Thanksgiving Day is Thursday, Nov. 29th.

The Cavalier branch trains now run on Tuesdays, Thursdays and Saturdays.

There was a building, said to be a barn, burned in Emerson on Tuesday night.

A box social at Backoo last week in aid of the Presbyterian church netted \$38.50.

Rev. Mr. Newlove of Bathgate will preach at the M. E. church next Sunday at the usual hour.

The Cavalier depot is still a box car and Cavalier people don't think it either dignified or convenient.

W. C. U. was in session at G. W. R. on the afternoon of the 17th. A full attendance was present.

Going to school from her department in the city schools was closed on Wednesday until Monday.

A short term of court was held on Tuesday, between trains, and evidence was taken in the Bechtel will case.

Rev. John Evans of Monroe, Mich., has been appointed to take charge of the Episcopal churches at St. Thomas and Bathgate.

Everybody was glad to see J. M. Chisholm back at the court house this week. He looks a little thin, but otherwise is all right again.

The Red river froze over on Wednesday, 14th, and yesterday passengers walked over the ice. This is about the average date.

The ladies aid society of the M. E. church are in active preparation for a "bazaar" and social about the first week in December.

Guy Jamison of Drayton had his foot so badly shot by the accidental discharge of a gun that it had to be amputated. It is doing well.

Henry Villard, once president of the N. P., and Marcus Daly, the Montana millionaire and copper king, both died in New York this week.

Rev. Mr. Cooper, presiding elder, held quarterly meeting services at the M. E. church last Sunday. There was a very large congregation present.

Ed. Kippen of Hamilton and A. Hepburn of Bathgate are reported to have purchased the machinery business of Simons & Wilson of Cavalier.

Word from the hunting party out at Buford states that they had venison for dinner last Sunday, the result of the joint endeavors of "Ned and Tom."

Services at the Presbyterian church Sunday evening at 7:30. Subject, "The Marching Orders of the Christian Church." Sabbath school at 3:30, C. E. at 8:30.

If the democrats charge that McKinley was elected by the expenditure of money this time, they will only declare what a large proportion of their own party were purchasable.

The wires running into the depot are to be gathered into cable form. This keeps the wires from "humming" in windy and cold weather; the sound of which at such times makes an almost intolerable noise in the office.

Saturday night, the Pink Paper says, thieves went to M. Martell's room at the Bathgate House and stole a fur overcoat, suit of clothes and a watch, but omitted to take a pair of pants containing \$15 in the pockets. There is no clue to the thieves.

Dr. Brennan, dentist, will be in the following places on the given dates:—Pembina, 1st to 14th; Drayton, 15th to 20th; St. Thomas, 21st to 25th; Bathgate, 26th to end of month.

Rev. Mr. Dingle and family desire us to express their great appreciation and gratitude for the many and great kindnesses of friends, neighbors and citizens of Pembina generally during the illness and funeral services of the wife and mother, and for the generous assistance in the preparation for the long, sad journey.

Wm. Edkins who died last week at St. Vincent was a Forester, and remarkable to say though the lodge is a large one and instituted in 1894 this is the first death claim from this lodge. He was insured for \$1,000 and this with other property leaves the family in comfortable circumstances.

To the busy man or busy woman who has little time to read and less time to digest the daily news, if he or she will read the monthly Review of Reviews they will keep posted and have clear ideas of current events. We can give a clubbing rate of \$4 for both the Pioneer Express and the Review.

The river is at a very high stage for this season of the year. Higher than known in twenty years at least. Heavy snows this winter with sudden thaw and copious rains next spring would make conditions fit for the biggest flood ever. The ice trust will find it difficult to corner the supply on the Red river this season.

Winter didn't allow Miss Autumn to linger a little bit, but took possession of North Dakota and has been acting as boss of the weather all this week. Double windows, banking and wood hauling have been going on apace and trade has been good at the stores for winter clothing and overshoes. Sleighing is good in the town but not much snow on the roads outside.

The delinquent personal tax list for 1899 is handed to the sheriff for collection and the delinquents will shortly be receiving notices to that effect from the sheriff. On fifteen days are allowed by law for settlement, otherwise the sheriff is directed to distrain and no property is exempt. The wise will govern themselves accordingly.

From the fact that the Hallock Enterprise has not showed up this week at this or St. Vincent post office, it is greatly feared by many of Editor Bouvette's numerous friends here that between the casualty lists of the late political battle are made up that he will be reported as "missing" and perhaps Editor Deacon, of the New Era will get that game wardenship forthwith.

