The full confirmation ceremony will be held in which the catechumens renew their baptismal covenant. The members of the class are Alice Easthouse, Mabel Sherven, Beatrice Nesset, Rudella Anderson, Beatrice Larson, Mildred Copus, Myrtle Gulseth, Alice Halgeron, Theodore Hoghug, Fred Hovde Clarence Rustom, Lloyd Magnuson, Sigurd Ulstad, Ingvold Olson, Francis Gulseth and Magner Hogner. Vommunion services will be held at 7:45 p. m. The general public is cordially invited to attend these services.

Official Program for State Convention of the American Legion is Announced Today

The official program of the American Legion convention, which convenes here on June 20th for a 3-day session, was given out for publication today. Besides the appearance on successive dates of National commander MacNider and Judge Landis, the Legionaries have outlined one of the most extensive programs of entertainment attempted here.

National Commander MacNider's appearance the first day will be followed in the afternoon by a flying drone, auto polo contests, motorcycle and auto races, and in the evening by a spectacular parade.

Judge Landis will be present the second day of the convention, and in the afternoon the delegates will be guests of the 164th Infantry for supper, followed by a rejuvenated Monte Carlo at Lakewood Pavilion where "Powder River, Let 'Er Buck" will hold away throughout the evening. Election of officers and selection of the next meeting place will occur the afternoon of the third day, and in the evening the Legion's play organization, "40 Hommes, 8 Chevaux," will take charge of the entertainment.

SCHUCK BOUND OVER FOR TRIAL

Frank Schuck, whose place was raided some weeks ago at which time a quantity of home brew was found by the police, and who was arrested at that time for having booze in his possession contrary to law, and who was given a hearing in Justice Duell's court two weeks ago, was on Monday of this week bound over to the district court for trial. Mr. Schuck through his attorney E. R. Sinkler of Minot and Richard Goer of this city put up the defense that the search warrant used in making the search was illegal, and that evidence seized under it could not be used against him. His attorney cited a number of cases in which the courts ruled that booze seized in instances of this kind should be returned to the defendant and the charge dismissed.

Justice Duell gave the attorneys for Mr. Schuck some time in which to file briefs in support of their contention, and gave States Attorney, Thompson more time in which to file a brief in answer to Schuck, and after considering all arguments the justice decided that it was not up to him to pass on the legality of the search warrant, and to be on the safe side bound Schuck over for trial. Schuck's bail was fixed at \$1,000 which he furnished and was released from custody.

Local Team Wins Over Starkweather

The Starkweather baseball team was defeated by the Devils Lake nine last Sunday afternoon by a score of 10 to 7 at the Lakewood diamond. The game was a very interesting one, and was witnessed by a large number of people.

Mrs. Dina Dufak Is Adjudged Insane

Mrs. Dina Dufak, of Highland township, residing about 16 miles north of Edmore, was taken in custody yesterday by the authorities after she had shown signs of insanity, and after an examination before the insanity board Tuesday afternoon she was committed to the state hospital at Jamestown. Mrs. Dufak is 35 years old, is married and has one son 13 years old. Her hallucination is that she is being continually followed by men wearing white robes. She partly lost her mind last January, but recovered after taking private treatments, and showed no further signs of insanity until several days ago. She will be taken to the state hospital at Jamestown tomorrow.

N. J. Rodenberg, who a few weeks ago purchased a store at Cathay, N. D., sends The World a copy of a full page ad which he recently had run in one of his home papers, and says that the ad paid him better than any investment that he ever made. It brought him an unusually large amount of business, and his store was crowded during the entire ten days that the sale lasted. He assures us that everything in connection with himself, his family, and his business could not be coming along any better than it has been since he located at Cathay, and that he is getting fat physically and is making barrels of money. His many friends here will be glad to learn that he is getting along so well.

CROPS MUCH BENEFITED BY BIG RAIN TODAY

The rain which started falling some time last night and in continuing today will prove of much value to the crops of the Lake Region. Although the ground was far from being dry several inches down, the hot days during the fore part of the week did much toward taking the moisture out of the surface, and in some cases the grain fields and gardens were suffering. The grain had all gotten a fine start after the long rainy spell three weeks ago, and all looked splendid until the hot weather came on, when in some cases the result of the drought was evident. The rain today will not only go down several inches into the ground, but will cool off the air for some days, making the very best kind of growing weather. The crop outlook so far this season is better than it has been for a number of years and the farmers throughout the lake region are very optimistic over the way the things look now.

Miss Minnie Nelson expects to leave on her vacation Sunday morning. She is going with Mrs. Skarr and her son Fritz. They are going via car and expect to go to Great Falls, Montana, first to visit friends for a while before going to Glacier National and Yellowstone Stone Parks. Miss Nelson expects to be gone about two weeks.

SHE EXPECTS HIM TO WIN FIRST HONORS AT SHOW

If the artistic touch of a woman's hand is of any value in preparing a sheep for exhibition, this one ought to win the grand cham-

IMPROVEMENTS BEING MADE AT FAIR GROUNDS

Workmen started this week on making some repairs and additions to the buildings on the fair grounds, and more or less work will be going on there from now until the dates of the big event which takes place this year on July 11-12-13-14. It is planned by the board of directors to make the Ramsey County Fair one of the biggest and best in the state, and improvements will be made each year in order to have things right up to snuff all the time. Last year there was hardly room for several of the departments, and in some cases the exhibits could not be shown off in the proper manner. It is believed that this will be overcome this year.

