

AUTO THIEF IS CAUGHT AFTER 30 MILE CHASE

A young man giving his name as Louis Sigmund was taken in custody on Wednesday night of last week by Chief of Police Timboe and Deputy Sheriff Tom Hansen on the charge of having stolen a Dodge touring car from Glenn Clarke, a Great Northern employee here, and on being taken before Police Magistrate Duell Thursday afternoon, he waived examination and was bound over to the district court. His bond was placed at \$1,000 which he was unable to furnish, and now languishes in the county jail.

After taking the car here Sigmund drove it to Michigan City where a pinion broke, and he was unable to proceed any farther. He called at the Orvig garage there and offered to trade the stolen car for an Overland, and his offer was accepted. He took the Overland and started east, but was gone only a short time when Orvig received a message from Chief of Police Timboe here asking him to be on the lookout for the stolen car. Orvig answered that he had the stolen car in his garage, but that the thief was on his way east with another car.

When Orvig learned that the car he got in trade was stolen property he immediately got into another car and started after the thief, and found him about three miles out of town. The Overland was standing on the side of the road with its read end toward Orvig, and alongside of it stood another car with unusually bright lights which blinded Orvig so he did not see the Overland, and ran into it while traveling at a high rate of speed. Both the Overland as well as the car Orvig was driving were badly wrecked.

Chief Timboe and Deputy Hanson arrived a short time after the crash, and while the men were arguing, and made the arrest. Sigmund is a young man 20 years old, and says he came here from Soromo, Wis., to work in the Great Northern Shops restaurant as waiter. The restaurant was recently closed which put him out of a job, and he decided to ride home in a car instead of by train. His trial will take place at the next term of district court unless he decides to plead guilty before that time.

Former Lake Resi- dent Dies at Takoma

Mrs. Even Evenson, one of the pioneers of Ramsey county, but who in the year of 1917 moved to Takoma, Wash., where she since made her home, passed away on Wednesday of last week. Her husband died on July 2 last. She is survived by four children, Theodore Evenson of Seattle, Wash., George Evenson of this city, Mrs. Ida Stevens, and Mrs. Haarberg of Takoma, and several grand children. The deceased came to Ramsey county during the pioneer days with her husband. She was a woman of many good qualities and had a large number of friends in this vicinity who will learn of her death with considerable regret.

FIRE FIGHTERS RE-ORGANIZE

The installation of the new Maxwell fire trucks and other new fighting apparatus necessitated the reorganization of the members of the Devils Lake fire department, and the department as it now stands consists of two companies, each one including three divisions. Chief James Stenson announced the following lineup:

Truck No. 1: Dean Jacobson, captain; Jack McLean, lieutenant; Happy Lynch, George Crook, Ed Elliott, C. P. Brainard, Gordon Nimmo, Herman Naugle, Ed. Hall, Ed. Cooper, George Crawford, Percy Marshall and Everett Allee.

Truck No. 2: W. K. Nimmo, captain; Lewis I. Thorvig, lieutenant; P. McQuarrie, W. J. Redmond, C. O. Russell, C. W. Greene, Ed. Rutten, Martin Olsen, Fred Cooper, Carmie Thompson, Curtice Brainard jr., Eben Snell and J. Robinson.

AMY BLACK

Amy Black, seven years old, daughter of Mr. and Mrs. William Black of Fort Totten, passed away at her home last Monday morning. Funeral services were held at Mission church Tuesday morning, the Rev. Father Jerome officiating, and burial took place at the Mission cemetery.

ARVID ANDERSON

Arvid Anderson, seven years old, son of Mrs. DeBoer, died last Sunday morning after a short illness, and the funeral was held Monday afternoon at two o'clock from the German Lutheran Church, the Rev. Moede officiating.

Unique Window Display Made By the Penney Co.

The front show window of the J. C. Penney Company store, contains a unique and graphic demonstration of the size and the growth of that National-wide organization.

The window trimmer has placed colored tacks in a large map of the United States at the points where the company have stores. From these tacks strings of the same color run to a card on which the name of the city or town and the number of the store is printed in bold type.

There is one red tack. This denotes the "Mother" or first store which was opened at Kemmerer, Wyoming, in April, 1902. The yellow tacks indicate the 312 stores that were in operation at the beginning of this year, while the blue tacks direct attention to the 59 new stores now in course of opening. The three white tacks locate the buying offices of the company at New York City, St. Louis, and St. Paul.

