDGE BUTTZ HOLDS COURT AT MINOT

Judge C. W. Buttz is holding a term of court at Minot this week, where he is hearing several court cases, against whom affidavits of prejudice have been filed.

JUDGE K. M. LANDIS

Nothing but a stone wall obstruction will prevent me from being present at the American Legion convention in Devils Lake on June 20th," Judge Landis wired Commander Mack V. Traynor in his usual forceful manner in response to the invitation of the local ex-soldiers to attend the next state gathering of the Legionaires.

Drawing a salary of \$45,000 a year in his role of supreme arbiter of baseball, following a picturesque career on the federal bench at Chicago during which he leaped to national fame by levying a fine of \$29,000,000 against the Standard Oil company, Judge Landis is today unquestionably one of the biggest drawing cards in the country. During recent months he has been particularly in the limelight as the result of his suspension of Babe Ruth, the New York Yankees sensational baseball player.

During the world war, Judge Landis' son, Reed, was promoted to a captaincy in the United States Flying Corps following a thrilling career on the British front, during which he was officially credited with shooting down twelve German planes. Intensely interested in the American Legion, the veteran Chicago jurist announced at the time of his resignation recently as Federal Judge that he would in the future devote all his time to baseball and the fostering of the world's greatest veteran association—The American Legion.

TOOMEY OUT FOR CORONER AGAIN

A. E. Toomey, who is now holding his first term as coroner of Ramsey county, tells The World that he is a candidate for the same office at the coming election, and there is very reason to believe that he will land the place again without any trouble. While he has been coroner Mr. Toomey has given the taxpayers the very best kind of service possible at the least expense, and people throughout the county will no doubt appreciate this and elect him again.

Mr. and Mrs. F. O. Kotoske have moved into the Parker cottage at the City Park and will spend the summer months there.

FUNERAL OF MRS. JAMES KALLIAS

The funeral of Mrs. James Kallias who was murdered on Monday evening of last week by her husband, was held last Friday afternoon from the Norwegian Lutheran Church, and the church was packed to the doors by sympathizing friends who came to pay their last respects to a woman whose life was sacrificed to the jealousy and hate of one who had sworn to love and protect her. The remains were taken to the church at ten o'clock in the forenoon where they were viewed by hundred of people until after the funeral. The casket was literally buried with flowers brought by friends.

Rev. G. O. Loftness, pastor of the church, conducted the funeral, who for the theme for the sermon selected his text from Matt. 10-28, "Fear not them that are able to kill the body, but are not able to kill the soul; rather fear him that is able to destroy both the body and soul in hell."

Two hymns were sung by a quintet composed of Mrs. R. C. Madsen, Mrs. E. O. Tunberg, Mrs. Hilda Carlson, Elmer Larson and Jens Svee. The pall bearers were Frank Pressel, H. B. Mitchell, Walter Towers, G. Heile, Joseph Vildink and A. Anderson. Interment took place in the G. A. R. cemetery.

DISCUSS STATUS OF SCOUTS

The status of the Devils Lake Boy Scout organization was thoroughly discussed at the rooms of the Civic and Commerce Association last Monday evening, when quite a large number of residents of the city and members of the boy scout band met with C. N. Meserve of Minneapolis, regional director of the Boy Scouts of America.

Mr. Meserve made a short talk offering some suggestions, and his talk was followed by talks of business men present. The object of the meeting was to ascertain if it would be advisable to first organize a first class council, and this matter was gone into quite thoroughly, but it seemed that a big majority of those present as well as the band members themselves were very much in favor of keeping the identity of the band where it is now, and would not be in favor of doing anything to mar the big progress the boys have made since their organization was perfected. If the first class council would be for their benefit they were for it, but would rather do nothing until they fully understand the proposition. Another meeting will be held in about two weeks, when it is believed that the directors of the scouts as well as the scouts themselves will have familiarized themselves with the workings of a first class council, and at that time the proposition will be either accepted or rejected.

