

### SUMMER SAVORY.

Gathered in by Industrious Hands from Inland Prairie and River Bank.

To Flavor the Lives of the Thousands of Pioneer-Express Readers, from

Drayton, Hamilton, Neche, Hyde Park, Cavileer, Bathgate, Jollette, Carlisle, Roseau Lake, Bay Center, Walhalla, and Ernest.

#### DRAYTON.

Mr. and Mrs. J. Lindsay, of Glasgow, Scotland, are visiting Mrs. Tweedie. Mrs. Lindsay is the daughter of Wm. Tweedie and sister of Judge Tweedie.

The interior of the church has been considerably improved by Contractor Heselton, with paint brushes and paint. Now the exterior is to be treated likewise, and we will then have one of the prettiest churches in the northwest.

The Drayton base ball nine was organized Wednesday night, and they will soon be ready to offer challenges to any nine this side of Grand Forks. In all probability a formal challenge will appear next week.

Mr. A. J. Wallace, returned from Fargo Saturday night, with the report that the Fargo, Grand Forks & Pembina R. R. Co., had determined to put on surveys immediately and secure the right of way. There is little doubt the road will be surveyed and graded this summer.

Rev. H. P. Cooper, of Emerson, preached to large and intelligent congregations Sunday morning and evening. His sermons were earnest and powerful, and were attentively listened to by all present. A collection of upwards of \$10.00 was presented to Mr. Cooper for traveling expenses.

The glorious Fourth will be duly celebrated here. Without stating the exact programme, there will probably be a noisy opening at sunrise, a base ball match and refreshments in the afternoon, and a brilliant display of fireworks at night. Patriotic addresses will probably be delivered by local talent.

Mr. Thorpe, Mr. Morvin and Mr. Hunter, from Levant, will build as soon as possible. We understand also, that Mr. E. A. Healy, will put up a fine residence this summer. On the whole, Drayton is looking up faster than the "boomington" railroad towns. About one thousand dollars worth of lots have been sold in the past week, and the probability is that they will increase 50 per cent. within four weeks when the survey will be made.

Drayton is beginning to take on a metropolitan appearance. Sidewalks have been laid and building operations are progressing on Second street. The elevator pit has been dug, and the building will be run up just as soon as the lumber arrives. The dimensions are 54x39x60 and will be built after Pittsburg & Hulbert's style, with chime from top of elevator to the river. A dock will be built where barges can be loaded without fear of grounding. There will be a transfer elevator at Grand Forks, so that wheat can be run into cars and shipped on to Minneapolis at as low a rate as from St. Thomas or Grafton. Freight can be landed here at present at a lower rate than at St. Thomas, and with the elevator facilities, there is very little doubt but grain will be brought here at very near railroad prices. The effect of this on real estate here is already surprising. Mrs. Weemple is building a large boarding house on Second street. Dayman & Smith have let contract for an addition to their building 24x18 for office room. A new post office cabinet will be placed here as soon as completed. Mr. S. R. Smith has let contract for building a residence on Main street, 22x24 with kitchen extension, the whole to be lathed and plastered in good shape.

#### BEAULIEU.

Mayor Yerxa of Fargo, is expected soon on a visit to his brother, W. Yerxa.

Frank Brad, a prominent citizen of Alfond, Ont., is on a visit to his friends and expresses a very favorable opinion of this point.

Messrs. McMorrin and Rae, two young gentlemen recently from Ontario, have settled in our midst, and will devote their time to farming.

There is a strong feeling here against county division. The most of the people seem to think that the idea is premature. Everybody is talking about it.

#### CARLISLE.

Mr. Moffat's wife and family arrived on Saturday.

On Sunday, June 16th a meeting is to be held at the school house, at 2 p. m., to organize a Sabbath school. It is hoped the movement will be well supported. Rev. Mr. Wright will be present to assist in the organization.

#### ERNEST.

Mr. John Huffman has gone to Winnipeg.

Mr. Wm. Snider, has bought a claim on the mountain, and is soon to move there.

Miss Little Harvey has been visiting her country friends and relations the past week.

One of the chief ornaments of a door yard in this locality, is a dead tree decorated with egg shells.

Our citizens are taking every precaution in having nothing to do with the small-pox which is prevalent at the Pembina Mountains.

Abeneo Kimble thinks he can beat any man in this portion of the Territory at jumping. He states that he jumped from Manitoba to Dakota at one jump.

The division of this district, (No. 5) has been granted by the superintendent of public schools and the instigators of the division are now laying plans for the construction of a new school house. The new district is two miles wide and three miles long and the school house will be located in the centre of the said district therefore making it convenient for all parties.