It is an exceedingly interesting display, well calculated to arrest the attention of people passing the window. It affords a keen realization of the magnitude of that great organization.

Schutte Has Pic- ture Taken With President Harding

H. L. Schutte and wife and son Jack returned on Thursday of last week from Chicago and Washington, D. C., where they spent the past month. From here they went to Chicago to attend the funeral of Mr. Schutte's father, who died on Sept. 23, and whose funeral was held on Sept. 26. After spending a short time visiting in Chicago they went to Washington, D. C., to attend the national convention of the American Red Cross, which convened in the national capital from Oct. 9 to 11. This convention was attended by delegates from every state in the union, and six delegates from North Dakota were present. Mr. Schutte acted as delegate from Ramsey county, and was the only delegate from the northwest to be honored with appointment on a committee, he being placed on the Credentials committee.

The convention was held at the Continental Memorial building, and the original arrangement was that President Harding deliver an address to the delegates. At the appointed hour the president was unable to be present, but he invited the delegates to the white house later, and all had an opportunity to shake hands with him. A picture of the delegates taken in front of the white house with the president in the crowd was taken, and Mr. Schutte proudly exhibited this to us, and showed us that he was standing only about ten feet behind the chief executive when the camera snapped. He told us in confidence that that was as close as he could get.

NEWSPAPER TO INSTALL RADIO

The first newspaper in the Lake Region to install a radio receiving outfit will be the Edmore Herald-News, owned by Harry Johnson, who for some years was located at Devils Lake when he was employed on The World. Mr. Johnson was here on Friday of last week for the purpose of witnessing the foot ball game played here that day, and told us that the outfit was already ordered, and was expected to arrive within a very short time. There are a number of receiving radios in use in Ramsey county, and while some are being operated with considerable success, there are others that don't seem to be able to pick up anything out of the air. Probably the most successful one in this section of the state is that of Archie Miller which is doing business at the Grand Theatre. The machine to be installed by Mr. Johnson is a big improvement over the outfits sold years ago, and although it costs less money, it is said to have a longer range, and is not so much subject to static electricity as the machines are that were made in the past. If Johnson is able to get out of the machine what the manufacturers claim for, many others at Edmore plan on installing outfits like it.

LeBurn Funeral Held at Rolla Last Friday

The body of A. N. LeBurn, killed on Monday of last week at Fargo when a truck in which he was riding turned over, was taken to the family home at Rolla where funeral services were held last Friday. Deceased's brother, Fred LeBurn, went to Fargo after the remains. Neither the sister nor the mother, who also live at Rolla, were able to go to Fargo after the body, as both were ill at home. The funeral was held from the Catholic church, of which Mr. LeBurn was a member.

POTATO WARE- HOUSE BEING FILLED FAST

The Dakota Potato and Seed Co. is fast getting its warehouse on Minnewaukan avenue filled with spuds. Farmers started bringing them in immediately after threshing was over, and many hundreds of bushels are brought in every day. N. Warburton, the manager, told us that he is paying 25 cents per bushel, and is buying everything that is fit to eat. The warehouse holds about 10,000 bushels, and it is his intention to fill it before he ships very much out, and up to the present time has not shipped any tubers out of Devils Lake, though he shipped out several carloads from neighboring cities rather than ship them here. On account of the low market at the present time a person could make nothing by buying potatoes for 25 cents per bushel and shipping them, and the only reason this amount is being paid here now is the fact that the tubers are stored and will be sold at a higher price later in the winter and next spring.

Up until last week Mr. Warburton was not bothered any by frozen potatoes, but received several loads since then that he was compelled to spread out on the floor and sort out. Since the several hard freezes it is necessary for him to be very careful in looking over the spuds before storing them. He still has plenty of room, and is buying all the potatoes he can get, no matter what the variety, as long as they are fit to eat.

SCHOOLS TO OB- SERVE T. R. DAY

Boy Scouts throughout the country will again this year observe the birthday of their Chief Scout Citizen, Theodore Roosevelt. This observance will take the form of patriotic mass meetings, outdoor and indoor, with appropriate speeches and ceremonies, the planting of memorial trees, the dedication of scout cabins, and so forth. As usual the emphasis will be placed by the leaders not only on fittingly memorializing the man who conformed so closely to the scout ideal of manhood "physically straight," dedicated to God and country, but also on the responsibilities of citizenship, which belong to boys as well as to men.

