Heavy Horses for Spring Work.
On Saturday (tomorrow) I will have my stable full of heavy farm teams for spring work. They are a fine lot and must sell at once, costs too much for feed. So come quick and get an early choice as they will be sold cheap and won't last long at low prices.

Our Boys.

Admiral Dewey furnishes a good story for use in our Legions. It has gone the rounds of the newspapers, but is worth repeating. Tell the boys how absolutely spotless everything is kept on a man-of-war, and that one day the Admiral ordered the men to get from the hold of the ship, and put into position for use, the biggest rope and tackle on board. No one could imagine what it was for, but no one asks questions of a ship's commander, especially in the navy. When all was ready, the Admiral ordered the rope to be fastened to a tobacco quid that some careless chieftain had dropped upon the deck; the machinery started and the quid dropped overboard. We may be sure that no more tobacco quids were dropped on that ship. But ought a man-of-war to be kept any cleaner than a man's body?—Selected.

Remarkable Cure of Rheumatism

From the Vindicator, Rutherfordton N.C.
The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder from which he suffered excruciating pain for ten days, which was relieved with two applications of Pain Balm, rubbing the joints affected and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in the joints, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain.