#### HYDE PARK.

On Sabbath last the Rev. O. Goldie preached to a large congregation in the schoolhouse.

Mr. Alfred Carpenter is rejoicing over the arrival of his wife and daughter from Ontario, after a separation of twelve months.

We hear that Mr. Henckle and family are about leaving for their home in Michigan, to return again in a few weeks. We wish them a safe and pleasant journey.

Our farmers are just now resting on their oars and rejoicing in the present favorable appearance of crops. Notwithstanding the coldness and seeping backwardness of the season the fields of sown grain have put on their green garment and are looking beautiful.

The school board at Hyde Park have cast away the old pioneer desks and seats and furnished the schoolhouse with perforated folding lock desks, from the Racine School Furniture company of Chicago. They are just what was needed. The walls also have been decorated with new maps.

By the way, we have a little boasting to do. Harry Fetz, of our vicinity, paid a flying visit to the city of Emerson recently, and while there entered for the Olympic races, which were in progress, carrying off every one of the three prizes. Good for Dakota. We believe Fetz has engaged to run the race of life with a fair young damsel of his own neighborhood. If such is the case, we wish him every success in the course and all its attendant rejoicings.

#### RAY CENTER.

Mr. Lowery Best is still on the sick list. We hope he will soon recover.

Mr. John Gordon is improving the appearance of these parts with a nice new house.

At the close of divine service on Sunday morning the congregation had the pleasure of surprising the Rev. E. Nelthorpe, Methodist minister, with a present of \$24. He thanked them heartily. The people like to hear him preach and the congregation continues to increase.

#### BATHGATE.

A good deal of wheat is coming into market from the north and west.

Mr. Jas Palmer has charge of a fine drove of cattle just near town.

The condition of the railway crossing on South street has been improved.

We find our depot platform crowded with people on the arrival of the train now-a-days.

Some real estate is changing hands at good figures lately and business is picking up a little since seeding.

We hear of a few instances where farmers have been so unwise as to sow poor grain and some of them are obliged to sow again.

Mr. Grogan of Pembina found it to his advantage to procure a fine cow and calf from Wm. Foster of this town. They will be a great addition to Mr. Grogan's herd.

Mr. Foster has a full blooded Jersey bull—the Count Elgin. He is imported from the Elgin herd, Minnesota. The Jersey breed have the best milk record in the world.

The wreck on the Manitoba road below Moorhead last Friday delayed the train till one o'clock Saturday morning. Saturday's train brought up a good many immigrants.

The bridge that was built through the providence and energy of Messrs. Ferguson and Brennan and a few others across the Rose Bud is considered a great convenience by the farmers to the northwest of town.

Our farmers are showing their appreciation of blooded stock. Nothing speaks better for a farmer than the character of his stock. In this connection we may state that Mr. John E. Houston has one of the finest Norman stallions in the Northwest.

On Wednesday, June 13th, at 7:30 p. m. Rev. Turner will deliver his lecture on "China"—proceeds to go towards purchasing an organ for the church. Mr. Turner spent three years in China and will doubtless deliver an interesting and instructive lecture. He has the happy faculty of making his lectures highly entertaining.

Miss Watt, sister of our genial merchant, has come to Bathgate to enjoy the good society, beautiful scenery, Tongue river water, to help her brother, and make his bachelor life endurable. Miss Webster has returned from her southern trip. Miss Carr spent Sunday with her people at Tyrer. Mr. Ed. Sing is in from Baltimore to spend a few days with his family. Mr. Chas. Stubbing and family spent Sunday with friends in the country. Mr. Gibson has returned from his extended western trip. Capt. Webster of Pembina and Milton Moorhead of Neche made our town a visit last Friday. Editor Hoskins handles his cornet in fine style. Mr. Hughes from Red river has been spending a few days in town looking after his interests. Mr. T. E. Yerxa let his many friends here behold the light of his countenance a few days since.

#### NECHE.

Mr. McCollum's drug store is now open and Mack reports business good.

Mr. M. Wood, our affable railway clerk is visiting at Whitemouth, Man., the former home of Mrs. Wood.

The Rev's Goldie and Caswell preached in the Presbyterian church last Sunday to the largest audiences of the season.

Miss McClintock, sister of our popular host of the McClintock Monday evening, arrived from Philadelphia Monday evening, and proves a valuable acquisition to society.

Mr. Shay returned from St. Paul Sunday evening with the news that our passenger depot will be built in a few days, also that we are to have another elevator. Dan is happy now, having disposed of 3,200 bushels of wheat at a good figure in St. Paul.