As James E. West, Chief Scout Executive, wrote recently to scout leaders all over the United States in urging this National observance of the anniversary, "The two thoughts animating the demonstrations are, first, to do honor and to keep alive the memory of a great American and a good Scout, who kept the Scout Oath and Law himself, and secondly, to inspire Scouts and the public generally with a desire to be better citizens, remembering that such as these have lived and died." The celebration has the endorsement of the Roosevelt family and of the Roosevelt Memorial Association, local branches of which organization will co-operate in many cases with scout councils in observing the day.

Bankers Endorse Farm Bureau Drive

A number of bankers of Ramsey county met here on Monday of this week with the officers of the Ramsey County Farm Bureau and H. B. Fuller, of Fargo, secretary of the Farm Bureau Federation, at which time all bankers present heartily endorsed the things the Bureau stands for and volunteered to co-operate in the drive for new memberships which the bureau is about to put on.

Mr. Fuller was here for the purpose of getting the county organized for the big drive for more membership which takes place immediately after the general election, and gave a very interesting talk at the joint meeting. A drive is to be put on next month when an endeavor will be made to get every farmer in the county to join the Bureau, and The World will have more to say about such drive in its next issue.

Members of the W. R. C. are making arrangements to hold their annual bazaar at the Odd Fellows hall on Friday, Dec. 1, and they hope to make the event one long to be re- membered by Devils Lake people.

SCOUT SING AT NEXT LEADERS MEET FRIDAY

A Scout Sing, conducted by Avery Johnson, will be the headline feature of the Scout Leader's Training Course session on Friday evening of this week. Every Scout should sing, and no troop completes all their work unless they sing occasionally. Mr. Johnson will use in the "sing" the sort of songs that Scouts like and include marching songs, funny songs, and songs with a particular meaning.

Other features of the evening will be review in signaling conducted by Rae Kneeshaw, First Aid competition, Tag games and their use in troop meetings and an exposition of the "good turn."

Interest in the class of the work done by the members remains steady. The course was half completed at the session last Friday evening.

The last session was pronounced by several to be one of the most interesting in the entire course. Various features were a presentation of flag signaling—both wig-wag and two arm semaphore, by Rae Kneeshaw; a lecture on the theoretical side of First Aid by Dr. W. F. Sihler; a demonstration of Lint games and their function in troop work, in which the members of the class themselves participated, the Tiger patrol winning the major share of the honors; an observation test, a demonstration of how compass points could be taught in the form of a game; and a very inspiring talk by prof. Nelson Sauvain on Boy Psychology.

Members of the class also planned a campaign to get others into the work during the remainder of the course because of the interesting features yet to come.

PLENTY OF FUEL ON HAND, SAYS DEALERS

There has been plenty of coal on hand here during the past few months, according to local dealers, and a large number of people have already put in their winter supply of fuel. While it has not been possible at all times to get just the kind of fuel desired, it was possible to get something that would burn satisfactorily in any kind of stove or heating plant. The only kind of fuel that is scarce and hard to get is hard coal, and this cannot be secured at any price. Lignite can be secured in any quantity at any time, but the mine operators are having great difficulty in getting cars with which to move their product. The car shortage seems to be the only obstruction to obtaining all the coal desired in the several kinds used here.

CHILD IS NEAR SUFFOCATION IN FIRE MONDAY

Death by suffocation came very near being the fate of the eldest daughter of P. M. Roe, who resided on the southeast corner of Hill avenue and Seventh street last Monday morning at about three o'clock, when the house caught fire while the several members of the family were asleep. The fire started in the kitchen from some unknown cause, and the first to awaken was Mr. Roe, who immediately carried his two daughters, the youngest 11 months old, out of the burning house. The eldest girl was near suffocation when carried out.

The alarm was sent in and in a very short time the fire department arrived and was able to put the blaze out with the aid of the chemical engines.

The Roe family moved in from the farm about a month ago, and had made arrangements to spend the winter here. The damage to the house and its contents is considerable.

Banner Twp. Item in Stanley Pro- motor:—While moving his poultry from the Paukert farm to the Durkee place, J. H. Hagen had an experience that will prove valuable and that also proved expensive. Mr. Hagen had loaded his poultry into a double wagon box, covered over, and leaving as he thought sufficient opening for air for the birds. However, on arrival at his destination and beginning to unload, he came to the 40-lb. gopher dead as a door nail. A few of the birds revived upon getting fresh air but 15 turkeys and 17 chickens refused to "come to" and were, literally speaking a dead loss.