AGREE ON CHANGING PARK NAME

Practically all of the people here who have the interests of the City Park at heart agree the name should be changed to something more suggestive of what we really have to offer and something more appropriate. The change in name was suggested by several business men, and the Daily Journal a short time ago gave some of the reasons why the change was necessary. The World is heartily for the change and the sooner such change in name is made, the more benefit will be derived from such park.

It has been suggested that the several civic organizations in the city start a contest and offer a prize to any person who suggests an appropriate name, a name that will in one or two words tell what we have in the park, and let every one in the lake region, or anywhere else for that matter, become constants. This matter has been talked over more or less by the members of the organizations, and will no doubt be taken up and acted upon within a very short time. And in the meantime our readers should get their brains working in an endeavor to win such prize when it is offered.

STATE HOME FOR ODD FELLOWS LODGE IS LOCATED AT DEVILS LAKE

BANQUET GIVEN AT DEAF SCHOOL

The banquet in the spacious dining room of the School for the Deaf, given last Saturday evening, in honor of the class of 1922 by the Wade Literary Society, was pronounced a huge success in every respect. The Wade Literary society is a literary organization of the older students of the school, for the students, by the students, and the banquet was the first of its kind in the history of the organization. The dining room was tastefully decorated in the colors of the graduating class—green and white, and the tables were arranged in the shape of a horseshoe. The menu was as follows:

Fruit Cocktail, sweet pickles, pimentos, salted nuts, pressed chicken, scalloped potatoes, jelly, stewed tomatoes, hot rolls, dressed head lettuce, apple pie a la mode, cafe noir.

After the banquet, the following program was carried out, all without an exception whatever doing their parts par excellence:

Toastmaster—Mr. Long.
Out Where The West Begins—Henry Holter.
Reveries of a Superintendent—Mr. B. D. Driggs.
A Song of Fair Japan—Katherine Kuntz.
Athletics—Rolf Harmsen.
Comin' Thro' the Rye—Elsie Redman and Ruth Reid.
Soliloquy of Lincoln—Emilia Sturm.
Alma Mater—Nick Braunagel.
Mizpah—Effe Knutson.

At the conclusion of the program, Mr. Ed. F. Flynn and Supt. Nelson Sauvain of the Devils Lake schools were invited to make some remarks, and each complimented the students on the good work they had done.

The committees in charge of the banquet were as follows:
Literary Society Committee—Thomas Sheridan and Viola Harwood.
Programme Committee—President Rolf K. Harmsen, Emilia Sturm and Mrs. Manlet.
Menu Committee—Boyd Willey, Ruth Reid and Miss Reardon.
Toast Committee—Elsie Redman, Steve Haider and Mr. Long.
Decoration Committee—Anton Axman, Effe Knutson and Mrs. Hocking.
Invitation Committee—Nick Braunagel, Jennie Reid and Mr. Sheridan.

Many new members were initiated into the court of the Catholic Daughters of America at a meeting held last Sunday afternoon. The work of initiation was conducted by Miss Frances Cowan, Mrs. J. Puhl, Mrs. Fred Traynor, Mrs. J. Stenson, Jr., Mrs. J. Merger, Mrs. J. Donahue, and they were assisted by Mrs. S. Flumerfelt, Mrs. Wiebler, Mrs. Seiberlich, Mrs. W. Redmond, and Mrs. W. DeVaney, Mrs. Felix Rontier presiding at the piano.

MANY NEW MEMBERS FOR C.D.A.

After the meeting a banquet was served at the Great Northern hotel, and with Mrs. John Cowan, jr., as toastmistress, the following program was given: address of welcome, Mrs. Eugene Fenelon; response, Mrs. Clyde Duffy; vocal solo, Mrs. J. Moran; reading, Miss Evangeline Maher; toast, "Bits of Advice," Mrs. J. Puhl; toast, "Remarks," Miss Frances Cowan; piano solo, Miss Dorothy Walters; toast, "Illiteracy," Miss Mary Norton; toast, "Witticisms," Miss Margaret O'Connell; vocal solo, Miss Gertrude Reardon.