W. J. Gooding, our jolly railway agent returned from St. Paul Friday evening and the boys are happy again. Billy says he has come to stay this time and to prove it has shown us plans, prepared

in St. Paul for a beautiful residence he is about to erect on the east side here.

The railway company's surveyors located three side tracks here last week.

The Neche private school is flourishing and Miss Hattie Flynn, the pleasant and efficient teacher, is kept busy keeping twenty-five youngsters in order.

Mr. Cass Prudhomme, of the Hotel Geroux, Pembina, visited our town last Monday and was well pleased with the appearance of things. He thinks of locating here.

Rev. Father Bonin will celebrate High Mass in the depot of this town on Sunday, June 10th, and also again on June 24th, after which there will be a meeting to arrange for building a church.

The Aurora Well Boring company are sinking a well for Pillsbury & Hulbert and when through will sink another for the Northwestern Elevator company. Tonight material arrived for the Pillsbury & Hulbert elevator and work will be gone on with immediately.

Orders were received last week, that all transfers from the Manitoba railway to the C. P. R. and vice versa shall be made at Neche. The C. P. company have two large gangs of men at work on the southwest branch. It is expected the through trains will be put on this route during the course of a few weeks.

Neche will celebrate the fourth. At a recent meeting of the citizens Hon. Jud LaMoure was elected president of the day; Mr. Quackenbush, vice-president; Neil McCollum, secretary; H. C. Eeldman, treasurer. A subscription list was passed around and responded to handsomely and a big day is anticipated.

The tea meeting at the Presbyterian church here came off Monday evening and was a grand success. Among the speakers were Rev's Wright, Caswell, Nelthorpe, Goldie and Eule. The refreshments were served up in the grove surrounding the church and were everything that could be desired. The proceeds amounted to \$67.75, which will be applied to furnishing the church. Much credit is due Rev. A. K. Caswell, the energetic pastor, to whose self-denying efforts in this as in all church work our community is much indebted.

Rumor has it that Mr. Jos. LaPorte, the genial and worthy inspector of customs, is about to be removed. It is needless to add that the whole community are sorry to hear it and will deeply regret his dismissal, as no better officer could be appointed to fill his place. Joe has a thorough knowledge of the people on both sides of the line and no man is better adapted to deal with the French portion of immigrants, who, by the way, form the great majority of those having business to do with the custom house at this point. Everybody here sincerely hopes that the rumor is false and our happy Joe will be long continued in his position here.

The small pox at Wallhalla has died out and the guards on the quarantine district are being discharged; but we are hardly out of one scare till we are in another. The report gained ground here Monday that a duke had strolled into town, and to-day (Tuesday) our worst fears were realized, when about 5:30 p. m., it was seen to glide from under the depot in the direction of LaMoure & Suffolk's store. The town dog and Mili Moorhead's cat "Stump" gave chase and an exciting scene was the result until the McClintock House was reached. Fortunately the door was open at the time and the duke, who managed to keep the lead, dashed through the hall into the dining room, when Mack succeeded in shutting the door in time to save its life. It has since transpired that this duke escaped from Oskosh and the county commissioners have decided to send it back there again. It is now in Mr. Gooding's keeping, who will ship it when the proper cage arrives from St. Paul.

#### ROSA LAKE.

Most of the grain in this vicinity is up and looking favorable.

The boys are taking steps towards establishing a Good Templar's lodge in this vicinity. We wish them success.

A new postoffice has been established about three miles north of the lake. Mr. McKenzie is the postmaster and the name of the postoffice is Mono. For some little time we will only have a weekly mail.

Last week we had a visit from a party of prospectors, looking for a site to plant a colony. They decided to locate in township 161 ranges 60 and 61. The colony will consist of some eighty families from New York state.

The two classes of individuals that we would like to see make a raid on this county at present are ministers and women. We believe that both these classes have a refining influence on society and without either we are in a very pitiable condition. If we are to have only one class sent at a time, as the majority of us are bachelors we prefer women first.

I have frequently been asked by parties in the Red River valley to give the location, extent and general appearance of Lake Rosa. Its situation cannot be accurately described, being in the unsurveyed lands, but we expect it will be near the eastern boundary of township 102 range 50. It covers about 3,000 acres, being four miles long and varying from a half mile to three miles in width. With regard to its general appearance a great many would be disappointed on seeing it. Lake Rosa is simply what most people would call a large slough, with this difference that the land on all sides of it is high and dry. This lake is invaluable to the farmers of this section of country, as it is about the only place for miles around where hay can be procured, and here it grows in abundance. The soil so far as I have seen is good, and settlers are coming in rapidly. Four weeks ago there was not a house to be seen west of the lake, now it is settled three or four miles back.