VESSON-VANDERHEIDEN

Rev. Benjamin Babcock performed the ceremony last Wednesday noon which united the hearts and hands of Miss Alice Vanderheiden of Cray and Andrew H. Vesson of Edmore. The couple will make their home on the groom's farm south of Edmore.

Mrs. C. E. Dahl of the Mission Inn in this city was the lucky winner of the Big Six Studebaker Sedan given away at the Kem Temple Circus at Grand Forks last week, and has already driven the machine to her home here.

WYCH-THOMPSON

Joseph A. Wych of Sheyenne and Miss Minnie Thompson of this city were united in marriage last Thursday afternoon by Rev. Benjamin Babcock. They will go to housekeeping immediately at Sheyenne.

KIWANIS CLUB GETS BEHIND SKATING RINK

The Kiwanis Club decided to get back of a skating rink in the city at its regular weekly luncheon yesterday. The athletic committee reported that the new school house site between fourth and fifth streets in East Devils Lake could be procured, and could be made into a first class rink with very little expense. Kiwanians present volunteered to do the necessary work in leveling down the bumps with the assistance of as many of the boy scouts as could be secured, and the athletic committee was authorized to go to any reasonable expense in procuring a building on the site and heating same for the benefit of the skaters. It is planned to have the skaters look after the upkeep of the building and rink after it is put in condition for use by the Kiwanians. After the weather gets cold the rink will be flooded as often as is necessary to keep it smooth.

CLARENCE BOSLINK

Clarence Boslink, son of Mr. and Mrs. Cosmos Boslink, passed away at a hospital at New Rockford last Saturday and the remains were shipped to Devils Lake Sunday. Deceased was ten years old, unusually bright, and was a great favorite among his boy friends. The funeral was held from the St. Joseph's church Monday morning at ten o'clock, and the remains were interred at the Catholic cemetery east of town.

Wheat Thieves Near Starkweather

Grain thieves some time within the past two weeks stole between 300 and 600 bushels of wheat from a granary on the farm of M. B. Gochmour of near Starkweather. The theft was discovered on Thursday of last week, and was reported immediately to the sheriff's office here, but up to the present time no clue has been discovered that would lead to the identity of the thieves.

Mr. Gochmour had his grain stored in several granaries scattered over the field, and about ten days ago his son reported to him that one of the buildings had burst open and the grain was leaking out. The wall was repaired, and no thought of thieves entered Mr. Gochmour's head at the time. Several days later it was found that the wire fence enclosing the field had been cut, and stray stock had entered. It was then that a broken door in one of the granaries was found and closer investigation showed that some wheat was missing. No wagon tracks in the field were found, but tracks that look as though they were made by an auto truck were in plain evidence.

Lake Region Circuit Meeting At St. Olaf's Lutheran Church

The fall meeting of the Lake Region Circuit of the Norwegian Lutheran Church will be held in Devils Lake on Friday, Saturday and Sunday, October 27, 28 and 29. Friday morning at 11 o'clock Rev. J. O. Ensrud of Starkweather will preach the opening sermon in the Norwegian language. Friday afternoon at two o'clock Mrs. I. D. Ylvisaker of Fargo will address the women's meeting. Friday evening at eight o'clock there will be topic discussion and choir song. The business session and discussion will take place Saturday forenoon at 10 o'clock, and during the same afternoon commencing at two o'clock the discussion will continue on the topic "The Christian's Duty in the Congregation."

Sunday morning at 11 o'clock an English Mission sermon will be preached by Rev. I. D. Ylvisaker, following which the communion service and mission offering will take place. Sunday afternoon at three o'clock a program of lectures by pastors and singing will take place. The general public is welcome to attend these meetings.

County Commissioner Thos. H. Maloney of the third district, who has held his present position longer than any other county officer in Ramsey county, was in the city today shaking hands with some of his friends and doing some campaigning. From a point of experience and a desire to do the right thing by his constituents Mr. Maloney's place would be hard to fill. He has always taken a great interest in the office and everything pertaining to it has had his closest attention. At all times during the 16 years that he has served the people of his district he has always done his best to give everyone a square deal, and there is no one that can say truthfully that he ever used his position for private gain or for the purpose of getting even with any one. He has done his best, and that his efforts have been appreciated is shown by the many times he was re-elected to the same place.