STATE LEGION MEET IN JUNE

The officials call for the fourth annual department convention of the North Dakota department of the American Legion was issued yesterday, setting June 20, 21 and 22, as the dates for the meeting which will be held at Devils Lake. Department officers for the ensuing year will be elected, and delegates and alternates named for the fourth annual national convention to be held at New Orleans October 16 to 20.

Each legion post in the state is entitled to one delegate, and an additional vote for each 50 members. All department officers are ex-officio delegates to the convention and their vote shall be credited to the post of which they are members.

Special railway rates of fare and one-half have been granted legion members and their families, it was stated.

At a meeting of the board of trustees of the I. O. O. F. lodge held at Bismarck on Monday of this week a resolution was adopted selecting Devils Lake as the place in which the Odd Fellows home will be located. The only condition provided in the resolution is that a suitable site might be secured at a reasonable price, and that there be plenty of good drinking water. Velva was given the second choice by the board, and the home per kind of a site and water cannot be secured here.

Ole Serungard of Devils Lake is one of the members of the board, and it was mainly through his efforts as well as those of the Civic and Commerce Commission here that the home was located in this city. Mostly every city of the larger size in the state made an effort to secure the home, and many good arguments were presented to show why the home should go to other cities. Every detail was gone into by the board, and Devils Lake was found to be the best place, everything considered.

The State Grand Lodge of the Odd Fellows has a building fund of \$85,500 and an endowment fund of \$167,000. As much of this as is necessary will be used to construct and maintain the home here. At the present time the lodge has 23 inmates for the home, and 17 of these are orphaned children. The home will be used to care for and educate orphaned children of members of the lodge, and also members who have reached an age when they are unable to look after themselves.

The local lodge has secured options on several sites thought to be suitable here, but within a short time the board of trustees will visit Devils Lake and either accept one of these, or will pick out a new one.

The location of the home in Devils Lake will mean much to the city in many different ways. Besides caring for the helpless Odd Fellows it will be a place where members will gather to hold their meetings, and will be sort of a general headquarters for the members of the lodge in the state.

The following resolution was unanimously adopted by the board of trustees: "Resolved, that Devils Lake be selected for the location of the Odd Fellows home, on condition that the site offered is satisfactory to the board of trustees both as to price and location, and that a sufficient supply of good, pure drinking water can be secured at a reasonable cost."

Miss Evelyn Blasky of Doyon and Miss Helen Blasky of Fordville were shoppers and visitors in the city Monday.

HOLDS SEARCH WARRANT NOT IN PROPER FORM

The preliminary hearing of the case of the state against Frank Shuck, who about two weeks ago was arrested on the charge of having home brew and a part of a still in his possession, took place in Justice Duell's court last Monday. Shuck was represented by his attorney E. R. Sinkler of Minot, while the state's interests were looked after by States Attorney Thompson.

Mr. Shuck's place was raided by the officers here on a search warrant during his absence, and a coil for a still and a quantity of home brew were found. When Shuck returned he was arrested and his hearing was postponed from time to time until it was finally held Monday.

Attorney Sinkler held that the search warrant under which the premises were searched was not in proper form, and therefore any evidence taken while it was being executed could not be used against Mr. Shuck. He cited a number of authorities, and a decision of the United States supreme court. Justice Duell listened to the argument in the case from both attorneys and took the case under advisement. He gave the defense ten days in which to submit briefs, and the state another ten days in which to reply, after which he will either dismiss the case or bind Shuck over the district court. Shuck is now out under \$1,000 bonds.

In talking to The World Attorney Sinkler told us that in dozens of cases just like this one at Minot the court's were compelled to dismiss booze cases for the reason that improper search warrants were used, and that he was satisfied that the final result in the Shuck case would be a dismissal. Shuck was arrested on the charge of violating the prohibition law several times before.