#### CAVILEER.

How about the 4th of July celebration, in Cavileer?

Rev. E. F. Movins has built an addition to his house on First street.

W. Winters and C. Holden of Hamilton, were in town last Friday.

F. R. Yerxa and J. Congdon of the same place, took a run over on Sunday.

Tommy Nelson, of Bathgate, Abe Smith of Crystal, and Jim Gaffney from the Park, laid up at the Pioneer last Monday night.

We were favoured with a visit from John Goggins, of Olga, an old townsman. He was down to meet his father who has just arrived from Guelph, Ont. Mr. Goggins was making arrangements for the opening of a butcher shop in Cavileer.

Henry Bickell's ball on Friday night last, was a grand success, the adjacent towns and neighborhood being well represented. The floor was ably managed by Mr. Robt. Lang, and music was furnished by Mr. Case of Grafton, and several assistants. Supper was partaken off, by 75 persons, and dancing was kept up till after day light.

Considerable excitement was caused in Cavileer last Friday evening, by a drunken man from Grand Forks, who went around brandishing a revolver. The constable, Mr. A. Bechtel, was summoned, who took the dangerous looking character in charge till Saturday morning when he was brought before Justice Ross, who fined him \$10 and cost, and dismissed him a little wiser perhaps.

Honor roll for May, in School District No. 6, Cavileer.

Fourth Reading Class—First Bertie Staples; 2nd, Maggie Douglas; 3rd, Josephine Hellar.

Third Reading Class—First Louise Douglas; 2nd, Aggie Shaane; 3rd, Willie Ellenbaum.

Second Reading Class—First Annie Morden and Alf. Wilkinson; 2nd, Crysentea Stadelman; 3rd, Joseph Hebert.

Senior First Reading Class—First Richard Burke; 2nd, Ida Morden; 3rd, John French and Willie Wells.

Junior First Class—First Jas. Wilkinson; 2nd, Chas. Stadelman; 3rd, Lena Gregoire.

Third Arithmetic Class—First John Wells; 2nd, Willie Ellenbaum; 3rd, Tenie Douglas and Josephine Hellar.

Second Arithmetic Class—First Haspar, Kraft; 2nd, Felix Gregorie; 3rd, Ella French.

Geography Class—First Bertie Staples; 2nd, Josephine Hellar; 3rd, Tenie Douglas.

Grammar Class—First Bertie Staples; 2nd, J. Hellar.

Number of names on roll—46.  
NELLIE SOPER, Teacher.

#### WALHALLA.

An amusing incident happened here lately. One of our interesting young ladies was calling at the home of a prominent citizen, and at the proper time was escorted home by the gallant brother of the host. On his return he was startled by the hair-splitting whoop of what he supposed to be a wild Indian close to his path. Without waiting to investigate, he started at a break-neck pace for home, and never stopped till safe from pursuit. It turned out that the elder brother was the cause of the alarm, and the brave escort grimly acknowledged the joke.

#### His Own Son.

A maiden lady of Berlin, Miss S., had found a suitor in the person of a young lawyer, who at an early hour in the morning ran up to pay her a short visit. Scarcely had he entered the room when a knock was heard at the door. The young lady, not wishing to be surprised by some spying fair friend at so early an hour, prevailed upon her swain to take refuge in a wardrobe, and turned the key. Great was her terror on opening the door of her room to see a Sheriff walk in and scrutinizingly glance at the furniture. That officer had come to seize some of her goods in order to satisfy the claim of an impatient seamstress. The Sheriff had fixed upon the wardrobe as the place of furniture least likely to cover the demand of his claimant, and supposing the wardrobe contained the very dress which was the cause of his official interference, he asked the lady to open the same. This Miss S. declared to be impossible, as she had lost the key. The Sheriff smiled incredulously, and left the room in search of a locksmith, not, however, before he had put his official seal on the keyhole of the wardrobe. Scarcely had the door closed behind the myrmidon of justice when the prisoner, first tenderly, then threateningly, demanded the wardrobe to be opened, the trembling maiden all the while imploring him to bear the inevitable with fortitude. A loud knock at the door announced the return of the Sheriff. Without giving him time to tell the locksmith as to what was expected of him, the young lady quickly pushed the honest workman into the adjoining kitchen, and with a pitiful wail and gesture, handed the Sheriff the key from her pocket. Making straight for the wardrobe, that imperious official opened it, but started back, and to the discomfiture of the almost-swooning Miss S., exclaimed: "Bombs and grenades! Charles, my boy, how the deuce did you get into that box?" The situation leaving nothing to be desired in point of comical effect, became palpably ludicrous.