HOUSER-ALLEN

Newton Houser and Miss Clara Allen, both of Churchs Ferry, were married last Wednesday afternoon at the M. E. Parsonage by Rev. Benjamin Babcock. Both the bride and groom were reared at Churchs Ferry, where they have a large number of friends, and where they are held in the highest of esteem. The bride is a daughter of Iver Allen, and the groom holds a responsible position with the G. N. Railway.

WYCH-THOMPSON

Joseph A. Wych of Sheyenne and Miss Minnie Thompson of this city were united in marriage last Thursday afternoon by Rev. Benjamin Babcock. They will go to housekeeping immediately at Sheyenne.

STARKWEATHER PUBLISHER TO GO TO GRAFTON

Riley Morgan, who during the past seven years has very ably published the Starkweather Times, has purchased a newspaper at Grafton, and will take charge of his new property as soon as he can make arrangements to dispose of the Starkweather paper. Mr. Morgan is one of the real live wires at Starkweather, and during the time he has published the Times his readers received by far the newest and best made-up newspaper to be found in the entire northwest considering the size of the city in which it was published. He was always a big booster for Starkweather and the surrounding country, and did more toward keeping that city on the map than any other thing. In his removal Starkweather loses not only one of the best newspaper men in the state, but one of its best citizens as well, and Grafton gets a publisher who can be depended upon to do the right thing at the right time at all times. Mr. Morgan has been doing well in his present location, and the only reason for his moving is the larger field which he will find at Grafton. We are sorry to see him move, but wish him the best of everything in his new home.

Wheat Thieves Near Starkweather

Grain thieves some time within the past two weeks stole between 300 and 600 bushels of wheat from a granary on the farm of M. B. Gochmour of near Starkweather. The theft was discovered on Thursday of last week, and was reported immediately to the sheriff's office here, but up to the present time no clue has been discovered that would lead to the identity of the thieves.

Lake Region Circuit Meeting At St. Olaf's Lutheran Church

The fall meeting of the Lake Region Circuit of the Norwegian Lutheran Church will be held in Devils Lake on Friday, Saturday and Sunday, October 27, 28 and 29. Friday morning at 11 o'clock Rev. J. O. Ensrud of Starkweather will preach the opening sermon in the Norwegian language. Friday afternoon at two o'clock Mrs. I. D. Ylvisaker of Fargo will address the women's meeting. Friday evening at eight o'clock there will be topic discussion and choir song. The business session and discussion will take place Saturday forenoon at 10 o'clock, and during the same afternoon commencing at two o'clock the discussion will continue on the topic "The Christian's Duty in the Congregation."

Sunday morning at 11 o'clock an English Mission sermon will be preached by Rev. I. D. Ylvisaker, following which the communion service and mission offering will take place. Sunday afternoon at three o'clock a program of lectures by pastors and singing will take place. The general public is welcome to attend these meetings.

W. T. Gray Is Married At Duluth To Miss Cadden

W. T. Gray of this city was married on Wednesday of last week to Miss Margaret Cadden of Duluth at the home of the bride's brother, the Rev. Garfield Walker, formerly of this city officiating. The couple will take a short honeymoon trip, after which they will return to Devils Lake to make their home here. The bride is known to quite a number of people of Devils Lake, having for a time been connected with the Fashion Shop here. She is a young lady of many good qualities, and during her short stay here won the admiration of everyone with whom she came in contact. The man of her choice is a son of Mr. and Mrs. John P. Gray, and a brother of C. E. Gray of the Grayson and Colonial hotels. For some time he has been connected with the Grayson hotel in this city.

The Slorby Studio in this city has just installed a Majestic Focusing Spotlight for use in getting just the desired light on any picture taken at the studio. Spot lights of this kind have been used during the past few years at the moving picture studios with wonderful success, and most any- one who has watched the great im- provement in the pictures shown now over what they were three and four years ago cannot help but admit that this science has been gotten down to perfection. The use of the spot lights had more to do than anything else in putting the picture up to their present standard. The light just installed at the Slorby Studio is much on the same order as those used in making pic- tures, and by its use Mr. Slorby will be able to get most any lighting de- sired in photography.

DAIRYING has proven a bonanza to Grove City, Minn., a little town of 351 inhabitants in Meeker county.

Its banks deposits total \$1,370,500, or \$3,906.27 per capita.

Diversified farming can be made to do this for other communities.
