Dressmaking. For Dressmaking and Hair-Dressing, call on MISS BERTHA PALMER. I have on hand, a good Spring and Summer Stock of Millinery goods to select from. The annual meeting of the Pembina County School Association will be held in Bathgate on Wednesday and Thursday, the 19th and 20th of June, commencing at 2 p. m. All Sunday schools are requested to send delegates. All ministers and superintendents are members of the association and are earnestly requested to attend. The Bathgate friends will entertain. Come, if you do you will be glad, help us to make this the best convention we have ever held. JAMES THOMSON, Secretary.

Seeding in this locality is completed and the growing wheat gives promise of an abundant harvest. Our grain buyer, Harry Diemer is busy shipping out the last of the contents of the elevator and reports a successful year's business. Mr. Gray, of Bismarck, is visiting here, he is devoting the school vacation to raising onions. Elias Wilson from the Seabury Divinity Institute of Fairport, Minnesota, is visiting with his brother John. Elias has relinquished the school house for the pulpit and will soon be a clergyman of the Episcopal church. There was a jolly gathering at Geo. Fuller's on Friday last, in the shape of a surprise party. The occasion was the birthday of Mrs. Grace Reynolds, a niece of Mrs. Fuller's, who is visiting here from Beloit, Wis. A pleasant evening was spent in games, music and other amusements and Miss Grace received several nice presents which she will no doubt treasure as souvenirs of her sweet sixteenth anniversary. The annual meeting of the Waltham Presbyterian Manse and Cemetery Company will be held at the manse on Tuesday, June 12th, at eleven o'clock A. M. to elect officers for the ensuing year. A general picnic, cleaning up lots and decoration of graves will be in order. By order of the President, S. O. McGINN, Waltham, May 15th, 1906. 44-46

Stockholders of the Waltham, date their pleasure take note of the date of the annual meeting advertised in this issue. The station of this cemetery is unique and beautiful and persons from long distances away go there to bury their loved ones. The first interment was made January 25th, 1865 and there are now over 130 graves. The gathering once a year of the stockholders and friends to clear up and beautify the grounds is one worthy of emulation in other localities. The cemetery was a planned cemetery and it should be the object of loving care. The revenue from the sale of lots will keep it up and when this much is done the relatives and friends will do the rest. 44-48