Mrs. Maylay Morrison was quite severely injured at her brother John McDonald's last Saturday. Mrs. Morrison went to the barn to attend to some colts, and being in a playful mood they reared and struck her in the face with their feet and one of them caught her lip in its teeth and tore it down. Mrs. Morrison fell and the colts left her. She received very painful injuries.—Crystal Call.

Notwithstanding an editor has many dailies to read and therefore gets next to most of the news going, yet one of our most pleasant occupations is to read that same news made up from the telegraphic fragments, summarized, digested, boiled down, and told as a clear, concise, and complete story in the perspicuous and terse English of the editor of the Review of Reviews with his criticisms and notations.

Tuesday morning of last week the rooms over the store formerly occupied by Frise & Co. in Hamilton caught fire and the content consisting of furniture, piano and other property belonging to D. H. McMillan, who roomed there, was totally destroyed. Its value was about \$2,000, insured for \$700. The building was saved by hard work. The fire occurred about four o'clock in the morning and the cause is unknown.

Fire was discovered in the residence of Jas. McLean at Bathgate on Wednesday morning of last week and before it could be extinguished it had burned a hole through the roof and one side of the building. The building and household furniture were seriously damaged. Mrs. McLean was absent visiting her mother at Carlisle and Mr. McLean had left but a few minutes before to go to the hotel for breakfast. Probably caught from furniture left too near the stove. The loss is covered by insurance.

Walsh county's official vote gives Spencer 786 majority, Pembina county, official, gives Kneeshaw 919. Cavalier county, to elect Spencer would have had to give him 151 majority. But Cavalier wasn't voting that way this year and instead makes it about 200 more for Kneeshaw. It was expected by politicians that Walsh county would give a greater majority for Spencer than Pembina county would for Kneeshaw and this part of the result will be a great disappointment to Mr. Spencer and his friends.

Died.

DINGLE—At Pembina, November 9, 1900 Eunice, wife of Rev. J. G. Dingle, aged 39 years.

Mrs. Dingle while not in good health for some time was seriously ill but a little over a week. She died from an affection of the kidneys. Mrs. Dingle was born at Dundas, Ontario, where her parents still reside. Her maiden name was Powell and she married Mr. Dingle in 1881. They came to North Dakota in 1890 and as a Methodist itinerant's wife she has lived with her husband at Devils Lake, Mandan, LaMoure, Grandin, and Pembina.

She leaves six children motherless; the eldest, Myrtle, aged 17, the youngest being only three years of age. Her sister, Miss Powell, who teaches the Lounsen school, was also with her at the death bed. Another sister is teaching at Fairmount, North Dakota. The deceased was a kind neighbor and a devoted mother. She was a helpmeet both in family and church work to her husband, and no greater encomium can be given than that the labors of life which are incident to the mother and the minister's wife were well done. She has done her part and has entered into the reward of eternal rest.

The funeral services were held on Saturday afternoon at the M. E. church, Presiding Elder Cooper and Revs. J. G. Moore of Forest River and Hutchinson of Bowesmont were present and participated in the brief services. Rev. Mr. Cooper delivering a short address. Appropriate music was rendered by the choir. The church was filled with sympathizing friends and it was noticeable that they were present without reference to position or creed, to express their sympathy with the bereaved relatives and to do honor to her who had finished her work. The church was draped in funeral colors and beautiful flowers lay upon the coffin. The remains were then taken to the N. P. depot and shipped to Dundas, Ontario, where she will be buried in the family burying ground. Rev. Mr. Dingle accompanied the corpse on the sad and lonesome journey, followed by the heartiest sympathies of everyone.

ARMSTRONG—At Hamilton, Oct. 29th, Margaret, wife of Robert E. Armstrong, aged 52 years.

Mrs. Armstrong was born in Carlton, Ont., and was married to Robert E. Armstrong in 1875. She leaves 6 children, the youngest being 11 years of age. She and her husband came to the county in 1880 and after a short residence at Pembina they moved to Hamilton where they have since lived. Mrs. Armstrong and her husband have a large number of relatives residing in the county.

The funeral services were held at Hamilton on November 1st, Rev. Mr. Atwood of the Baptist church officiating. The church was filled to overflowing with sympathizing friends.

The deceased has been suffering with inflammatory rheumatism for several years and death was in some respects a welcome relief to her.

Wm. McKay, from Walsh Co., was sentenced by the last U. S. court to 30 days and \$100 fine for boot-legging without a U. S. license. Such prisoners have choice of jails in which to serve sentence and as this man had boarded with jailer Walters in 1899 for the same offence he showed his appreciation of Mr. W.'s hotel by requesting to be brought here and was therefore delivered here last Sunday by U. S. Marshal Walsh of Grand Forks.
