County News.

Hamilton.
It is reported that L. Herder has departed for Manitoba.

The supervisors held their regular quarterly meeting Tuesday, the 27th. L. Baker was appointed inspector of election in Hamilton township precinct.

W. K. Walper one of our most prosperous farmers, has forsaken the populist party and will vote for McKinley and our national honor.

Donald Thomson, the fusion candidate for county auditor, was in town Monday having a final hand shake with the boys before election.

A special train was run on the Great Northern from Grafton to Neche, Tuesday evening in order that all might attend the republican rally at St. Thomas.

John Burke, candidate for member of congress on the fusion ticket, was in town for a short time Tuesday. Remember gentlemen when you get into the election booth next Tuesday, Nov. 3rd, to mark your ballot X M. N. Johnson.

H. N. Joy has put a brick foundation under his residence. H. N. is always up to date when it comes to improvements. Remember him next Tuesday as a man of improvement and mark your ballot, X H. N. Joy, and that will be an improvement.

Tuesday is election day and every one that has a vote should turn out to the polls and vote not for silver but gold, and our national honor. Ladies are entitled to vote on school matters and they should all turn out and help elect John G. Halland state superintendent and C. E. Jackson superintendent of our county schools.

Jerry Frawley says in the issue of the Cavalier necessity for Oct. 16. "Robt. Thacker has made deeper insights into the money question and will vote for gold. Since he got but one vote (and that his own) for a member of the legislature, recently. Bob has always been a republican though always a spy in every populist convention, and his—consists only in his own desire for office." Jerry is a liar pure and simple. Robt. Thacker has never been a delegate to a populist convention in his life, almost any fool ought to know that it is impossible for a man to vote for himself unless he is a delegate. Mr. Thacker was never a populist, neither did he seek the nomination for member of the legislature from the populist party.

"Robt. Muir always a rock-ribbed democrat, is tired of fusion business "since Allick is in it," and will vote for McKinley. Robt. Muir is a money-lender for foreign capitalists and of course, he has to vote for his own and his master's interests." Mr. Muir may loan money for foreign capitalists, but he does not have to vote for gold, neither are they his masters. Fusion business would make almost anybody tired. Jerry gives about a column of such attacks as those we have quoted, but we will not go to the trouble to answer them all (he is not worth it) but we will say that each one of those straws have more influence than Frawley ever had or may ever expect to have. In conclusion we will say that of all the loped, mangy, courageless, bandy shaken, flea-bitten prune-eating liars that ever roamed the earth since the beginning of time Jerry Frawley of the Cavalier Necessity should go down to posterity—as the greatest. Our advice is, that when you meet a polecat in the middle of the road, the best thing to do is to turn out and nine times out of ten he will smother himself with his own breath.

Prattford.
D. A. Morris of Canton was over on business last week.

Mrs. Youmans was visiting with her parents Mr. and Mrs. Bell, last week.

Mr. and Mrs. Willis of Cavalier were visiting at Mr. Switzer's and other friends a short time ago.

R. A. Switzer and a number of others went to Hamilton on Saturday evening to attend the democratic rally, and judging from the amount of silver talk in this neighborhood it will be sixteen to one.

Quite a pleasant time was spent last Friday evening at the close of the schools at which the scholars took a very prominent part in entertaining the audience, also a number of others of this part and some from a distance whose names we take pride to mention; the Misses Quigley, Miss Maggie Kemp of Pembina and Master Bert Fowler of the same place

Gardar.
A big Bryan meeting was held at Gardar on Monday evening. It was addressed by Mr. Hellstrom. The enthusiasm was immense and when the speaker closed the audience resolved itself into a McKinley club of 120 members. The next evening there was a big republican rally at Gardar which was addressed by Mr. Devine and Attorney Laxdal, whose speeches are highly spoken of. We did not hear of a Bryan club being formed in consequence of the enthusiasm evoked at the second meeting.

Brunet, the British beet buyer, is in the city.

Our popular druggist, N. R. Burley, is on the sick list.

Pat Manon is preparing to move into his cottage in town soon.

Mr. and Mrs. S. L. Davison made a flying trip to Neche last week.

Benson Lockwood visited relatives here last week and attended the ball.

J. C. Harvey accompanied by A. L. Miller, attended the Odd Fellows entertainment.

C. A. M. Spencer spoke to a select and appreciative audience, Wednesday evening of last week.

Arrangements are being made to produce a play entitled "Our Boys" by local talent for the benefit of the A. O. U. W.

Word has been received by his friends here, that Art Sumpter is much worse. He left here some time ago for his home at Snowflake and then seemed to be improving.

A box social will be held Friday evening, at the residence of Shell Horning, under the auspices of the Methodist ladies aid. Proceeds for the purchase of lamps for the new church and all are cordially invited to attend, and have a good time.

Hon. J. M. Cochrane of Grand Forks spoke to a large audience last Thursday evening in Tetrault Hall, for over two hours and did more actual good work in that time for the cause of sound money and good government than all the speakers we had during the campaign. Judge Cochrane has a splendid faculty for reasoning and as a logician has few superiors in this state. Besides this he is honest and a true patriot and his utterances have the right ring. Mr. Cochrane discussed the Chicago platform at length and showed what the popocrats promised to do if placed in power and pertinently asked, "If we wanted to vote for that kind of government?" Those who do in this vicinity are scarce and converts to sound money are increasing daily. One of our professional men who has advocated free silver, said he didn't realize all there was in the Chicago platform before, but after hearing Mr. Cochrane's arraignment did not feel that he could be honest and vote that way.

On Friday night the Odd Fellows held their first big "blow out" and to say that it was a big success is putting it mild. The evening's entertainment began with a play given by the Columbian Dramatic Co. of Neche to a crowded house. Every seat in the house was sold and several who could not get here sent their tickets in to be sold again. Our Neche friends showed much dramatic talent and thorough training, and when they decide to visit our town again they are assured a full house. Prof. Juliet of Pembina, furnished the music. After the play was finished, dancing began and was continued till early morning. The sweet strains from Prof. Juliet's harp make delightful dance music and our dancers feel spoiled for anything else now. Prof. Cowan officiated as caller. During the evening the lodge rooms upstairs were occupied as reception rooms and those who were tired of the ball, could find games with which to amuse themselves. The banquet at the Bellevue was one of the successes of the evening and reflected great credit on Mine Host Davison. Taken altogether the Odd Fellows entertainment was a huge success, although on account of the heavy expense the lodge did not realize as much as expected but are satisfied with results.

Drayton.
The joint debate here Tuesday evening between Robert McMurchie of Grafton and H. L. Crandell of Drayton, was a great score for the "sound money" folks. Mr. Crandell completely "did up" his opponent. McMurchie could not answer or disprove Crandell's arguments. They were solid facts from history, and Mr. Crandell found that all he could do was to turn attention away from them by sarcastic remarks, story-telling and discussing propositions foreign to the argument. All of Crandell's arguments or nearly all, were facts brought out from history, statistical reports of the government, etc. They were facts that neither McMurchie or any other person could call in question.

Gardar.
A big Bryan meeting was held at Gardar on Monday evening. It was addressed by Mr. Hellstrom. The enthusiasm was immense and when the speaker closed the audience resolved itself into a McKinley club of 120 members. The next evening there was a big republican rally at Gardar which was addressed by Mr. Devine and Attorney Laxdal, whose speeches are highly spoken of.