The large premium list this year to which several departments have been added and in which the amounts of the premiums in many cases have been made larger, is now in the hands of the printer, and will be ready for distribution within a very short time. People at over the Lake Region expect to make exhibits are invited to write to Secretary, D. J. Rapp, Devils Lake, N. D., for a copy of the list so as to learn what is being offered. Everybody in the Lake Region is eligible to exhibit any item listed in the premium list, and from the number of inquiries coming in we are led to believe that the number of exhibits will be a great deal larger than they were last year.

The live stock of the Lake Region are specially taking a greater interest in the fair this year than they have before, and we are assured that most of the animal exhibits last year will be competing this year, and there will be many others which were never shown before. There is also much interest being shown in other departments, and cannot help but be exhibits on display that will interest everyone.

The races and other attractions are now being arranged for, and a contract has just been signed for an circus several thousand feet up in the air. This will include many daring stunts done by experienced bird men by the use of their aeroplanes. These stunts will include all the things done before at big exhibitions, and many new ones. The usual drop from an aeroplane with the aid of a parachute will take place several times. The appropriations for attractions this year has been increased considerably, and people in the Lake Region may expect something unusually good.

Edgar Knutz, the 12-year-old son of Mr. and Mrs. Julius Kuntz of north of the city yesterday suffered a broken leg. The boy was standing on a ladder while painting the house, when the ladder slipped, and he fell to the ground in such a way breaking his left leg just above the ankle.

Miss Eileen Redmond, Miss Catherine Redmond, Miss Hilda Stoe and Miss Edith Hydman were in the city Saturday from Edmore to shop and visit friends.

Hallingaget Meets Tomorrow

The Hallingaget, a national organization composed of former residents of Hallingaget, Norway, and their descendants, will hold its annual convention at Lakewood for three days commencing tomorrow, and members from all parts of the United States are expected to be present. Extensive preparations are being made by local members for the entertainment of visiting members, among the bigger features being a moving picture showing scenes taken in Norway which will be shown Saturday afternoon and evening. The Norden chorus will also sing a number of national patriotic songs in both the English and Norwegian languages.

Dr. H. G. Romig had charge of the regular meeting and luncheon of the Kiwanis Club last Tuesday and the matter taken up for discussion was the Minnewaukan road south of the city which is in very poor condition. It was learned that the county had used up its entire appropriation made for road building, and would be unable to do anything for this highway this year. A resolution was passed appointing a committee of which A. B. Jackson is chairman to invite Congressman Burtness to visit the club at one of its regular luncheons in order to talk over the matter further with a view of getting federal aid for the putting of this road which is used as much as any in the Lake Region in a condition where it can be used at all times of the year.

2,000 GUARDSMEN TO CAMP HERE NEXT WEEK

About 2,000 members of the National Guard of North Dakota will arrive here next Saturday and Sunday for their annual encampment and training at the Rock Island Military reservation south of the city. Most of the guardsmen will arrive by special trains. Captain Thomas Lonnmark is the local officer in charge of the grounds, and during the past week or ten days has made extensive preparations for the feeding and the general comfort of the men.

BLOOM IS MAN OF TWO PARTIES

Records at the office of the secretary of state disclose the fact that J. H. Bloom, formerly of this city, but who is now manager of the Fargo Courier-News, signed petitions for both democratic and republican candidates, and for a time it looked very much as though he was a member of both parties until a letter was received from him instructing the secretary of state to take his name off all republican petitions, and let it stand only on petitions of democratic candidates.

M. A. Moen of Grand Harbor township was in the city to look after business interests Saturday.

Gather Clothes For Russians

Societies connected with the Catholic churches of the state are arranging to send a carload of clothing to the starving people of Russia, and Devils Lake has been made one of the cities in which such clothing will be gathered to be shipped to some central point where the car will be made up. Everyone in the city and surrounding country who has old clothing which is still serviceable is invited to bring same to the Toomey Uned-taking Parlors where it will be packed up for shipment, or phone to J. Sieberlich No. 17. John Axtman whose number is 426, or Joe Gerhardt at the Elks home. It is expected that the shipment will be made on or about June 15, and all contributors should notify one of the above named gentlemen before that date.

SITE FOR I.O.O.F. HOME TO BE-SELECTED TODAY

After looking over several sites in the city proposed for the state home for the Odd Fellows on Monday and Tuesday of this week, C. R. Green, G. B. Metzger and Oscar Wilson, who are on the home board, left last night for Grand Forks, where they will meet today with the other members of the board when the final decision will be made. While in the city the gentlemen carefully inspected all the sites offered, but refused to state which site was favorable to them. The Grand Lodge is in session at Grand Forks today, and all the members of the board expect to be present.

JUDGE LANDIS AND COMMANDER M'NIDER TO BE GREETED BY NINE BANDS AT LEGION CONVENTION

There will be bands on every corner to greet Judge Kenesaw M. Landis and National Commander Hanford MacNider when they arrive here on June 20th for the opening of the annual state convention of the American Legion. Convention headquarters today announced that they were practically certain of nine bands.

The 164th Regimental band from Lisbond will carry the brunt of the heavy work together with Devils Lake crack 65-piece Boy Scout band, which will leave shortly after the convention for an engagement at Glacier National Park. Under the leadership of Rev. Mr. Ensrud, a chaplain in the world war, the Starkweather band's appearance is being looked forward to with great interest.

Harvey's Jazz band, the big musical hit of the Jamestown convention, has already made hotel reservations. This is one of the cleverest combinations of musical comedians in the state and can be relied on to keep the Harvey

Legionaries in the foreground. According to the last issues of the North Dakota Legionaries, the state's official Legion band—from Casselton—will be present even it is necessary for every member to travel to the Lake via the sidetrack Pullman route. A campaign is now on to send the Casselton band to the national convention of the Legion at New Orleans in October.

New Rockford, out after the 1923 convention of the ex-soldiers, is promising something absolutely new in the band line, while their most active opponents—Wahpeton—are talking in the same tone of voice. Commander Joe Rabinovich, recently elected state head of the "84 Hommes, 8 Chevaux" will bring in a band from Grand Forks—and they have been hired to work overtime for three days and three nights," confided Joe. The Fargo Boy Scout band may also appear. All in all, the boys of the hot time the red devil promised.

SCHOOL ELECTION TUESDAY

The annual school election for the Devils Lake districts was held at the city hall here yesterday. Only two offices were to be filled that of members of the board of education whose terms expire. Only two names appeared on the ballot, that of Ed Johnson and William Nortz, but stickers were gotten out containing the name of Fust Edin, and these were used quite extensively. The result was Nortz received 203 votes, Johnson 286 and Edin 103. The proposition of increasing the levy for the coming year to pay running expenses of the district was voted on, and this lost, the vote being 115 for and 201 against.

RETAILERS TO MEET AT FORKS

Fred P. Mann, president of the North Dakota Retail Merchants Association, leaves next week for Grand Forks to attend the annual convention of the association to be held on Tuesday, Wednesday and Thursday. An elaborate program has been prepared for the meeting, and a very large attendance is looked for. Mr. Mann will invite the association to hold its next convention in Devils Lake, and it may be that members of the Civic and Commerce Association here will also be present to argue in favor of this city. It has been many years since the association held its convention in Devils Lake, and it is very likely that it will not be a hard matter to convince the members that they should come here in 1923.

From Grand Forks Mr. Mann goes to Indianapolis, Ind., on Thursday of next week to deliver an address before the Junior Chamber of Commerce, a national organization composed of young men from 18 to 30 years old.

The roads throughout the Lake Region are in about as good condition right now as they ever get, and people are driving to Devils Lake to do their trading from longer distances than what was possible since the snow went off the ground. Each Saturday during the past few weeks there was hardly parking room on the main streets of the city, and all the stores were unusually busy places. Most of the merchants are offering special bargains for Saturday, and people in both the city and rural districts are taking advantage of them.

YOUNG COUPLE WEDS TUESDAY

A very pretty wedding took place on Tuesday morning of this week at the Church of the Advent at the hour of 10:00 o'clock, when Miss Mary Hislop was united in the holy bonds of matrimony to Fred J. Kyle, the Rev. H. Garfield Walker officiating. The couple was attended by Miss Harriett Brainard of this city and Roderick Partridge of Casper, Wyoming. Mrs. Carl Neuhagen played the wedding march and also sang "O Promise Me," and "I Love You Truly," accompanied by Mrs. Ralph Maher. Immediately after the ceremony a wedding breakfast was served by Mrs. C. P. Brainard at her home at 521 E. 6th street.

The bride during the past three years has been teacher in French at the Devils Lake high school, coming here from Superior, Wis. She is a graduate of the University of Oregon. During her stay here by her many admirable traits has won the love and friendship of everyone that knows her, and her scores of friends will regret to learn that after her marriage will no longer make her home here.

The groom has held a responsible position during the past three years with the New York Store, coming here after he was discharged from service after the World war. His former home was at Rolla. He is a young man of many good qualities, a live wire in every respect, and is bound to make good at anything he undertakes. He has accepted a position as assistant manager of the J. C. Penney store to be opened soon at Jamestown, N. D., and will go there at the conclusion of his honeymoon trip.

Mr. and Mrs. Kyle left by car for Duluth and Superior where they will spend about two weeks visiting relatives, after which they will go to housekeeping at their new home at Jamestown, where the best wishes of their many friends will go with them.

A drive to sell season tickets for this season's chautauqua was put on in Devils Lake yesterday by members of the Kiwanis and Rotary clubs. Teams consisting of one member each of the Kiwanis and Rotary were given specific blocks in which to sell tickets, and the entire city was covered within a very short time.

Mr. and Mrs. William Berg of Minot returned to their home Monday after spending the past week visiting at the home of Robert McKay of this city.
